### WE TEACH INTERIOR DESIGN

We are designers, architects, artists, historians, scholars in the natural and social sciences, and computer specialists.

We take your career goals seriously.

We like what we do and are proud to share our professional knowledge.

We seek to identify the present and future needs of the design profession so that you will be a prepared professional.

We know the value of a good education based on firm technical and aesthetic foundations. We'll make sure you know "how" and understand "why."

We'll watch your skills develop as your portfolio grows. We'll welcome you, upon graduation, as our colleague in an exciting profession – interior design.

# PURSUING EXCELLENCE

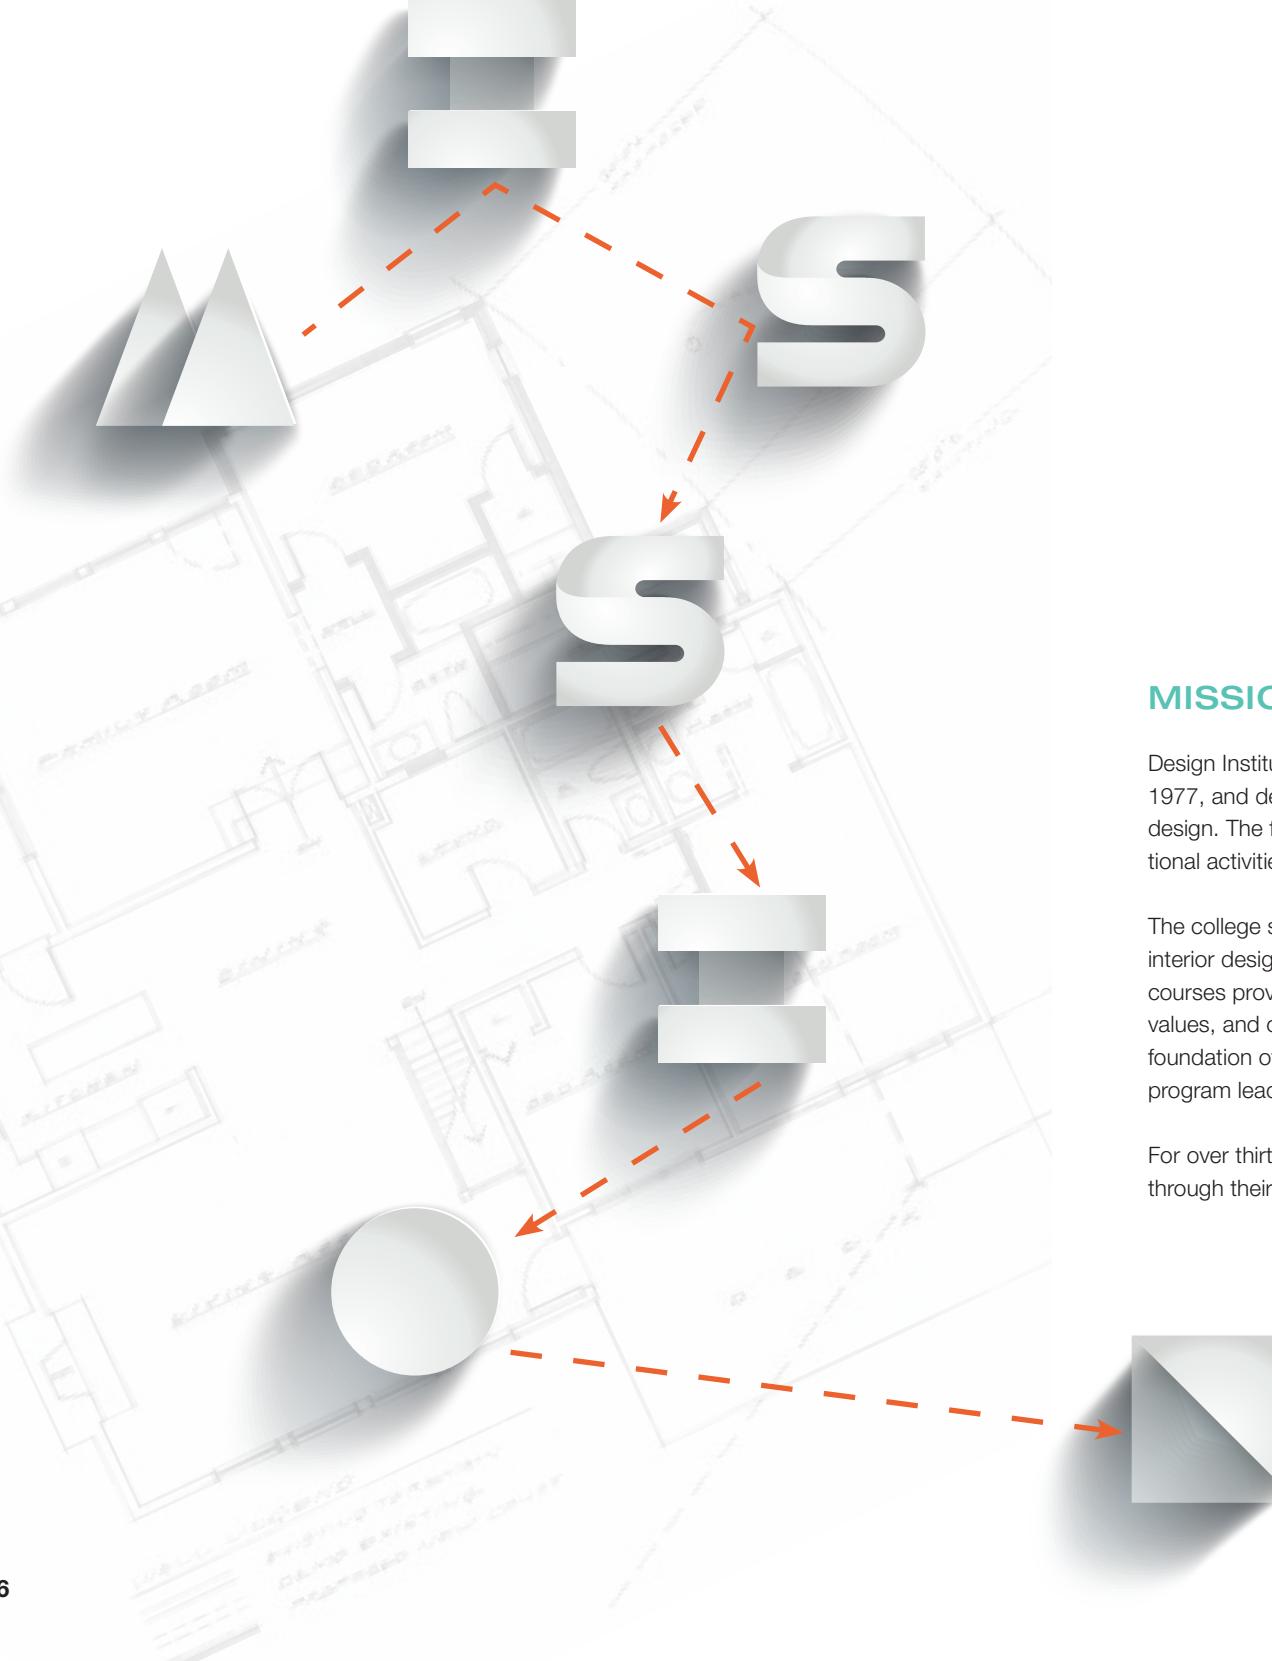

## MISSION STATEMENT

Design Institute of San Diego is a private independent college, founded in 1977, and devoted to a single purpose: professional education in interior design. The faculty, resources, administration, physical facilities, and educational activities of Design Institute are entirely committed to this purpose.

The college seeks to educate students who are prepared for professional interior design practice immediately following graduation. General education courses provide the student with a grounding in the liberal arts traditions, values, and critical thinking, and the interior design major offers a solid foundation of professional study for a career in interior design. The four-year program leads to the Bachelor of Fine Arts in Interior Design degree.

For over thirty years, Design Institute graduates have enriched the profession through their training and their creative talent.

# EXPLORE YOUR ENVIRONMENT

## THE COLLEGE

Design Institute of San Diego has been known since its founding in 1977 for the professional excellence of its program. Our students enter the college with a great dedication to a particular interest – interior design. As a specialized institution offering one program, Design Institute has always been able to focus all of its attention on the theory and practice of interior design by providing students with a structured sequential curriculum in a creative environment where personal attention enhances the educational life and development of each Design Institute student. What has endured over the years is a strong sense of connection between the college, the student, and the profession.

## LOCATION

The City of San Diego provides a wonderful “classroom without walls” for students of Design Institute.

San Diego is alive with visual interest, from its gracious old missions to the bold excitement of Horton Plaza and the Gaslamp Quarter. The natural beauty of Balboa Park, the houses designed by Irving Gill, Louis Kahn’s monumental Salk Institute, the Hotel del Coronado, and the vibrant colors of the buildings across the border in Mexico make San Diego an ideal city in which to live, learn, and work.

Often called “America’s Finest City,” San Diego has an extraordinary climate. If you enjoy swimming, running, boating, surfing, hiking, biking, ballooning, windsurfing, hang-gliding, horseback riding, or just sitting on a great beach, all of these activities are available throughout the year in one of the most beautiful settings anywhere.

## CAMPUS FACILITIES

Located near the Pacific beaches of La Jolla, the facilities are of high-tech contemporary design and include spacious classrooms, drafting studios, exhibition spaces, computer labs, a lighting lab, a sample room, a media center, student lounges, faculty lounges, administrative offices and free convenient parking.

The DISD Library has collections in art, architecture and design to support the Interior Design program, as well as materials on anthropology, history, literature, science, and other subjects to support the General Education courses and materials on teaching and learning to support the faculty. DISD Library holdings include approximately 5,000 books, 50 magazine and journal subscriptions, and 100 films. Current students and faculty also have access to online resources including tutorials, research guides and article databases. The Librarian and library staff members are available to help students and faculty find, evaluate and use information in academic and professional projects. Research assistance is available in person, over the phone, and by email. The DISD Library also houses the Kravet Resource Center, where students may browse current sample books for Kravet textiles and other materials, and order free memo samples of these materials.

Design Institute's campus is convenient to freeways and services. Affordable housing, restaurants, theaters, and shopping are within close proximity to the school.

All class sessions, with the exception of the externship hours, field trips, and community-based design projects, are held at the campus of Design Institute of San Diego located at 8555 Commerce Avenue, San Diego, CA 92121.

Equal access is provided for students who require accommodation.

## Housing

DISD does not offer on-campus housing. Students may arrange for their own living accommodations close to the school, or utilize personalized housing and roommate services provided as a courtesy to students. Additional information is available through the admissions office.

## Student Life

Southern California is a mecca for artists and designers who find the beauty of the Pacific ocean, the colors and textures of the desert, and the intense clarity of the California sun conducive to the creative life. Many come as students and find it hard to leave.

The student entering Design Institute may be a recent high school graduate, a transferring college student, or someone with previous postsecondary education or work experience interested in a new career. All are united by a common goal – to become professional interior designers. Because their desire is strong, they are prepared for the discipline required by a rigorous program and are motivated by the outstanding professionals who encourage them to succeed.

## Faculty

The faculty at Design Institute includes practicing interior designers, architects, artists, historians, environmental psychologists, lighting designers, engineers, general education specialists, computer technologists, and business consultants; all are working professionals in their fields who bring to the classroom practical instruction based on current professional knowledge.

# DESIGN EDUCATION STANDARDS

## ACCREDITATION/APPROVAL **CIDA Accreditation**

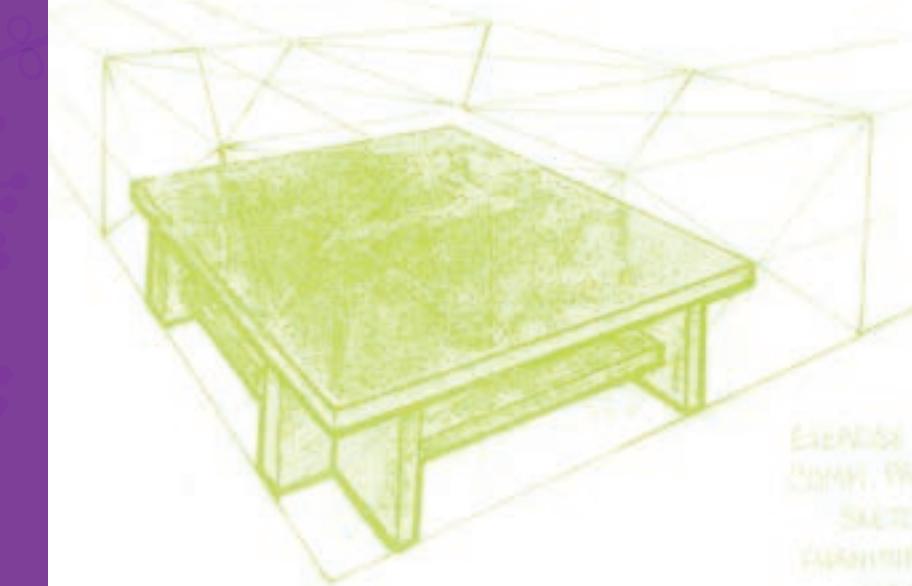

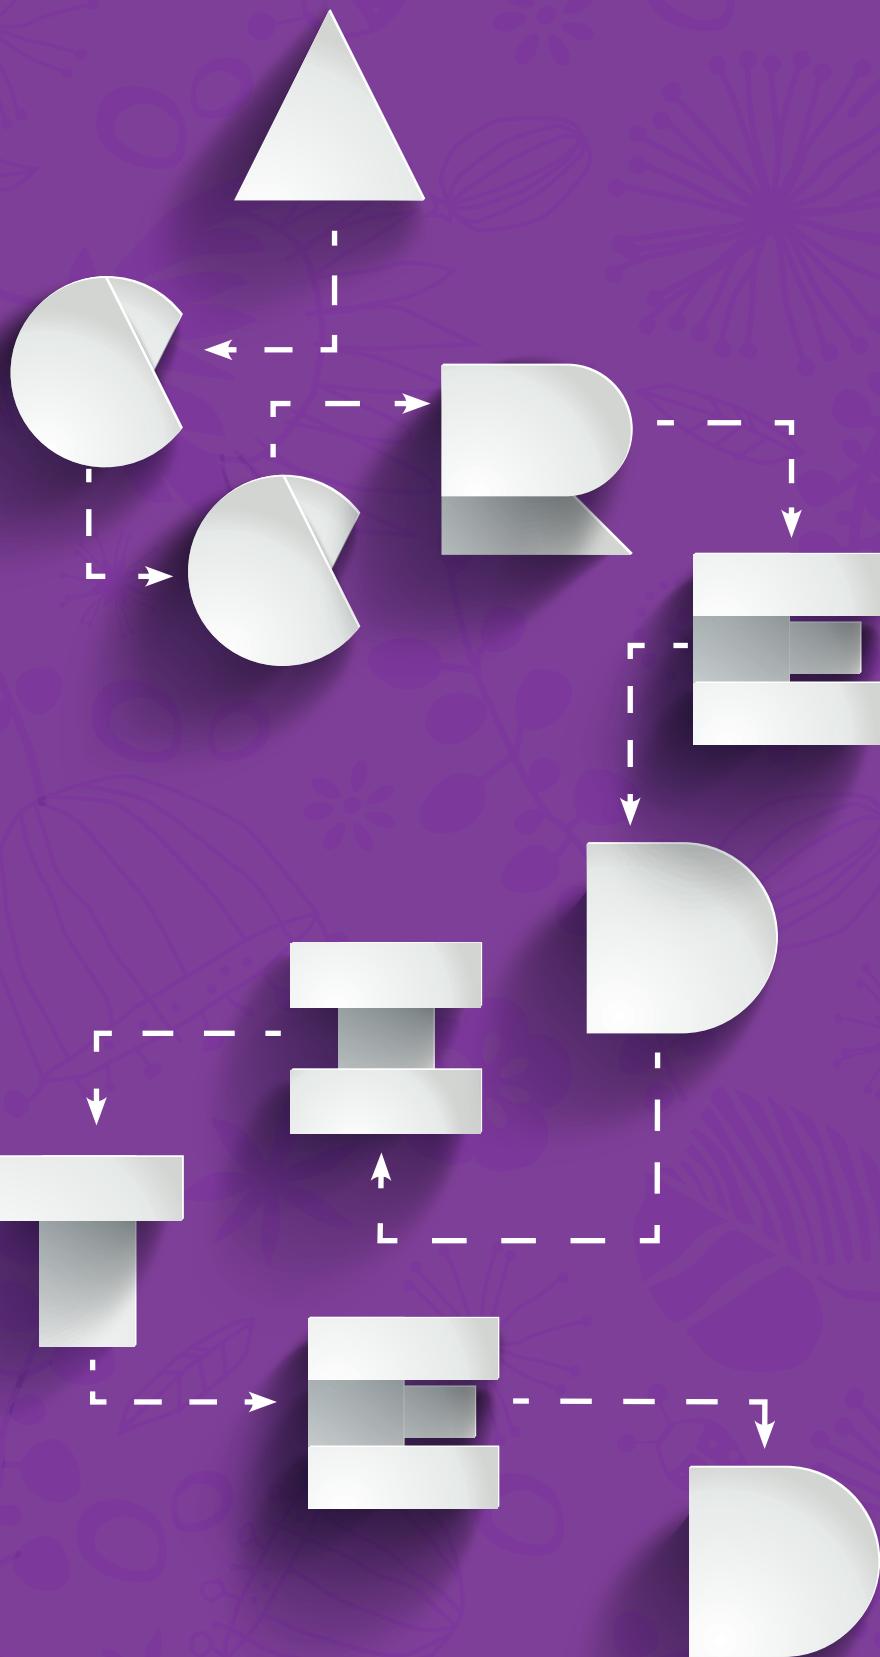

The Interior Design Program leading to a Bachelor of Fine Arts in Interior Design degree at Design Institute is a professional level program accredited by CIDA (Council for Interior Design Accreditation).

Established in 1970, the Council for Interior Design Accreditation (CIDA) has focused its efforts specifically on the educational requirements necessary to prepare individuals for the practice of interior design. Through the constant analysis of the needs of the interior design profession and with input from both practitioners and educators, the CIDA standards address the necessary skills and knowledge to practice as an interior designer.

CIDA sets standards for postsecondary interior design education, evaluates college and university interior design programs, and publishes a list of accredited programs that meet the standards. CIDA is recognized as a reliable authority on interior design education by the Council for Higher Education Accreditation (CHEA) and is a member of the Association of Specialized and Professional Accreditors (ASPA).

CIDA is recognized by the United States Department of Education as a national accrediting agency for postsecondary interior design programs.

CIDA's mission is to provide the foundation for excellence in the interior design profession by setting standards for education and accrediting academic programs that meet those standards. Accreditation is a voluntary process. Accreditation's primary purpose is to provide quality assurance for protection of the public.

### **Who is the public CIDA serves?**

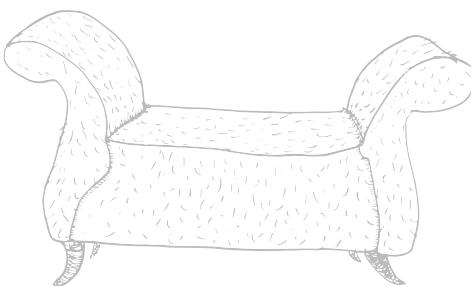

- CIDA serves students who are seeking or attending interior design programs by ensuring that baseline knowledge, skills, and educational credentials are acquired to ensure success in the profession.
- CIDA serves programs through maintaining up-to-date standards that reflect the requirements of employers and industry, thus providing a tool for continual development by which programs maintain currency with professional requirements.
- CIDA serves employers by ensuring that interior design education meets baseline requirements for preparation to practice.
- CIDA serves the profession by strengthening interior design education, the foundation upon which the profession is built.

### **ACICS Accreditation**

Design Institute of San Diego is accredited by the Accrediting Council for Independent Colleges and Schools to award the Bachelor of Fine Arts in Interior Design degree. The Accrediting Council for Independent Colleges and Schools is listed as a nationally recognized accrediting agency by the United States Department of Education and is recognized by the Council for Higher Education Accreditation.

#### **Accrediting Council for Independent Colleges and Schools**

Washington, DC 20002-4223  
Tel: (202) 336-6780  
[www.acics.org](http://www.acics.org)**

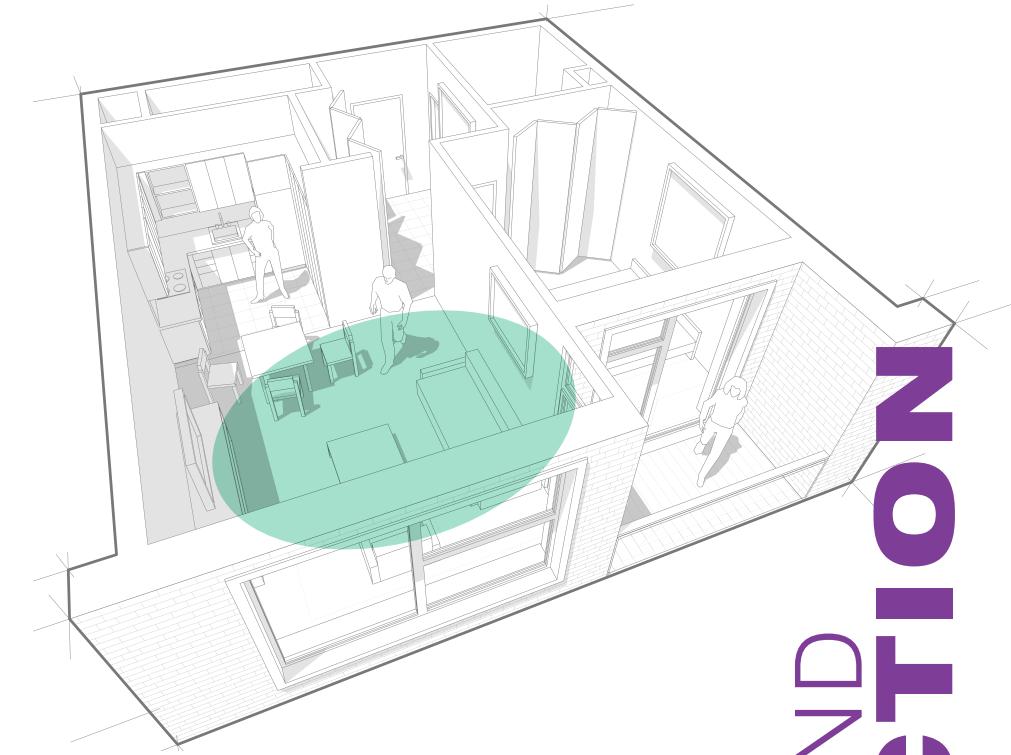

### **State of California Institutional Approval**

Design Institute of San Diego is a private institution and approval to operate in the State of California is based on provisions of the California Private Postsecondary Education Act (CPPEA) of 2009, which is effective January 1, 2010. Design Institute of San Diego is granted approval to operate as an accredited institution under the terms of California Education Code (CEC) section 94890 (a)(1) until December 31, 2021, per CEC section 94890(b).

As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement. Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, California, 95833, [www.bppe.ca.gov](http://www.bppe.ca.gov), toll free telephone number (888) 370-7589 or by FAX (916) 263-1897.

# FORM AND FUNCTION

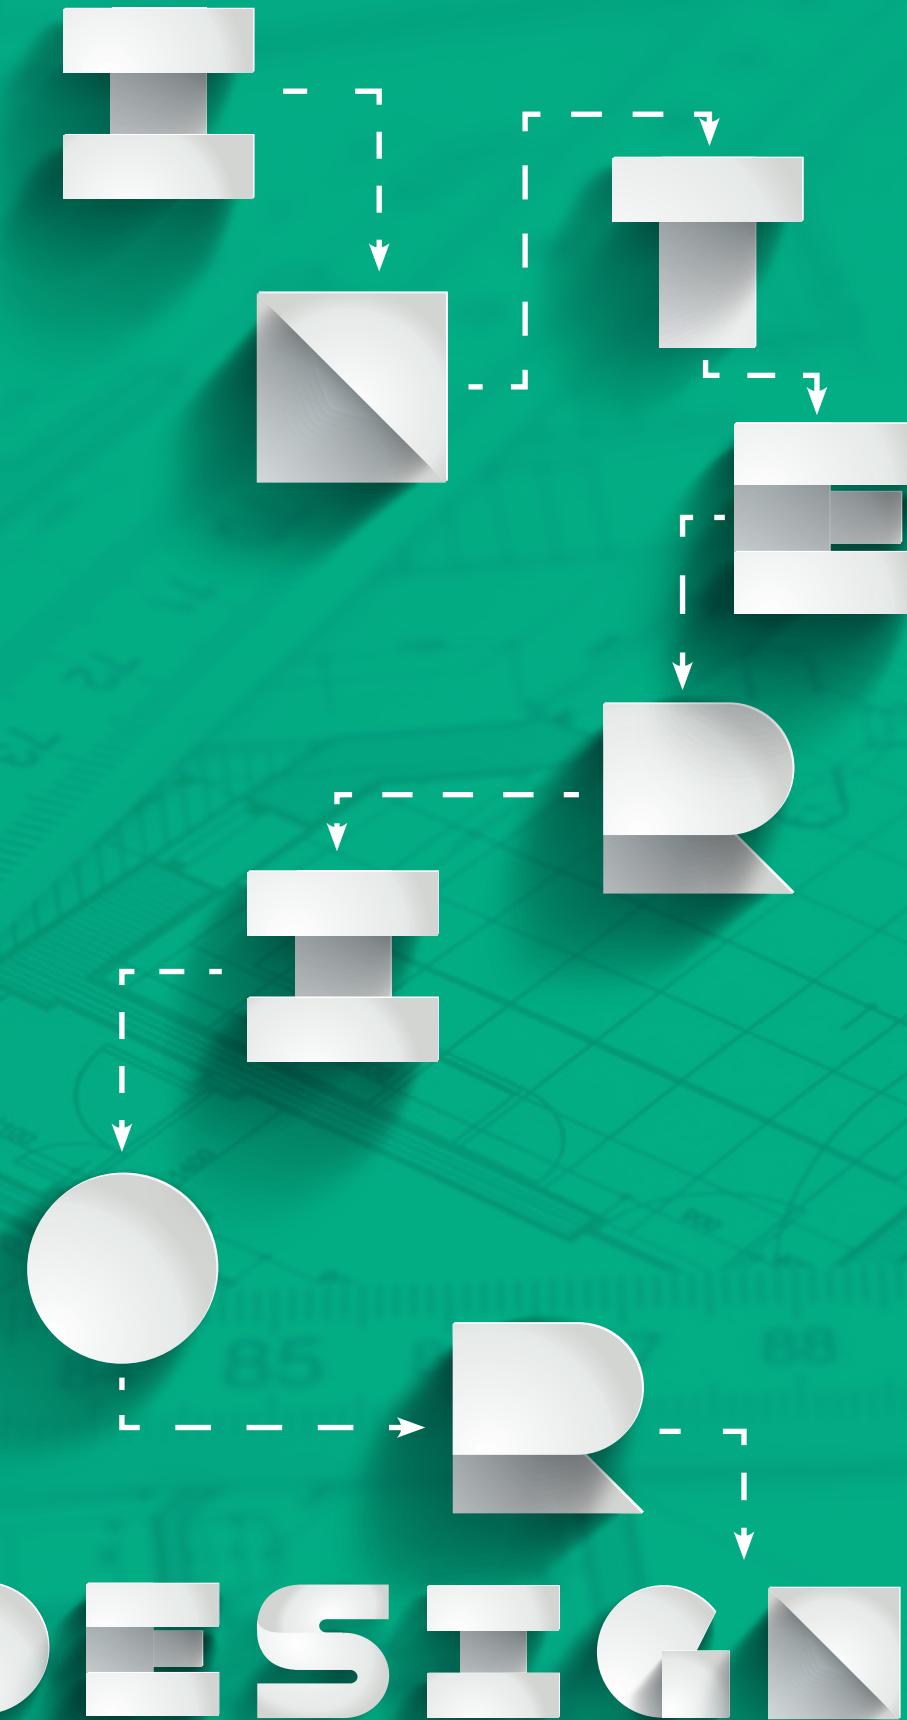

## Definition of Interior Design

The Board of Directors of the National Council for Interior Design Qualification (NCIDQ) approved this definition of interior design in 2004.

Interior design is a multi-faceted profession in which creative and technical solutions are applied within structure to achieve a built interior environment. These solutions are functional, enhance the quality of life and culture of the occupants, and are aesthetically attractive. Designs are created in response to and coordinated with the building shell, and acknowledge the physical location and social context of the project. Designs must adhere to code and regulatory requirements, and encourage the principles of environmental sustainability. The interior design process follows a systematic and coordinated methodology, including research, analysis and integration of knowledge into the creative process, whereby the needs and resources of the client are satisfied to produce an interior space that fulfills the project goals.

Interior design includes a scope of services performed by a professional design practitioner, qualified by means of education, experience, and examination, to protect and enhance the health, life safety and welfare of the public. These services may include any or all of the following tasks:

- Research and analysis of the client's goals and requirements; and development of documents, drawings and diagrams that outline those needs
- Formulation of preliminary space plans and two and three dimensional design concept studies and sketches that integrate the client's program needs and are based on knowledge of the principles of interior design and theories of human behavior
- Confirmation that preliminary space plans and design concepts are safe, functional, aesthetically appropriate, and meet all public health, life safety and welfare requirements, including code, accessibility, environmental, and sustainability guidelines
- Selection of colors, materials and finishes to appropriately convey the design concept, and to meet socio-psychological, functional, maintenance, life-cycle performance, environmental, and safety requirements
- Selection and specification of furniture, fixtures, equipment and millwork, including layout drawings and detailed product description; and provision of contract documentation to facilitate pricing, procurement and installation of furniture
- Provision of project management services, including preparation of project budgets and schedules
- Preparation of construction documents, consisting of plans, elevations, details and specifications, to illustrate non-structural and/or non-seismic partition layouts; power and communications locations; reflected ceiling plans and lighting designs; materials and finishes; and furniture layouts
- Preparation of construction documents to adhere to regional building and fire codes, municipal codes, and any other jurisdictional statutes, regulations and guidelines applicable to the interior space
- Coordination and collaboration with other allied design professionals who may be retained to provide consulting services, including but not limited to architects; structural, mechanical and electrical engineers, and various specialty consultants
- Confirmation that construction documents for non-structural and/or non-seismic construction are signed and sealed by the responsible interior designer, as applicable to jurisdictional requirements for filing with code enforcement officials
- Administration of contract documents, bids and negotiations as the client's agent
- Observation and reporting on the implementation of projects while in progress and upon completion, as a representative of and on behalf of the client; and conducting post-occupancy evaluation reports.

## Legislation, Licensing, and Certification

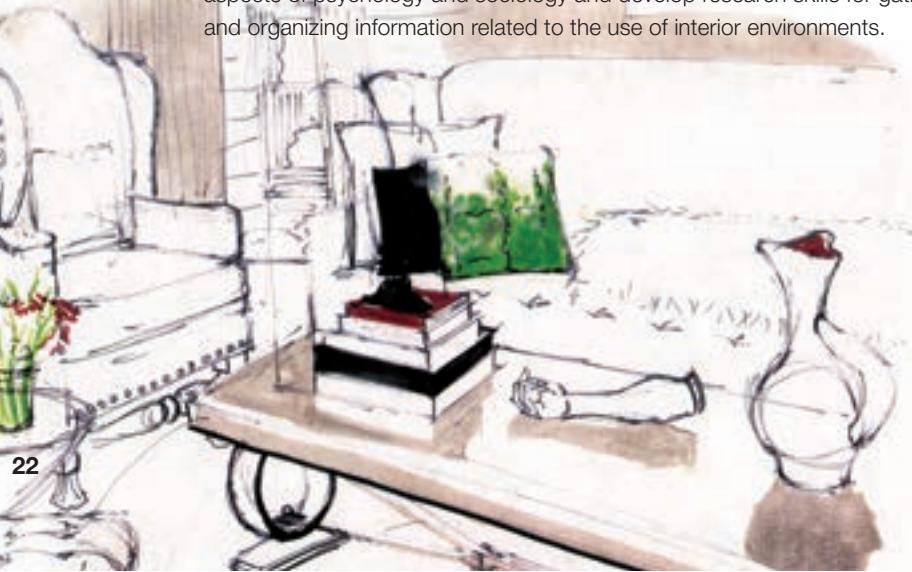

Current California law does not require an interior designer to be licensed, registered, or certified in order to practice interior design. The legislature has not passed a title act or practice act. Certification is not currently required for placement in the field.

There is a voluntary self-certification process for designers in California who have met the education, experience and examination requirements of the California Council for Interior Design Certification (CCIDC) which allows those who qualify to refer to themselves as Certified Interior Designers (CID). The CCIDC is a private non-profit organization authorized under the California Business and Professions Code Section 5800.

A graduate of Design Institute who wishes to seek voluntary CCIDC certification must meet an education, experience and exam requirement. The qualifications include graduation from a four or five year accredited interior design program, two years of diversified interior design experience, and evidence of passage of the required exams. CCIDC accepts evidence of passage of any of the following exams:

- 1) The National Council for Interior Design Qualification "NCIDQ" exam; or
- 2) The Council for Qualification of Residential Interior Designers "CQRID" exam; or
- 3) Both parts of the National Kitchen and Bath Association "NKBA" exam in addition to The California Codes and Regulations "CCRE" exam.

Design Institute of San Diego continues to support the efforts of the design profession to achieve interior design legislation in California by its commitment to conform to the highest standards of interior design education as determined by the Council for Interior Design Accreditation (CIDA). CIDA accreditation provides assurance that national standards for interior design education have been applied and met and that graduates have been academically prepared to seek employment in interior design.

### Interior Design Education

The challenge of interior design education is to address the artistic, intellectual, technical and practical considerations necessary to provide students with a stable base upon which to begin to practice interior design. If this foundation incorporates awareness of the total context out of which design emerges and of which it is a part, the student will be prepared to continue to develop as an artist and practitioner in the years to come.

The foundation of undergraduate study in interior design is similar to that of other disciplines in the visual arts. The curriculum includes the study of the principles and elements of two-dimensional and three-dimensional design, drawing, and color. As the student becomes more able to understand abstract design principles, design concepts are introduced, enabling the student to begin to apply abstract principles to concrete problems.

The creative aspects of interior design are part of an ongoing dialogue with culture. Students gain insight into the historical development of interior design, furniture, decorative objects, and the interior architectural features of the built environment. Together with the history of art and architecture, these formal investigations into the past inform the design of today, which then comments on our own time.

The social, political, and behavioral sciences have a profound influence on design. The individual needs, values, behavior patterns, perceptions and responses of people are considered the basis on which to create environments for living and working. Students of design should be familiar with many aspects of psychology and sociology and develop research skills for gathering and organizing information related to the use of interior environments.

The design process requires more than aesthetic and social decisions. Specialized knowledge of structural principles, details and drawing, programming, building codes, energy conservation, sustainability, ecology, safety regulations, universal access, lighting technology, and new methods of construction are all part of the working vocabulary of today's interior designer.

Business is one of the determining factors in the success of interior designers. Business practices such as proposals and contracts, bidding procedures, budgets, construction schedules, specifications, project administration, and professional ethics are studied within the curriculum.

The curriculum at Design Institute is organized to introduce these concepts in logical sequence, continually layering and overlapping basic design principles and concepts, as their levels of complexity increase, building in the student the ability to comprehend new information by relating it to an existing framework that is already understood.

Interior design is a field of change. New trends and technologies, new theories and ways of practice are an essential part of the designer's life. The designer whose education has provided a firm ground will be able to evaluate the relative importance of new trends and technologies and their validity to the practice of interior design.

College is just the beginning. The education of an interior designer is a life-long process. Professional maturation will come through continued artistic, intellectual and technical development. What a good education provides is the map and the guidebook: figuring out where you want to go, all the ways of getting there, and what to do when you arrive. If the purpose and value of your education have been truly absorbed, you will know that you can make a difference in peoples' lives.

### Sustainability and Green Design

Meaningful interior design practice requires adherence to the belief that all interior design professionals have a social and moral responsibility to the health, safety and welfare of their clients. This vital concern—now of utmost immediacy—must logically extend to future generations and, as such, must provide on-going acknowledgement and support for perhaps the most consistent, supportive and venerable of long term “clients”: the planet earth.

In light of soaring energy costs, heightened global warming and substantial increases in natural disasters, Design Institute recognizes that it is imperative to educate critical thinkers; creative-minded designers who acknowledge that sustainability is not simply how to use and specify "green" materials and processes, but rather design professionals who understand that sustainability is a holistic endeavor reflexively interrelating the professional, social, regulatory, aesthetic and economic issues that impact people and their environments.

### **Student Organizations**

The American Society of Interior Designers (ASID) and the International Interior Design Association (IIDA) sponsor student activities at Design Institute of San Diego. Student contact with professional interior designers provides insight into and understanding of professional standards and practices, and serves as important reinforcement of classroom learning. Students are highly encouraged to attend ASID and IIDA student and professional chapter meetings and presentations. Notices of these events are posted on campus and are also shared through social media.

#### **ASID Student Chapter**

ASID is a community of people committed to the profession of interior design. It's also the oldest and largest organization representing the interests of professional interior designers. There are over 300 ASID student chapters across the country that form the largest network of interior design students worldwide. ASID student membership is the best way to meet the professionals, connect with peers through Career Day, compete in interior design award programs sponsored by ASID, stay informed on current issues, and make the transition to Allied Membership in ASID after graduation.

#### **IIDA Student Members**

IIDA advances the profession of interior design through the progressive cultivation of innovative leadership and by constantly advocating for exceptional design. The Association provides a forum to demonstrate design professionals' impact on the health, safety, well-being and virtual soul of the public, balancing passion for good design and strategy for best business practices. IIDA stands at the intersection of passion and strategy where designers create extraordinary interiors and experiences.

IIDA Campus Centers provide an environment for the development and exchange of knowledge among students, educators, administrators and design professionals. Student membership in IIDA affords the opportunity to work closely with the local IIDA Chapter. DISD IIDA student members are guided by a faculty mentor and participate in IIDA events that include NeoCon Student Programs, Student Mentoring Week, design competitions, and various programs throughout the year.

#### **Career Planning**

Many prospective students are unaware of the wide range of career options offered within the field. The following is a partial listing of opportunities available to someone trained by education in interior design. Career advisement is available to all students by appointment throughout the school year.

#### **Residential Interior Designer**

Designs and executes plans for the development of residential interiors

#### **Non-Residential Interior Designer**

Plans and supervises the designs of public building spaces, including offices, banks, restaurants, hospitals, hotels, and museums

#### **In-House Designer**

Works to coordinate interiors for hotel chains, banks, governmental agencies, and companies with several locations

#### **Manufacturer's Representative**

Works with multi-product lines whose use requires specialized design skills, such as office systems furniture

#### **CAD Specialist**

Provides detailed working drawings for architects, interior designers, and builders

#### **Consultant/Specialist**

Advises clients in one area of interior design such as color, kitchen design, remodeling or restoration

#### **Product Designer**

Creates original designs for interior furnishings including furniture, case goods, and textiles

#### **Lighting Designer**

Develops design solutions that require technical knowledge, familiarity with building codes, and the aesthetic use of lighting in design

#### **Showroom Sales**

Works in showrooms with designers and their clients

#### **Facility Planner**

Understands the complex pre-design issues associated with building use and focuses on the design, planning and management of facilities for corporations, public agencies and other large complex organizations

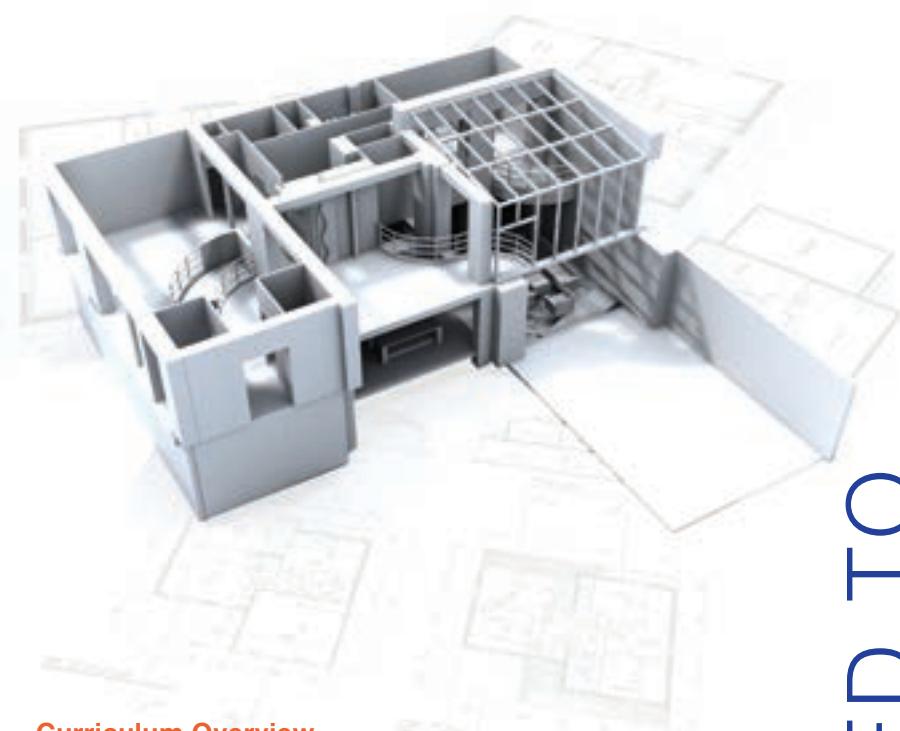

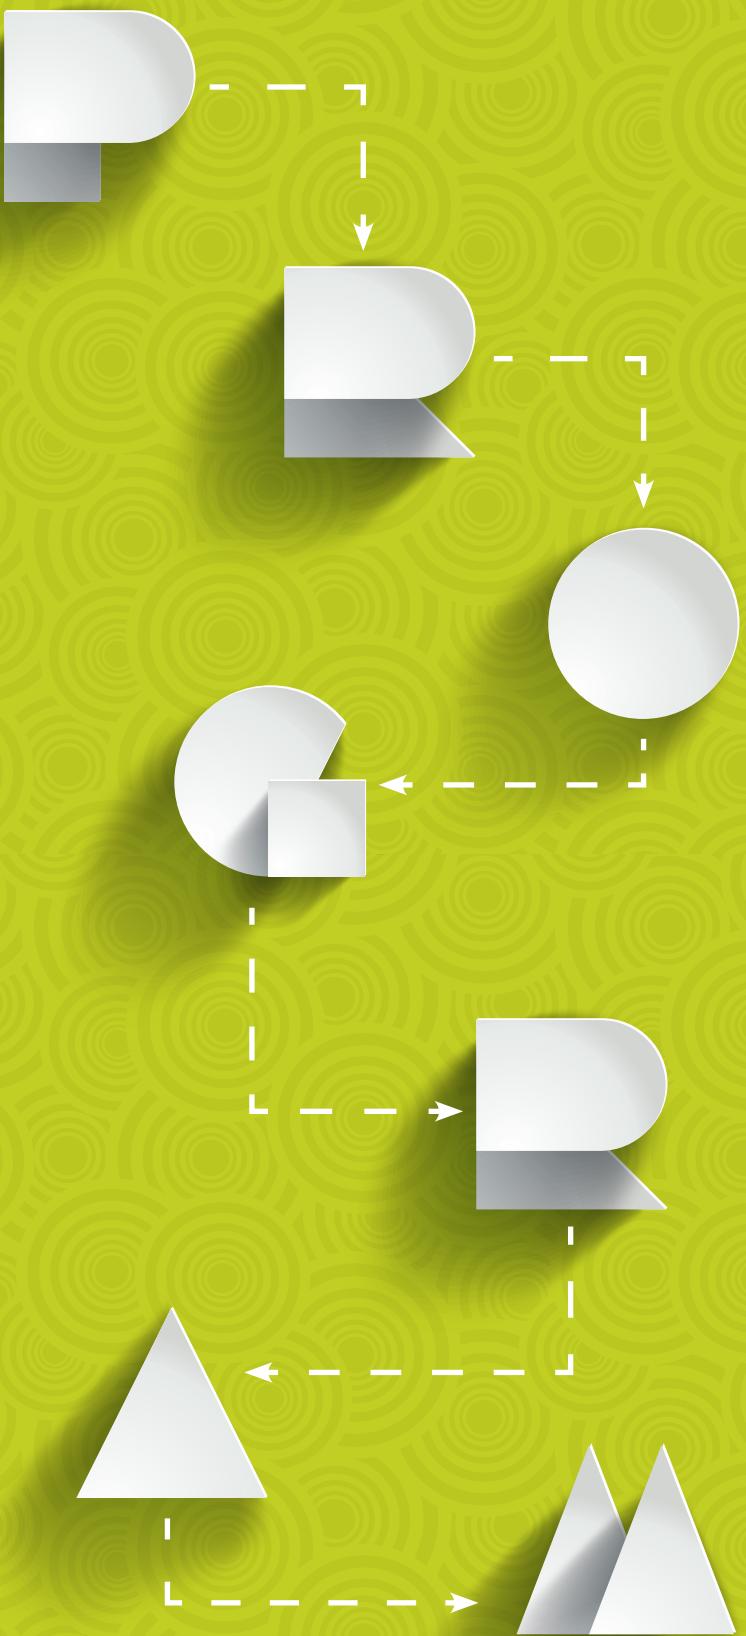

#### **Externship**

Students in their third year, second semester, do an externship with a local design firm, which allows a natural transition into the professional world of interior design. By working part time as interns, students are better able to evaluate their design and business skills, prepare a portfolio, and meet the challenge of finding employment.

#### **Graduate Placement Assistance**

Our students have become familiar with career possibilities long before they graduate. Their instructors have been working professionals. Field trips and guest lecturers have taken them into the marketplace. They are introduced to the client relations experiences through real-word learning experiences outside classroom walls. The ASID Student Chapter and IIDA Student Membership have introduced them to their future colleagues, and an externship has given them valuable job experience. All have served to make the transition from school to work as natural as possible.

Design Institute's full-time Career Development and Externship Advisor provides personal assistance to students and graduates in planning careers and finding professional positions in interior design. While we do not guarantee employment, a sincere effort will be made to assist the graduate in locating employment.

### Curriculum Overview

The curriculum offered at Design Institute of San Diego is a professional program accredited by the Council for Interior Design Accreditation (CIDA). Organized sequentially to allow students to build upon skills and knowledge acquired in previous classes, the curriculum addresses the development of creative, analytical, technical and communication skills appropriate to contemporary interior design practice.

Beginning with an introduction to the fundamentals of art and design history, design elements and color theory, drawing and rendering, codes and building systems, students move forward each semester to increasingly more complex learning experiences that require that they build competency in the areas of creative expression, technology, research and analysis in order to appropriately identify and solve problems related to the rich contextual relationship that exists between people, the natural environment, and designed space.

As they move toward the completion of the program, students will be introduced to coursework in lighting design, business practices, materials and their applications, social, global and environmental responsibilities and advanced experiences in critical thinking and effective visual communication. Additional upper division coursework prepares students to not only effectively analyze human behavior to meet the functional, aesthetic, social, and psychological needs of clients, but also prepares them to make a confident transition into professional practice.

DESIGNED TO  
INSPIRE

## **Day Students**

Classes are normally scheduled Monday through Friday between 8:00 a.m. and 5:00 p.m. Evening course options are occasionally offered. Full-time day students taking 15-18 credit units per semester attend classes three to five days per week and may complete the 132 credit-unit program in four years (8 semesters). Please refer to the current semester schedule for course offerings which is available before registration each semester.

## **Evening Students**

A full evening program is available to students who cannot attend classes during the day. Course of study and faculty are essentially the same as that offered during the day. Evening classes are scheduled between 6:00 p.m. and 10:00 p.m., Monday through Thursday. The evening curriculum is divided into three semesters per year: Fall, Spring and Summer. Each semester is fifteen weeks. Students are accepted into the evening program three times per year: Fall, Spring and Summer.

Students will attend class year round, 2 or 3 nights per week, taking 6-9 credit units, as offered, per semester. According to this schedule, it will take a student who takes the full schedule offered in the evening program approximately five years (15 semesters) to complete the 132 credit-unit interior design curriculum.

## **Fast Track**

A limited number of students are accepted into the Fast Track Program each semester. Admission is selective and will be based on many factors, including but not limited to: the number of transfer classes the student has, GPA, and strength of academic record. Fast Track is designed primarily for transfer students who want to attend classes year round in order to graduate sooner.

Students attend class full-time (Fall, Spring and Summer) with a mixture of day and evening classes. Day classes are normally scheduled Monday through Friday between 8:00 a.m. and 5:00 p.m. Evening classes are normally scheduled Monday through Thursday between 6:00 p.m. and 10:00 p.m. A student successfully completing the full program offered (15-18 units per semester, for 8 consecutive semesters) may complete the program in two and one half to three years.

## **Length of Program**

The Interior Design Program leading to the Bachelor of Fine Arts in Interior Design degree is a four-year, 132 semester-credit-unit curriculum, providing students with the skills and knowledge necessary to enter the interior design profession.

The program consists of 96 units in the interior design major and 36 units in general education.

The Interior Design Program may be completed in four years by a day student attending full time and successfully completing 15-18 units per semester for eight semesters, Fall and Spring.

A student attending in the evening and successfully completing the full program offered each semester, 6-9 units per semester for 15 semesters, may complete the program in five years. Evening students attend class three semesters per year, Fall, Spring and Summer.

The Fast Track option is designed primarily for transfer students who want to attend classes full-time year round in order to graduate sooner. The Fast Track program may be completed in two and one half to three years if a student successfully completes the full program offered: 15-18 units per semester for 8 consecutive semesters, Fall, Spring and Summer.

## **Interior Design Program Goals and Objectives**

- To provide students with an undergraduate professional course of study that strives to meet the highest academic standards for interior design education
- To promote intellectual inquiry, creative expression and original work through a structured curriculum that balances theory and practice, experimentation and planning, creativity and logic, and art and technology framed within a series of related investigations into language communications, critical thinking, the humanities, natural and social sciences, global awareness, and design history
- To encourage the development of visual fluency as well as the acquisition of essential knowledge and skills in the elements and principles of design, drawing and color, Computer Aided Design (CAD), interior space planning, sustainability, materials and finishes, lighting, structures, surfaces and codes specific to both residential and non-residential situations
- To offer students a creative arena in which to develop essential research and critical thinking skills and the ability to ask appropriate questions, to communicate concepts and listen empathetically to differing points of view before, during, and after a design solution is conceived
- To define and encourage the dialogue and relationship between interior design and architecture by providing studies in architectural history, universal and barrier free accessibility, spatial patterning and organization, and environmental sensitivity as well as the essential need to restore and maintain the natural connection between people and architecture, interiors, and the environment
- To introduce students to interior design business practices, market resources, and project management techniques used in the interior design profession as well as to the social, environmental and ethical responsibilities that interior designers hold as they develop solutions with clients; rather than simply for clients
- To increase awareness of pressing social, economic, and environmental concerns through research and application of sustainable building materials and finishes for design
- To provide students with a range of opportunities to associate with and prepare for professional accomplishment in the field of interior design through a varied range of activities including portfolio development, student competitions, comprehensive externship experience, and placement services as well as opportunity to interact with professional designers in juried projects and events, guest lectures, and professional associations at the local, national and international level
- To encourage students to consider design in the widest possible context as well as to foster a realistic understanding of their responsibility, role and potential, as professional interior designers, in making thoughtful contributions to improve their community, the nation and, finally, the current and future condition of the world

## DESIGN INSTITUTE OF SAN DIEGO INTERIOR DESIGN CURRICULUM

### FIRST YEAR

<b>SEMESTER: ONE</b>	<b>Units</b>	<b>SEMESTER: TWO</b>	<b>Units</b>
ID 101 Introduction to Interior Design	3	ID 130 Architectural Drafting I	3
ID 103 Design Elements	3	ID 112 Textiles	3
ID 105 History of Interiors	3	D 115 Quick Sketching	3
ID 110 Drawing & Composition	3	ID 114 Color Theory & Application	3
GE 180 English Composition	3	GE 170 Oral Communication	3
<b>TOTAL UNITS</b>	<b>15</b>	<b>TOTAL UNITS</b>	<b>15</b>

### SECOND YEAR

<b>SEMESTER: ONE</b>	<b>Units</b>	<b>SEMESTER: TWO</b>	<b>Units</b>
ID 150 Interior Design I	3	ID 251 Interior Design II	3
ID 230 Architectural Drafting II	3	ID 217 Building Codes & Standards	3

ID 258	ID 251, ID 217	ID 390	ID 356, ID 300***
ID 260	ID 112, ID 150, ID 230	ID 395	ID 266, ID 380

\* or concurrent

\*\* computer competency - all students are required to demonstrate basic computer competency prior to registration for CAD I

\*\*\* must be concurrent

**Note:** Students who have completed GE requirements may take additional Interior Design Electives (IE)

### Course Numbering System:

100 - 251, (+256), lower division undergraduate credit  
252 - 395, upper division undergraduate credit

## Course Categories

COURSE CATEGORIES	CREDIT UNITS
Interior Design Major (ID)	93
Interior Design Elective (IE)	3
General Education (GE)	21
General Education Electives (GE)*	15
<b>Total minimum credit units</b>	<b>132</b>

required for the BFA degree

### Interior Design Electives (IE)

Students are required to select at least one interior design elective course as a required component to the interior design major. Additional electives may be taken for credit and will add units to the minimum credit units required for the degree (132 credits). Additional electives do not substitute for required interior design courses in the major.

### General Education Electives (GE)\*

\*Students who have not completed GE requirements must choose Electives from the General Education Electives list.

## General Education

General Education courses provide students with fundamental concepts which contribute to the life of an educated person and will be useful in all fields of endeavor. Design Institute believes that a strong and diverse general education component increases the student's ability to think critically and communicate effectively.

The following General Education courses are taught at Design Institute of San Diego. Other courses in General Education may transfer during the admission process. See the Director of Academic Services for a list of acceptable General Education courses. General Education requirements are distributed among the following categories:

### Area A (3 courses, 9 units)

#### English Communication and Critical Thinking

GE 170, GE 180, GE 241

Area A1	Oral Communication	GE 170	Oral Communication
Area A2	Written Communication	GE 180	English Composition
Area A3	Critical Thinking	GE 241	Critical Thinking

### Area B (2 courses, 6 units)

#### Physical Universe and Its Life Forms

GE 330, plus one Physical Science elective

Area B1 Physical Science

Area B2 Life Science

GE 330 Environmental Studies

### Area C (4 courses, 12 units)

#### Arts, Literature, and Philosophy

Area C1 Arts

Area C1 or C2 Arts or Humanities

Area C2 Humanities

GE Philosophy

GE Literature

### Area D (3 courses, 9 units)

#### Social, Political and Economic Institutions and Behavior; Historical Background

GE 310, plus two electives (courses must be from at least two areas)

Area D1 Anthropology & Archeology GE 310 Cultural Anthropology

Area D2 Economics

Area D3 Ethnic Studies

Area D4 Gender Studies

Area D5 Geography

Area D6 History

Area D7 Social or Behavioral Science

Area D8 Political Science

Area D9 Psychology

Area D10 Sociology and Criminology

### GE Electives (4 courses, 12 units)

Courses may be chosen from Areas B-D, as above.

Please refer to the current semester schedule for GE Electives offered each semester.

Courses listed as Interior Design Major (ID), or General Education (GE), which appear on the curriculum chart are taught every semester. Courses listed General Education Electives or Interior Design Electives are taught as listed on the current semester schedule provided before registration each semester.

### General Education Electives List (GE)

Course offerings are chosen each semester from the following list. Please consult Course Descriptions and the current semester schedule.

Area B	Prerequisites
GE 306	Physical Geography (B1)

Area C		
GE 250	Philosophy and Values (C2)	GE 241
GE 268	History of Modern Art (C1)	None
GE 280	American Literature (C2)	GE 180
GE 320	World Literature (C2)	GE 180
GE 331	Mythology (C2)	GE 180
GE 373	World Civilizations to 1500 C.E. (C2)	None

Area D		
GE 248	American History: 1865 to the Present (D6)	None
GE 370	World Politics (D8)	GE 241
GE 373	World Civilizations to 1500 C.E. (D6)	None
GE 375	Developmental Psychology (D9)	None

\*GE 373 World Civilizations to 1500 C.E. can satisfy either a C2 or a D6; however it can only be taken to satisfy one of the areas and not both.

### Interior Design Electives List (IE)

Students are required to select at least one interior design elective course as a required component of the interior design major. Additional electives may be taken for credit and will add units to the minimum credit units required for the degree. Additional electives do not substitute for required interior design courses in the major. Please consult Course Descriptions and the current semester schedule.

Courses	Prerequisites
IE 140	The Creative Process
IE 265	Kitchen and Bath Design
IE 318	Furniture Design
IE 392	Building Information Modeling (BIM)

### Academic Level

#### Credit Units Completed

0-30	Freshman
31-63	Sophomore
64-99	Junior
100-132	Senior

### Bachelor of Fine Arts Degree

The Bachelor of Fine Arts in Interior Design degree is awarded to students who successfully complete the Interior Design Program (132 credit units) with a minimum grade-point average of 2.0. In order to graduate the student must complete the degree requirements within the maximum completion time frame outlined under Satisfactory Progress in this . The student must also file a formal Application to Graduate, complete an Exit Interview, and meet all financial obligations to the school.

Degrees are conferred three times a year (January, June, and September) upon recommendation of the Program Director and Faculty to all students who have met the graduation requirements.

### Academic Credit and Contact Hours

#### SEMESTER CREDIT UNITS

Design Institute offers three types of courses: Lecture, Lecture/Studio Combination, and Externship. Each semester credit unit equals, at a minimum, 15 classroom hours of lecture, 30 hours of studio, 60 hours of externship or a combination of the above.

## **CONTACT HOURS**

A contact hour is defined as a minimal instructional time of 50 minutes of directed instruction and appropriate breaks. All Design Institute courses are 3 credit hours. The time spent in the classroom depends on allocation of credit as lecture or lecture/studio. Consult the course description for allocation of credit. The credit unit/clock hour ratios for these courses are as follows:

### **LECTURE**

1 unit of lecture credit = 1 hour of classroom lecture + 2 hours of outside preparation (reading, research, homework) per week x 15 weeks =  
45 clock hours

*Example:* Three unit lecture courses require 3 hours in class and 6 additional hours of homework each week = 9 hours

### **LECTURE/STUDIO COMBINATION**

1 unit of lecture credit = 1 hour of classroom lecture, recitation or critique  
+ 2 hours of outside preparation (reading, research, homework)  
per week x 15 weeks = 45 clock hours

1 unit of studio credit = 2 hours of supervised classroom studio + 1 hour of outside preparation (completion of studio assignments) per week x 15 weeks = 45 clock hours

*Example:* Three unit lecture/studio courses (2 units lecture, 1 unit studio) require 4 hours in class and 5 additional hours of homework each week = 9 hours

### **Externship**

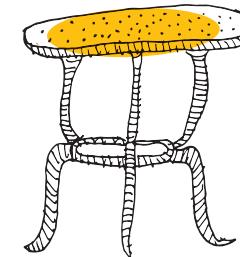

1 unit of externship credit = 4 hours of work in the field  
per week x 15 weeks = 60 clock hours

*Example:* Three unit Externship Course requires 12 hours Externship in the field each week, no homework

## COURSE DESCRIPTIONS

### Interior Design Major (ID)

#### FIRST YEAR

##### ID 101 Introduction to Interior Design

3 units Lecture / Studio

This course is an introduction to the profession of interior design. Students will be introduced to the design process, basic design vocabulary and various presentation skills and techniques. Professional practices and responsibilities, trade resources, and the value of design organizations will be discussed. Through a series of projects and activities and an exploration of the work of notable interior designers and architects, students will begin to identify the various aspects of interior design to which they personally respond.

*Prerequisites: none*

##### ID 103 Design Elements

3 units Lecture / Studio

This course introduces students to the basic principles and elements used in two- and three-dimensional design solutions. Coursework will offer students the opportunity to develop an aesthetic vocabulary, to build abstract problem solving skills and to expand their ability to evaluate the design process independently and critically. Emphasis will be on the use of line, shape, pattern, rhythm, and the ordering principles used for organizing and defining the relationship of space and form.

*Prerequisites: none*

##### ID 105 History of Interiors

3 units Lecture

This course is a survey of interior design, decoration, and furnishings throughout history. Emphasis is given to the historical and cultural influences that have affected the design of the interior environment from antiquity through the nineteenth century.

*Prerequisites: none*

##### ID 110 Drawing and Composition

3 units Lecture / Studio

This course introduces students to various methods, techniques, and media related to drawing and composition. Students will draw both figuratively and abstractly and will explore drawing as both a tool to communicate visual information and as a means of self-expression. Course content provides the opportunity for the development of aesthetic and analytical skills, and a design vocabulary that allows for critical evaluation and discussion.

*Prerequisites: none*

##### ID 130 Architectural Drafting I

3 units Lecture / Studio

This course introduces the tools, techniques, and skills necessary for architectural drafting. Emphasis is on lettering, line weight, dimensioning systems, graphic standards and the methods used to produce accurate drawings of a building and its site.

*Prerequisites: none*

##### ID 112 Textiles

3 units Lecture / Studio

This course introduces students to the technical and aesthetic aspects of textiles and their use in interior design. Emphasis is placed on product knowledge, specifications, technology, safety, testing, and terminology. New textiles and fibers and their application and performance will be studied.

*Prerequisites: none*

##### ID 115 Quick Sketching

3 units Lecture / Studio

The student will learn skills for developing and communicating ideas and concepts involving objects and interiors through quick freehand sketches in various media. Rapid visualization and perspective drawing techniques will be introduced and investigated in timed drawing exercises and sketchbook studies. The development of a personal style is encouraged.

*Prerequisites: ID 110*

##### ID 114 Color Theory and Application

3 units Lecture / Studio

This course introduces students to the aesthetic, historical, perceptual, scientific, and psychological aspects of color and light and the implication of color principles and theories to interior design. Students will explore color through experimentation, observation, and evaluation. Contemporary design projects will be analyzed for their use of color theory.

*Prerequisites: none*

#### SECOND YEAR

##### ID 150 Interior Design I

3 units Lecture / Studio

This is the first studio in a sequential series of design courses in which students apply their skills, knowledge, and understanding of the design process to small-scale residential and commercial projects. Emphasis is placed on the interrelationship of design elements and principles, spatial organization and sequencing, human anthropometrics and conceptual problem solving in three-dimensional space.

*Prerequisites: ID 101, ID 130*

**ID 230 Architectural Drafting II****3 units Lecture / Studio**

This course is a continuation of Architectural Drafting I. Students will prepare working drawings consisting of floor plans, sections, elevations, details and schedules using graphic standards appropriate to the industry.

*Prerequisites: ID 130*

**ID 216 Human Factors****3 units Lecture**

This course will address the complex relationships between people and the spaces they inhabit. Universal design solutions along with issues concerning privacy, crowding, territoriality, and noise will be examined as students study how people are perceived and use space at home and in public spaces.

*Prerequisites: ID 101*

**ID 221 Perspective/Rendering****3 units Lecture / Studio**

This course is designed to teach students to generate perspective drawings by mechanical construction. Color rendering techniques will be introduced as students continue to build on skills acquired in Drawing, Quick Sketch and Drafting II. Various media will be demonstrated and applied to perspective drawings and floor plans.

*Prerequisites: ID 130, ID 115*

**ID 251 Interior Design II****3 units Lecture / Studio**

This is the second studio in a sequential series of design courses. Students will be introduced to programming, specifications, code requirements, and the use of systems furniture as they relate to planning small commercial facilities. Emphasis is on the design process using space planning concepts and methods, problem solving, and application of design theory specific to commercial office environments. Students are introduced to evidence-based design theory.

*Prerequisites: ID 150, ID 230, ID 221 or concurrent, ID 217 or concurrent*

**ID 217 Building Codes and Standards****3 units Lecture**

This course examines current building code requirements, life safety and environmental issues, occupancies and building classifications, exiting, universal and barrier-free standards and requirements in both residential and non-residential structures. Students study code-mandated materials and methods of construction, sustainability guidelines, project liabilities and state regulations.

*Prerequisites: ID 150*

**ID 256 Computer Aided Design I****3 units Lecture / Studio**

This course is an introduction to computer-aided drafting using AutoCAD. Students will be taught to use CAD software effectively to create computer-generated floor plans, elevations and details that meet current industry standards.

*Prerequisites: computer competency, ID 230, ID 251 or concurrent*

**ID 260 Materials and Applications****3 units Lecture / Studio**

In this course students will examine non-textile based materials, available resources, and methods of production, construction and installation. Through a study of current product applications, they will learn how to select, specify and apply appropriate materials and finishes on the basis of aesthetics, material cost, environmental impact and performance.

*Prerequisites: ID 112, ID 150, ID 230*

**ID 243 Ideas in Art and Architecture****3 units Lecture**

This course is a survey of art and architecture from ancient Greece through the 20th Century. Students will be taught to examine and analyze art and architecture contextually. Emphasis will be placed on the relationship of artistic expression to the artist's choices within the context of a specific time and place.

*Prerequisites: none*

**THIRD YEAR****ID 252 Interior Design III****3 units Lecture / Studio**

This is the third studio in a sequential series of design courses. Building on previously studied design concepts, students work collaboratively to apply their knowledge and skills in the production of a comprehensive hospitality design project. Projects emphasize research, creative problem solving, effective communication, sustainability and the application of LEED C-I standards.

*Prerequisites: ID 251*

**ID 356 Computer Aided Design II****3 units Lecture / Studio**

This course is a continuation of CAD I. Students will learn advanced software commands and the use of AutoCAD in preparing construction documents. They will create a block library of industry standard symbols and details and will learn methods of organizing information regarding the built environment in an electronic format.

*Prerequisites: ID 256*

**ID 258 Building Systems**

This course explores the components of interior construction and building systems as they relate to the interior design professional. The course emphasizes the understanding of the structural and non-structural envelope and the distribution systems, including power, mechanical, plumbing, HVAC, and data and voice communications as they work individually and collectively with various control and security systems to define interior space.

*Prerequisites: ID 251, ID 217*

**3 units Lecture****ID 266 Sustainable Environments****3 units Lecture / Studio**

This course examines the theories and practices that encourage thoughtful planning of interior spaces within the context of environmental consciousness. Major considerations that will be addressed are land use, indoor air and light quality, energy efficiency and sustainable materials and resources. Evaluating built environments using the LEED rating system will be addressed and applied.

*Prerequisites: ID 251, ID 258 or concurrent*

**ID 300 Interior Design IV****3 units Lecture / Studio**

This is an advanced studio course focused on the design of a large-scale residential living/working environment. Students will be expected to analyze site and building conditions and the client's needs and project budget to determine a rationale for appropriating space, furniture and equipment. The proposed design concept will be communicated in a variety of presentation formats ranging from preliminary schematics to a full set of construction documents.

*Prerequisites: ID 260, ID 252, ID 258, ID 390 must be concurrent*

**ID 361 Externship****3 units Lecture / Externship**

This course is an introduction to the interior design profession through directed coursework and practical work experience at participating design and architectural firms. Students will complete eight scheduled classes in professional development (Lecture) and 180 hours of practical work experience (Externship) under the supervision of the Program Director and the host organization. Students are allowed two semesters to complete the Externship.

*Prerequisites: ID 300 or concurrent*

**ID 358 Digital Presentation****3 units Lecture / Studio**

This course introduces students to Adobe Photoshop and its value as a highly creative tool for organizing digital images for use in various graphic presentation formats. Using Photoshop software, students will learn to capture and digitally manipulate images and text in ways that can be used expressively in both digital and printed presentation documents and materials.

*Prerequisites: ID 256*

**ID 390 Computer Aided Design III****3 units Lecture / Studio**

In this course, students will use and build on the computer skills learned in CAD II to create a complete set of construction documents including a site plan, a demolition plan, a partition plan, various finish and equipment plans and schedules, a furniture plan, a reflected ceiling plan, and elevations, sections and details of partitions and millwork. Methods of modeling buildings in 3-D are introduced.

*Prerequisites: ID 356, ID 300 must be concurrent*

**FOURTH YEAR****ID 380 Interior Design V****3 units Lecture / Studio**

This is an advanced design studio course for seniors. Students will demonstrate their knowledge and skills acquired from previous courses by completing a large-scale institutional healthcare design project. Emphasis is placed on the student's ability to creatively apply evidence-based research in the development of the physical site to utilize ideation throughout concept development and to successfully communicate design solutions using a variety of digital and hand-rendered presentation techniques.

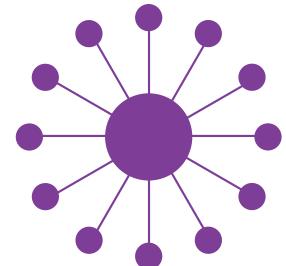

*Prerequisites: ID 300, ID 390*

**ID 351 Lighting Design****3 units Lecture / Studio**

This course is an introduction to basic lighting design theory and the technical requirements related to residential and commercial lighting systems. Students will be given the opportunity to develop skill and knowledge in lighting design and the ability to create functional, code compliant, and aesthetically pleasing lighting solutions for various design projects.

*Prerequisites: ID 252, ID 258*

**ID 346 20th Century Architecture****3 units Lecture**

This survey course is an introduction to the architectural movements of the 20th Century. Students will study noted architects, key buildings and furniture, and will examine specific design movements in terms of their social and historical context.

*Prerequisites: ID 243*

**ID 395 Senior Project****3 units Lecture / Studio**

This final studio course honors and reflects design as a contextual “living in the world” tradition. Students will speak with a personal voice in the design of a complex thesis-based project that demonstrates the understanding that all design decisions are an essential part of a diverse framework encompassing a wide range of cultural, socioeconomic, political and environmental issues. Emphasis is placed on the student’s ability to create a project that successfully demonstrates all aspects of the design process, as well as the skills and knowledge they have learned to this point in their studies in the presentation of an evidence-based creative solution to a self-defined issue or implication. Students are expected to utilize research methodology to organize and define their project thesis. An aspect of the project solution is the use of appropriate methods to effectively communicate research findings as well as effective presentation techniques used to express the proposed design concept. Senior project presentations are evaluated by a multi-disciplinary panel of jurors.

*Prerequisites: ID 266, ID 380*

**ID 365 Business Practices****3 units Lecture**

This course explores standard business procedures commonly associated with the practice of interior design. Students will study various types of design practices, financial management and compensation, ethical practices, professional development, legal liability, and issues related to licensing and certification. The management of a typical interior design project will be studied, including writing proposals and contracts, specifications, bidding procedures, budgets, construction schedules, contractor negotiations and collaboration, and project administration.

*Prerequisites: ID 300*

**ID 345 Portfolio & Presentation Techniques****3 units Lecture / Studio**

This course focuses on the organization and preparation of a portfolio showcasing a student’s creative work in preparation for employment in the field of interior design. Students will explore visual composition and organization, document assembly methods and various reproduction and image management techniques. Computer photo editing and printing, paper and digital portfolio preparation, and the implications of using a portfolio in the interview process for employment are emphasized.

*Prerequisites: ID 358, ID 380*

**General Education (GE)****GE 180 English Composition****3 units Lecture**

This course will focus on the various forms of academic writing. Emphasis will be on the organization and development of ideas in relation to the writer’s subject, purpose, and audience.

*Prerequisites: none*

**GE 170 Oral Communication****3 units Lecture**

This course will focus on the development of communication and presentation skills through a study of both contemporary communication theory and traditional approaches to public address. Students will learn how to research, prepare and deliver presentations. The interpersonal skills of listening to, and critiquing, presentations will also be taught.

*Prerequisites: none*

**GE 241 Critical Thinking****3 units Lecture**

This course is an introduction to the elements and methods of critical thinking and its application through discussion and writing. Drawing on enduring principles, the course will focus on critical evaluation, solving problems, making decisions and applying reason to all aspects of communication.

*Prerequisites: GE 180*

**GE 250 Philosophy and Values****3 units Lecture**

This course is an introductory study of philosophy and philosophical inquiry focusing on values and their place in life. The survey of philosophical orientations and the views of philosophers are drawn from classical and contemporary thinkers. Students are encouraged to formulate, analyze, and evaluate their own beliefs/positions in the context of value theory and meaningful philosophical inquiry.

*Prerequisites:* GE 241

**GE 320 World Literature****3 units Lecture**

This course is a survey of world literature from 1500 B.C.E - 1600 C.E., including classic literature from Europe, the Americas, the Near East, Greece, Rome, India, China, Japan, Africa, and the Islamic world.

*Prerequisites:* GE 180

**GE 330 Environmental Studies****3 units Lecture**

This course examines global environmental issues and the impact of human intervention on the earth's ecosystems. Topics include air and water pollution, finite and renewable energy sources, the impact of urbanization, destruction of rain forests, climate change, depletion of the ozone layer, waste disposal, hazardous waste treatment, environmental theories, philosophies, movements and politics.

*Prerequisites:* none

**GE 310 Cultural Anthropology****3 units Lecture**

This course is a comparative survey of world cultures and societies. Students will examine universal human behaviors developed and used throughout the world to meet various social, psychological, artistic, religious and economic needs.

*Prerequisites:* none

**General Education Electives (GE)****GE 306 Physical Geography****3 units Lecture**

The planet earth, its structure, landforms, atmosphere, climate, vegetation, oceans, coastlines, processes and forms are the focus of this course.

*Prerequisites:* none

**GE 268 History of Modern Art****3 units Lecture**

This course is an historical survey of painting and sculpture from the mid-nineteenth century to the present. The art movements from Impressionism to Minimalism will be studied with reference to individual artists contextualized within the social, cultural and political events of the time.

*Prerequisites:* none

**GE 280 American Literature****3 units Lecture**

This course will explore works of American fiction from 1850 to the present. Readings focus on individual writers, historical periods and thematic issues.

*Prerequisites:* GE 180

**GE 331 Mythology****3 units Lecture**

This course introduces students to mythic, symbolic and archetypal images and themes found in the various cultures of the world. By analyzing archetypal patterns, students will explore the unique motifs of these cultures and the commonality of mythic ideas.

*Prerequisites:* GE 180

**GE 248 American History: 1865 to the Present****3 units Lecture**

This course traces the social, political and economic development of the United States from the Industrial Revolution to the present.

*Prerequisites:* none

**GE 370 World Politics****3 units Lecture**

This course explores selected problems and issues in current international relations and events through a comparative study of the cultural, historical, political, economic and ideological world views of specific countries or social groups.

*Prerequisites:* GE 241

**GE 373 World Civilization to 1500 C.E.****3 units Lecture**

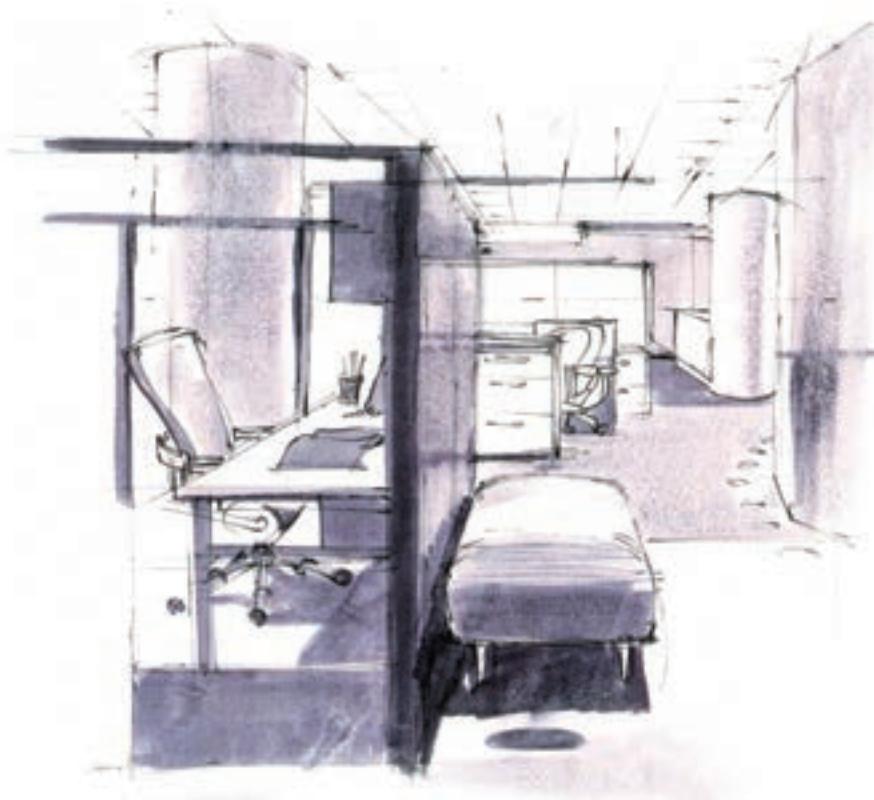

This course examines the origins and development of Homo Sapiens and the formation of the major civilizations of the world from circa 3000 B.C.E. to the dawn of the modern era and the creation of a global community circa 1500 C.E. Emphasis will be placed on a comparative analysis of the institutions developed by various civilizations and to the interactions between them that were sometimes destructive, but other times mutually beneficial and enriching.

*Prerequisites: none*

**GE 375 Developmental Psychology****3 units Lecture**

This course will focus on various areas of interest in the field of psychology including information processing, learning and memory, motivation, developmental processes and personality.

*Prerequisites: none*

**Interior Design Electives (IE)****IE 140 The Creative Process****3 units Lecture**

Creative expression is a natural human function that will be explored in this course. Students will use Julia Cameron's book, "The Artist's Way" as a text to unlock ideas and creativity.

*Prerequisites: none*

**IE 265 Kitchen and Bath Design****3 units Lecture / Studio**

This course provides an in-depth look at the complex issues impacting the design of kitchens and bathrooms. Students will examine effective work center planning strategies, equipment and fixture specifications, storage and cabinetry needs, and the selection of surfaces and finishes for performance and visual impact.

*Prerequisites: ID 251*

**IE 318 Furniture Design****3 units Lecture / Studio**

This course is an introduction and overview of furniture and casegood design. Students will study construction techniques, design, and materials associated with casework, tables and seating for commercial and residential interiors. Preparation of detailed working drawings, models, and presentation drawings are emphasized in this course.

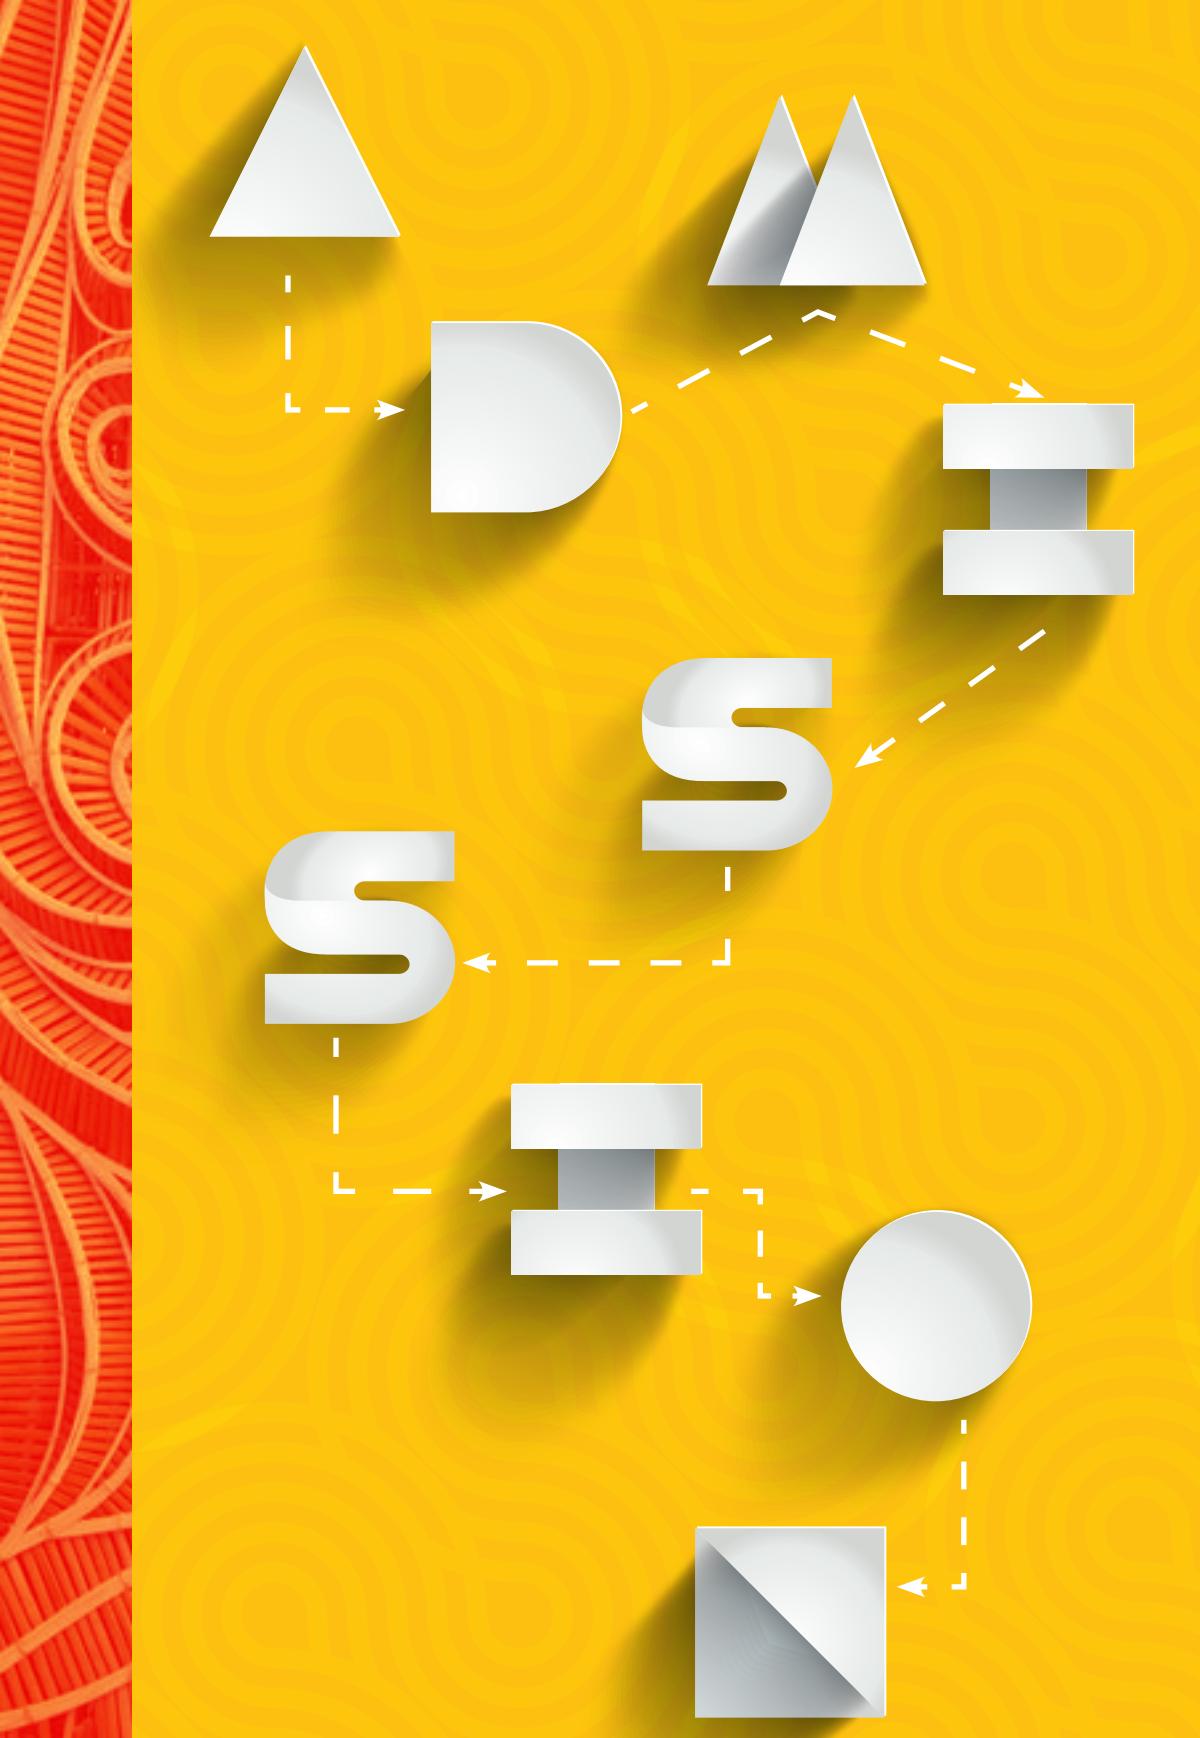

*Prerequisites: ID 252, ID 260*

**IE 392 Building Information Modeling (BIM)****3 units Lecture / Studio**

This course offers students an opportunity to learn the basics of Building Information Modeling (BIM) using Revit® Architecture, a leading computer program capable of creating and managing information about a building using 3-D, "real-time", modeling software. Using Revit® Architecture, students will produce Building Information Models (abbreviated as BIMs), which define the geometry, spatial relationships, geographic information, and the quantities and properties of all the systems components that go into constructing the building.

*Prerequisites: ID 390*

YOUR FUTURE  
HERE  
STARTS

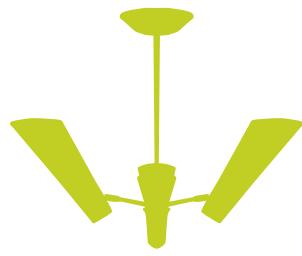

#### Admission

All candidates for admission to Design Institute of San Diego must possess a high school diploma or its equivalent (GED). Previous training in art or design is not essential as this training is provided within the program. The school welcomes applications from those whose personal interest is directed toward a professional career in interior design and whose previous background indicates a reasonable opportunity to benefit from the training offered.

As a part of the admission procedure, applicants are strongly encouraged to visit the school for a tour of the college facilities. During this tour, the prospective student's educational background, interests, and career goals are discussed. The student receives valuable information about the opportunities that exist in interior design and the student and Admissions Representative evaluate together the student's potential for successful professional study. Students who are unable to visit our campus are invited to call the admissions office for more information.

Interested students are welcome to apply to Design Institute of San Diego. All application materials are located in the apply section of the catalog and can be accessed from the homepage of the website through the "Apply Now" tab.

## Acceptance

Applicants who have successfully completed all admission requirements and who have been accepted will be formally notified of the school's decision in writing. A \$75 non-refundable, enrollment fee, applicable to tuition, is required upon acceptance.

## Computer Competency

All students must have basic computer competency. It is the student's responsibility to meet this requirement.

## Transfer Admission

Transfer students go through the formal admission procedure. Applicants are asked to submit official high school transcripts as well as official transcripts from each college attended. Official transcripts must be sent by colleges directly to Design Institute, Office of Admissions, for credit evaluation and transfer.

Transfer students may be awarded transfer credit for those courses completed at an institution accredited by agencies recognized by the United States Department of Education which are similar in content and purpose to courses offered at Design Institute.

It is required that students who seek transfer credit for courses taken at other colleges provide catalogs with course descriptions of classes from all colleges from which transfer credit is sought, if such information is not available on the internet. In most cases it will be necessary for the transferring student to submit actual work for evaluation of courses in the interior design major.

Design Institute will accept up to 45 semester credit units in the major and up to 36 semester credit units in general education taken at other accredited institutions, if they were completed with a grade of "C" or better, and if they relate to the college's degree requirements. Courses in the interior design major are reviewed and evaluated by the Program Director with relevant departmental faculty. At the discretion of the Program Director, additional units in the major may be accepted for transfer.

The Director of Academic Services is responsible for evaluating all transcripts to determine general education transfer credit appropriate to the degree.

Transfer credit is given only when the course is applicable toward the interior design major or general education categories required for the degree at Design Institute of San Diego. Additional specific general education courses may be required to support the academic major.

The final decision on the awarding of all transfer credit is made by the Director of Academic Services. Degree requirements for general education include 36 credit units distributed among the following categories:

### Area A: (3 courses, 9 units)

#### English Communication and Critical Thinking

GE 170	Oral Communication
GE 180	English Composition
GE 241	Critical Thinking

### Area B: (2 courses, 6 units)

#### Physical Universe and Its Life Forms

GE 330	Environmental Studies
GE Elective	(Physical Science)

### Area C: (4 courses, 12 units)

#### Arts, Literature, and Philosophy

GE Elective	(Arts)
GE Elective	(Arts or Humanities)
GE Elective	(Philosophy)
GE Elective	(Literature)

### Area D: (3 courses, 9 units)

#### (courses must be from at least two areas)

#### Social, Political and Economic Institutions and Behavior; Historical Background

GE 310	Cultural Anthropology
GE Elective	
GE Elective	

See the Director of Academic Services for a list of acceptable General Education transfer courses.

Transfer units will be considered during the Admission process; therefore it is essential that all previous college transcripts be presented for evaluation. An evaluation will be prepared during the student's first semester at Design Institute. Only courses taken prior to enrollment at Design Institute will be considered for transfer.

Acceptance of educational credit is at the discretion of each college or university. Design Institute does not imply, promise or guarantee the transferability of credits earned to other institutions, nor does it guarantee that all credits earned at other institutions will be accepted at Design Institute for credit.

#### Credit Value

Design Institute operates on the semester system. Courses in the semester system are fifteen weeks per semester (3 semesters per year). Some schools operate on a quarter system (4 quarters per year, 10 weeks per quarter). The credit value in semester hours is indicated in the course listings. The table below shows the relative value of semester and quarter hours for transfer purposes.

#### TRANSFER EQUIVALENCY CHART:

Semester Hours	Quarter Hours
1	1.5
2	3
3	4.5
4	6
5	7.5

#### Transfer Policy for Students with Previous Degrees

Students who have earned a bachelor's degree from an accredited college or university will have their general education courses reviewed for relevancy to a BFA in Interior Design degree. Courses are evaluated on a course by course basis. Additional specific General Education courses may be required to support the academic major. Subject matter deficiencies will be determined during the admission process. Final decisions on the awarding of transfer credit are made by the Director of Academic Services.

#### Transfer Credit for Nontraditional Education

Transfer credit may be granted for nontraditional education that is equivalent in content and purpose to courses offered at Design Institute. Acceptance of DANTES credit is guided by the recommendations of the American Council on Education (ACE). Credit may be awarded for the following:

- Advanced Placement Examination (AP) Minimum qualifying score – 3
- College-Level Examination Program (CLEP) Minimum qualifying score – 50
- Defense Activity for Non-Traditional Education Support (DANTES) Minimum qualifying score – 50
- International Baccalaureate (IB) Minimum qualifying score – 4  
(except Psychology – 5)

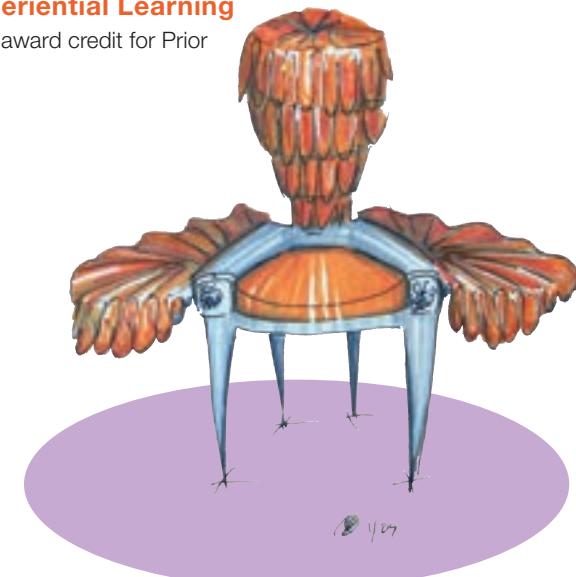

Official transcripts must be sent directly to Design Institute for credit evaluation and transfer. For assistance ordering your AP, CLEP, DANTES, or IB transcript, please see the Registrar or the Director of Academic Services.

#### Articulation or Transfer Agreements

Design Institute of San Diego has not entered into an articulation or transfer agreement with any other College or University.

#### Award of Credit for Prior Experiential Learning

Design Institute of San Diego does not award credit for Prior Experiential Learning.

## **Transferability of Credits and Credentials Earned at Design Institute of San Diego**

### **"NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION"**

"The transferability of credits you earn at Design Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Bachelor of Fine Arts in Interior Design degree you earn is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Design Institute of San Diego to determine if your credits or degree will transfer."

## **Veterans Affairs (VA)**

Veterans enrolled at Design Institute of San Diego may be eligible for educational benefits under the VA Educational Benefits Program. Veterans and dependents are required to comply with VA regulations in regard to attendance and acceptable academic progress.

## **International Students**

Design Institute welcomes applications from students from foreign countries. Proficiency in the English language must be demonstrated by at least one of the following: transcript evidence of successful completion of coursework taken in the English language either at the elementary school level sufficient to indicate a command of the English language, or at the high school or university level; residence in a country with English as the primary language; evidence of a written TOEFL score of 500 or higher, a computerized TOEFL score of 173 or higher, an internet-based TOEFL score of 61 or higher, or an IELTS score of 6 or higher.

International students must provide verification of educational credentials from an approved international credentials' evaluation service. In addition, international students must provide a verification of financial status and two academic references, and submit an application fee of \$25. Those interested in an International Student Application should contact the Director of Admissions.

Design Institute is authorized under federal law to enroll nonimmigrant students. A Certificate of Eligibility Form (I-20) will be issued after the applicant has submitted all admissions material and the tuition deposit has been accepted by the college.

Visa services and English language instruction are not provided. All courses at Design Institute of San Diego are taught in the English language.

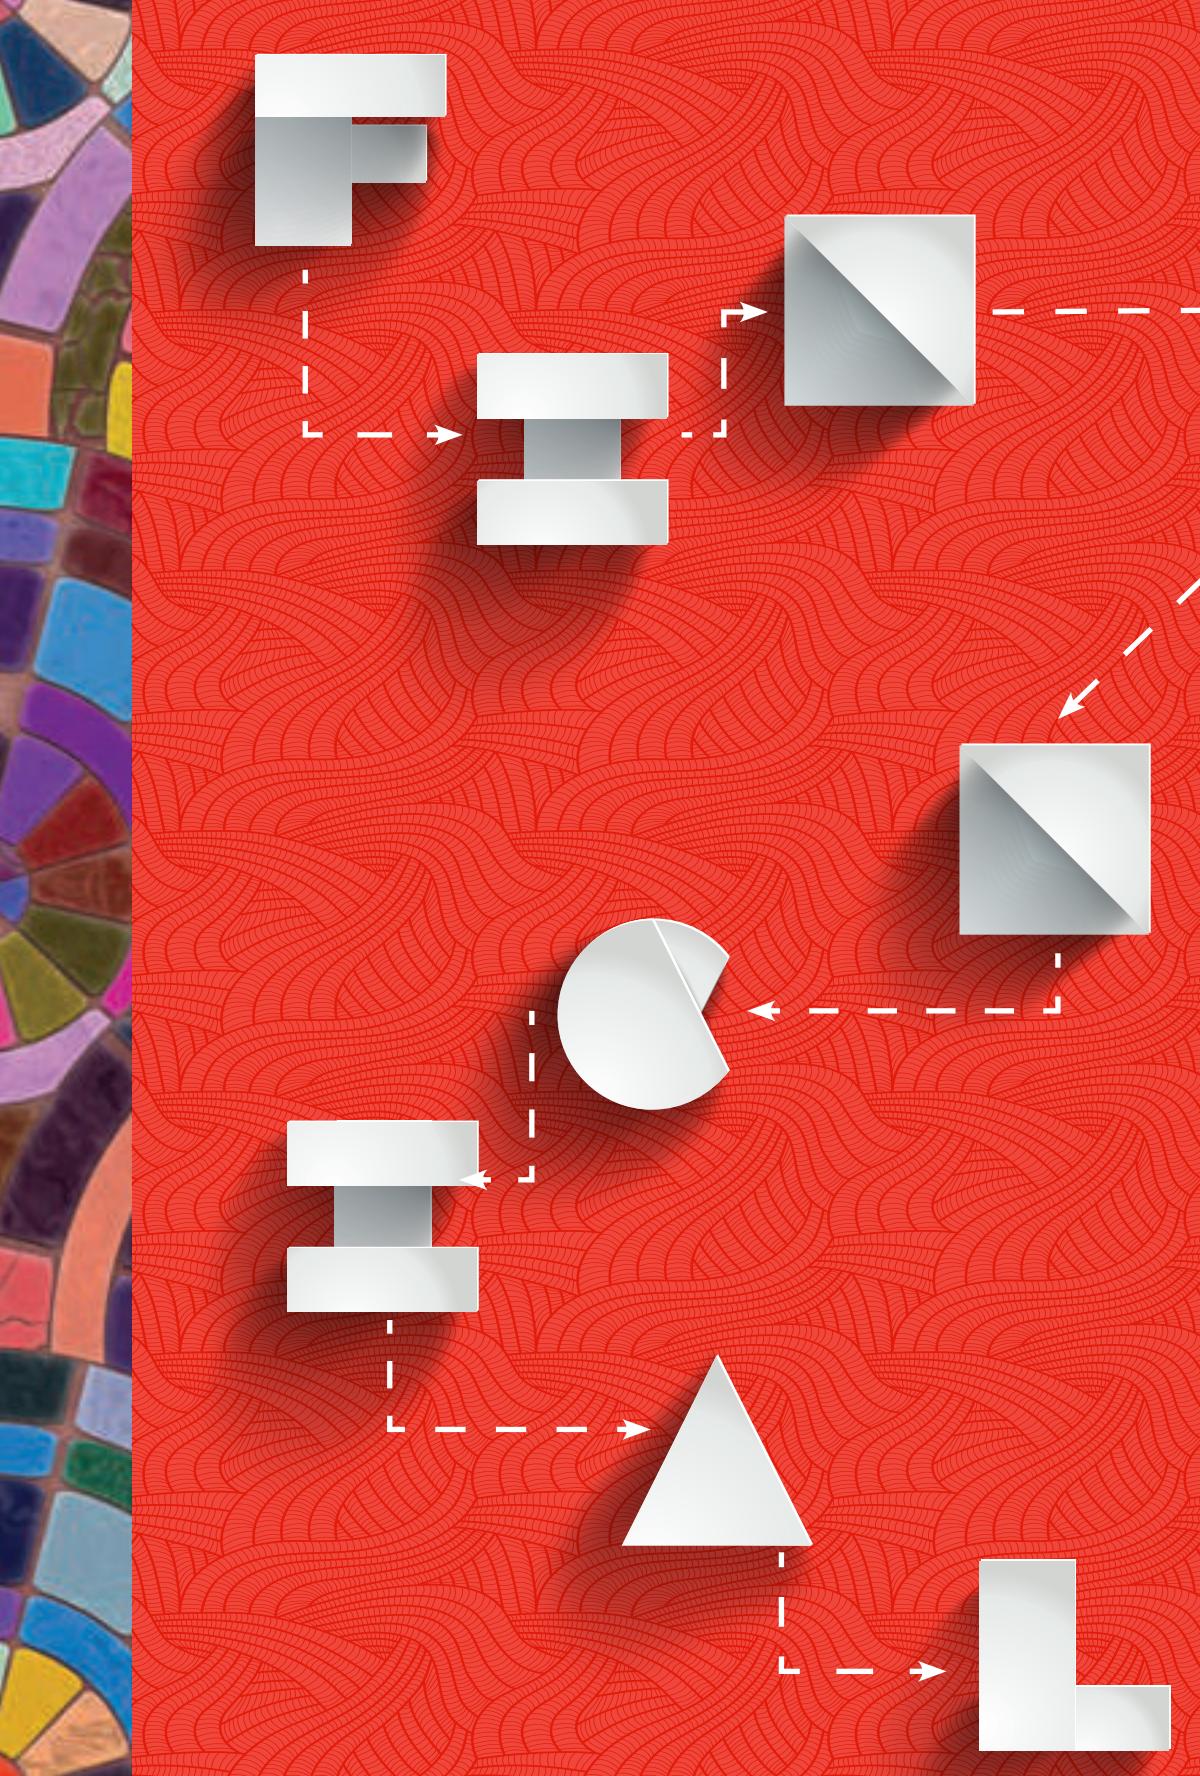

Design Institute will gladly assist international applicants in the application process. All international applicants are encouraged to contact the Director of Admissions with questions regarding admissions, immigration advisement, and U.S. cultural or practical matters.

## **Registration of New Students**

Students accepted for the Fall, Spring, or Summer semesters who have paid the enrollment fee and signed the Enrollment Agreement will be notified by email when to register for classes. Registration occurs approximately two weeks prior to the start of classes. Students are sent a class schedule, tuition sheet, calendar and registration instructions.

## **Orientation**

All new and transfer students are required to participate in Orientation, which takes place at Design Institute one week prior to the beginning of classes. A letter will be sent, notifying the student of the date and time. Orientation welcomes the student into the college and introduces new students to the administrative members as well as to classmates. Representatives of student organizations may also be present to help facilitate the new student's entry into the college community. Design Institute's policies are carefully explained, including the many ways in which the school assists its students. Student rights and responsibilities are clarified and students are given further insight into the interior design profession and their opportunities for career preparation.

# FUNDING YOUR DREAM

## Financial Aid

Many students and their families seek financial help in paying for a college education. Design Institute of San Diego participates in all applicable federal and state financial aid programs and will provide assistance to prospective students in determining eligibility for loans and grants. Financial aid is available for those who qualify. Complete details regarding financial aid are available through the Financial Aid Office and prospective students are encouraged to meet with the Financial Aid Director at any time. A free Preliminary Financial Aid Profile will be done for anyone who has applied to the college. This profile is an estimate of financial aid eligibility for grants and loans.

The role of the Financial Aid Office is to assist financial aid applicants in any way possible. Prospective students may apply for financial aid before being admitted to the college, but must be accepted for admission before financial aid can be awarded. An application for financial aid in no way affects a prospective student's chances for admission. It is advisable to begin the application process early in order to meet filing requirements and deadlines.

## **WHO IS ELIGIBLE?**

In order to receive financial assistance, a student must meet the following criteria:

The student must be enrolled or accepted into the program with the intent to obtain a Bachelor of Fine Arts in Interior Design degree, full-time (12 or more units) or part-time (6-11 units).

The student must be a U.S. citizen or an eligible non-citizen and have a valid Social Security number. International students (I-20 Visa holders) are not eligible for financial aid at Design Institute.

The student must maintain satisfactory progress standards (Please refer to Satisfactory Academic Progress policy in this catalog.)

The student, if a male and between the ages of 18 and 25, must be registered with Selective Service.

Students must sign certifying statements on the Free Application for Federal Student Aid (FAFSA) stating that:

The student is not in default on any loans, nor does the student owe a refund on a federal grant, and that the federal student aid will only be used for education purposes.

## **WHAT KIND OF FINANCIAL AID IS AVAILABLE?**

Financial aid comes from the federal government, State of California, and private scholarships. There are two types of aid: gift aid and self-help aid. Students may be awarded a combination of these or a "package". Gift aid (grants, scholarships) does not have to be earned or repaid. Self-help aid must be repaid (loans) or earned (work-study). The following is a summary of financial aid programs in which Design Institute participates:

## **Grants**

Grants are based upon need and do not require repayment. The following grants are available at Design Institute.

**FEDERAL PELL GRANTS** These are awarded to students with financial need who have not received their first Bachelor's degree. The amount of Federal Pell Grant funds received over a lifetime is limited by federal law to be the equivalent of six years. Awards range from \$602 - \$5730 per year.

**CAL GRANT A ENTITLEMENT AWARD** California graduating high school seniors who have at least a 3.0 GPA, meet the Cal Grant eligibility requirements, and apply by March 2 within one year of graduation, are guaranteed a Cal Grant A Entitlement award.

**CAL GRANT B ENTITLEMENT AWARD** This is an award for students from disadvantaged or low-income families who otherwise would not be able to pursue a higher education. California graduating high school seniors who have at least a 2.0 GPA, meet the Cal Grant requirements, and apply by March 2, within one year of graduation, are guaranteed a Cal Grant B Entitlement award.

**CAL GRANT B COMPETITIVE** A limited number of awards are available to students who have had a break in enrollment from high school. Selection is based on a composite score that takes into consideration family income, parents' educational level, GPA, high school background and other factors, such as whether the student comes from a single-parent household or is a former foster youth.

Please be advised that any Cal Grant award offer is tentative and subject to the final approval of the State Budget Act.

**FEDERAL WORK-STUDY (FWS)** This is a program funded by the federal government and Design Institute to provide part-time employment for students demonstrating financial need. The salary range is varied but is always above minimum wage. Most students work between 4 and 20 hours per week while classes are in session. Once the amount awarded in the financial aid package is earned, the employment ends.

## **Loans**

Loans provide students with the opportunity to defer a portion of their education costs. Loans must be repaid. Student borrowers of federal student loans will be required to undergo entrance and exit counseling before receiving a loan and before graduation. This loan counseling is often provided through interactive web sites in addition to an extensive exit interview workshop that is held in a small group setting for graduating students that covers repayment options and strategies.

If a student obtains a loan to pay for their educational program, the student will be responsible for repaying the full amount of the loan plus interest, less the amount of any refund, and if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

Interest rates change annually. To obtain current rates go to [www.studentloans.gov](http://www.studentloans.gov).

**Federal Direct Subsidized Loan** This provides need-based loan funding for eligible students determined by federal regulations. No interest is charged while the student is in school at least half-time, during the grace period or in a deferment period. Repayment begins six months after graduation or if the student ceases to be enrolled in at least a half-time status. Loan limits range from \$3500-\$5500 per year.

**Federal Direct Unsubsidized Loan** This is not a need-based loan. Interest is charged during all periods even when the student is in school. Regular repayment of principal and interest begins six months after graduation or if the student ceases to be enrolled in at least half-time status. Loan limits range from \$2000-\$7000 per year.

**Federal Direct Plus Loan** Plus loans are for parents who need to borrow for their dependent child's undergraduate education and for graduate/professional students. Parents with a good credit history may qualify for a Plus Loan, which allows them to borrow up to the total cost of education minus any other aid you receive. Interest is charged during all periods. Repayment begins 60 days after the loan is disbursed with the option of deferment until the student graduates or ceases to be enrolled in at least a half-time status.

## **Federal Direct Consolidation**

This is designed to assist in repayment when multiple loans have been borrowed. The Direct Consolidation program consolidates multiple loans into a single loan to simplify repayment into a single monthly payment with extended repayment terms. The interest rate is a weighted average of all your loans.

**Private Loans** Private student loans help bridge the gap between the actual cost of your education and the limited amount the government allows you to borrow. These loans are made privately through banks and other financial institutions. Eligibility for private student loans is subject to a credit check and often requires a co-signer. The repayment of private loans is based on individual lender terms.

## **Scholarships**

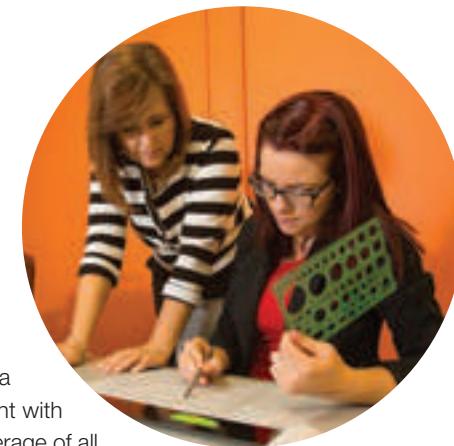

Scholarships, like grants, do not need to be paid back. They are awarded to students who meet a combination of eligibility requirements, such as financial need, academic achievement, or other criteria.

### **Design Institute of San Diego Scholarships/Grants**

Design Institute offers several scholarships and grants for new entering students and for continuing students. For current scholarship/grant information, including application and eligibility requirements, please consult the SCHOLARSHIP/GRAANT INSERT in the foldout at the back of this catalog or visit [www.disd.edu/scholarships](http://www.disd.edu/scholarships).

**Yellow Ribbon Program** The Yellow Ribbon Program is a voluntary participatory program where Design Institute contracts with the Department of Veterans Affairs to provide matching funds for those students who have veteran benefit eligibility under the Yellow Ribbon Program. Funds matched enable the qualified student to attend Design Institute of San Diego with no out-of-pocket tuition charges.

Design Institute communicates information about other relevant scholarships offered by third parties as it becomes available and encourages students to research scholarship information on the internet.

## Veterans Benefits

Veterans Benefits are available to students who currently serve or previously served in the armed forces based on individual eligibility. The amount received will be determined by the VA. Design Institute also participates in the Yellow Ribbon Program.

## **Tuition, Fees, and Charges**

Tuition information is to be found in the CATALOG INSERT TUITION in the foldout at the back of this catalog.

## **MISCELLANEOUS FEES**

**NOTE:** Some courses may carry a course reader, lab, or field trip fee which will be listed on the book list each semester.

\*STRF

"The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education."

"You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
  2. Your total charges are not paid by any third-party payer, such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or not enrolled in a residency program or
  2. Your total charges are paid by a third party, such as an employer, government program or other payer and you have no separate agreement to repay the third party”

"You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment fee, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
  2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.

3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other cost.
4. There was material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act."

"However, no claim can be paid to any student without a social security number or a taxpayer identification number."

The STRF rate is subject to change based upon the balance in the STRF account and is mandated by the BPPE. Design Institute will publish the current STRF rate on all enrollment agreements.

### **Books and Supplies**

The cost of books and supplies is dependent upon the courses taken by the student. Book lists are provided to students at registration. Some books may be purchased at Design Institute or through other book dealers. All books listed as required on the course syllabus have been selected by the instructor and are required for satisfactory course completion.

Some courses at Design Institute require additional expenditures for equipment, supplies and materials. Supply kits are assembled and sold at Design Institute during book sales at the beginning of each semester or may be purchased at local art supply stores by the student.

Books are estimated at \$400-\$900 per year. Equipment and supplies for first-year students are estimated at \$750.00. After the first year, supplies are estimated at \$400-\$600 per year. Books and supplies are not refundable.

### **Cancellation and Refund Policy**

#### **Students Right to Cancel**

A student may cancel his/her enrollment agreement at any time without any penalty or obligations, through attendance at the first class session, or the seventh calendar day after enrollment, whichever is later. After the end of

the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last date of attendance. Cancellation will occur when the student provides written notice of cancellation or by the students conduct, including, but not necessarily limited to, lack of attendance. Written notice should be sent to the following address: Design Institute of San Diego, 8555 Commerce Avenue, San Diego, CA 92121. This can be done by mail or by hand delivery. A student subsequently requesting cancellation will be refunded all monies paid to the school minus the enrollment fee of \$100 (returning students), \$75 (new students), within 45 days after notice of cancellation is received.

#### **Pro Rata Refund For Complete Withdrawal**

After the end of the cancellation period, you also have the right to withdraw from school at any time; and you have a right to receive, a pro-rata refund if you have completed sixty (60) percent or less of the program, minus the \$100 Enrollment fee (returning students), \$75 (new students).

Students who withdraw before their first scheduled class will receive a full tuition refund minus the \$100 enrollment fee (returning students), \$75 (new students).

Refunds will be calculated from the date of the last class attended. Adjustments are based on the total semester tuition whether payment has been made in advance or on the Deferred Payment Plan.

The student may withdraw from the college after instruction has started and receive a pro rata refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction. For example, if the student completes only 30 hours of a 90-hour course and paid \$300 tuition, the student would receive a refund of \$200.

$$\left\{ \begin{array}{l} \$300 \\ \text{amount paid} \\ \text{for instruction} \end{array} \right. \times \frac{60 \text{ clock hours of instruction paid}}{90 \text{ clock hours of instruction amount}} = \left. \begin{array}{l} \$200 \\ \text{refund} \\ \text{amount} \end{array} \right\}$$

After 60% of the semester there is no refund. If the school cancels a course, the school will make a full refund of all charges.

Refunds due the student will be made within 45 days from the date of the student's withdrawal.

Federal Title IV financial aid or other tuition assistance is earned pro-rata up to 60%, based on attendance. Any funds Design Institute of San Diego returns to the Title IV programs will result in the student owing Design Institute charges that were originally paid for by federal funds. Tuition refunds will be made in the following order: A) Federal Direct Unsubsidized loans, B) Federal Direct Subsidized loans, C) Federal Direct Plus loans, D) Federal Pell Grants, E) Federal Supplemental Educational Opportunity Grant (FSEOG) F) Other Sources of Aid, G) Student.

The student will be responsible for the repayment of any overpayment of monies disbursed to the student for non-tuition educational expenses. The repayment of such monies, if any, will be made by the student to the appropriate agency account or individual. The student is entitled to a refund of any monies not paid from federal student financial aid program funds.

#### ***Partial Drop Tuition Credit***

Design Institute does not issue refunds for partial drops. Students who drop one or more courses without fully withdrawing from the college will receive a Partial Drop Tuition Credit to be used the following semester only.

Partial Drop Tuition Credits are determined from the date of written notification to the Registrar.

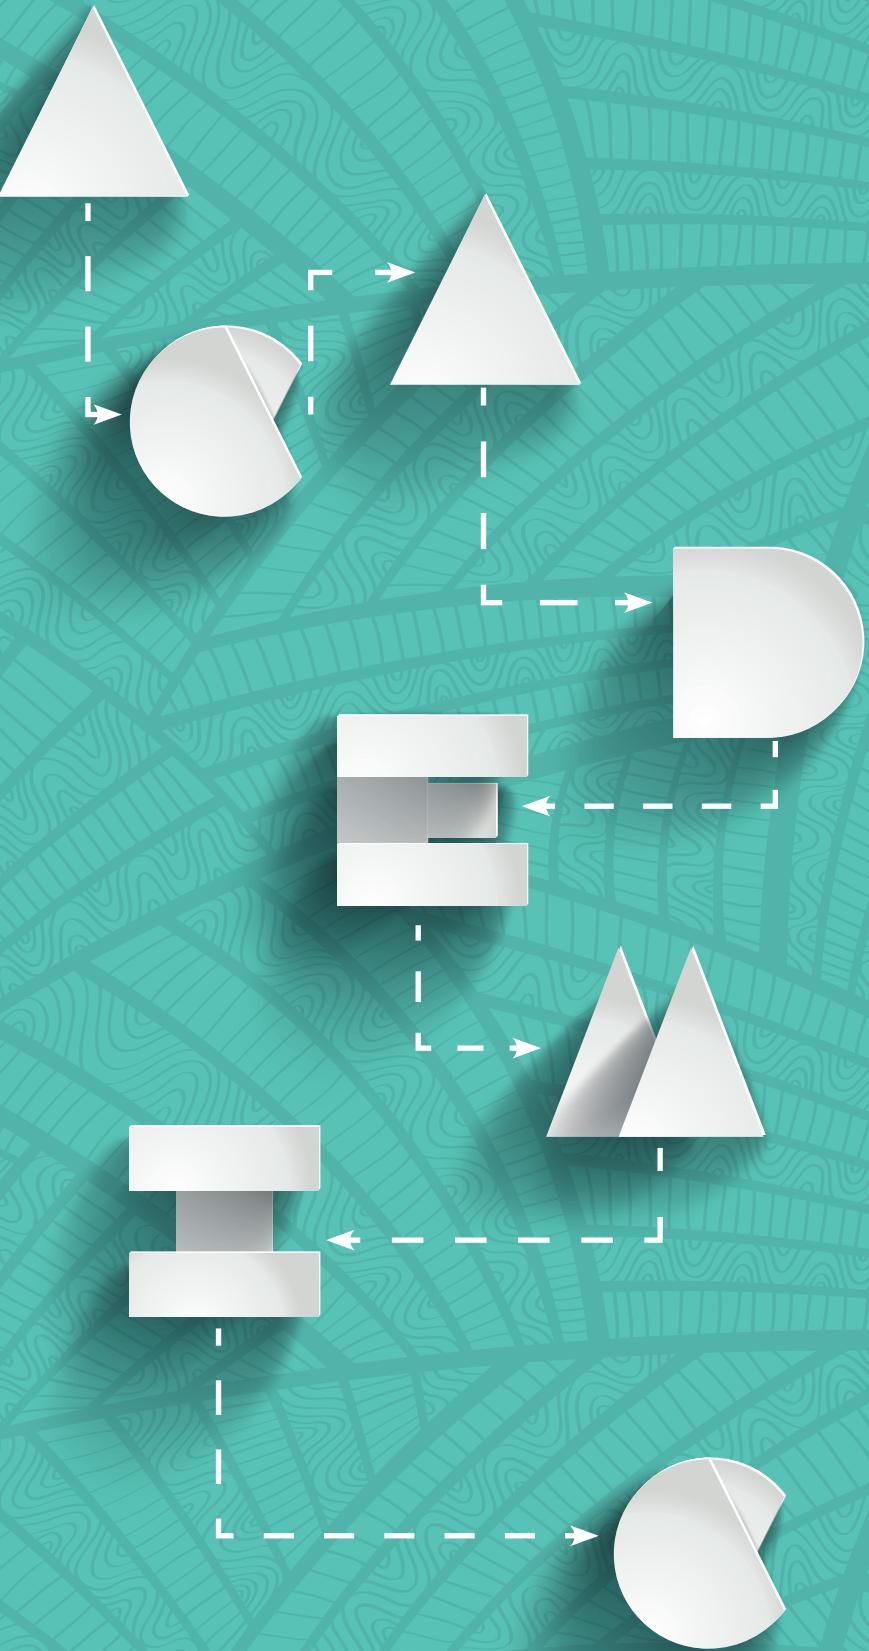

Partial Drop Tuition Credit schedule is as follows:

First week of the semester	90%
Second week of the semester	80%
Third week of the semester	70%
Fourth week of the semester	60%

No Tuition Credit is available for dropped courses after the fourth week of the semester.

No Tuition Credit will be issued for a drop from 15-12 units.

## ACADEMIC POLICIES

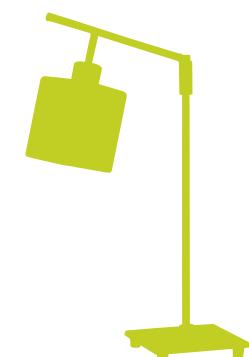

### **Student Responsibility**

As a private college, Design Institute provides its students with personal attention and a wide variety of support services. However, the college experience is interactive in nature, thereby creating responsibilities on the part of the student as well as the college. Students are encouraged to communicate through appropriate channels and seek advisement or help when it is needed, but they are also encouraged to develop self-understanding as they pursue their educational objectives.

A professional attitude is necessary for anyone who desires to be an interior designer and students should recognize the importance of a professional attitude while in school – both in applying themselves to their studies and in working with others. Meeting course requirements, consistent attendance, and a positive attitude will be helpful in proceeding toward the student's academic goals.

A professional attitude also includes appropriate behavior in the classroom and on campus. Students, faculty and administrators all have the right to learn, teach and work in an environment where consideration of others is of great importance.

# YOUR ACADEMIC GOALS

Each student at Design Institute assumes responsibility for becoming familiar with and adhering to the information and requirements contained in this catalog. Any questions concerning catalog material may be directed to the Director of the college.

Design Institute does not assume responsibility for misinterpretation by students of the policies and procedures presented in the catalog.

Every effort has been made to ensure the accuracy of catalog information. However, rules, laws, curriculum, and policy may change over time and may alter the information as published here. When changes occur, they will be published in a catalog addendum.

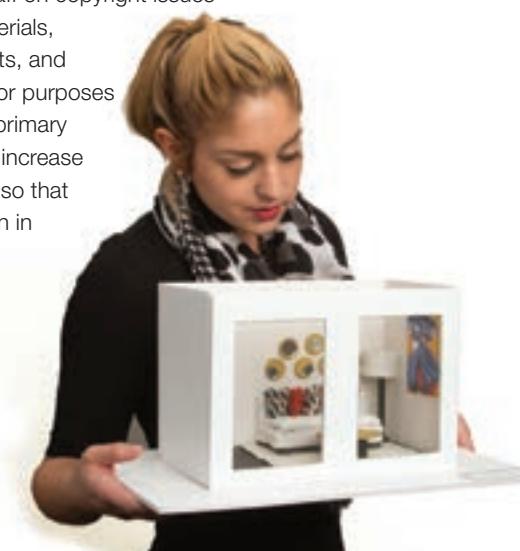

All questions regarding issues not contained in this catalog should be directed to Student Services.

### **Copyright Policy**

#### **Copyright Guidelines**

In an effort to assist Design Institute faculty, students, and staff, we have placed the Copyright and Fair Use Guidelines at every copy machine. These guidelines do not offer protection. Each individual is responsible for learning the fundamentals of fair use in order to apply them in a way that respects the rights of copyright holders when making photocopies of copyrighted materials for research and teaching purposes.

These guidelines are intended to provide information to Design Institute faculty, students, and staff on copyright issues pertaining to the use of print materials, particularly photocopies, handouts, and customized course packs used for purposes of research and instruction. The primary purpose of these guidelines is to increase awareness of compliance issues so that you will use and share information in compliance with the law.

### **Copyright and Fair Use Guidelines**

No employee or student of Design Institute shall duplicate, in any manner, any printed copyrighted material in violation of copyright laws.

DISD has expanded written policies regarding Copyright and Fair Use Guidelines, Acceptable Use, and Peer-to-Peer File Sharing. Full policies are available upon request and are distributed to all students at orientation.

### **Academic Honesty Policy**

Students actively immersed in the educational process draw knowledge and experiences from many sources. The study of interior design is creative and often includes collaboration under faculty supervision, while still requiring that all work submitted be that of the individual student. Keeping this in mind, the following guidelines have been established and should be consulted when determining what constitutes an individual effort.

All assignments that are turned in for academic credit should be completed in a manner that does not raise questions of academic honesty. Examples of academic dishonesty or plagiarism include, but are not limited to, the following:

- Turning in work, including papers, computer (CAD) projects, tests, design projects, etc., that are not a product of the student's own effort.
- Turning in work that has previously been submitted for academic credit in any course, by any person, including yourself.
- Giving your work to another student to use for any purpose, including to convey a design idea or concept.
- Failure to cite the words or ideas of another taken from any source, including: books, research materials, the internet, members of the faculty, or another student. Quoted material requires quotation marks and the citation of its source.

Violations of academic honesty are cause for the lowering of a grade, failure of a course, academic warning, and/or administrative withdrawal. If a faculty member has reason to suspect academic dishonesty, he/she will notify the Program Director, the Director, and the Director of Student Services for further investigation and action. All questions regarding academic honesty should be directed to the Director of Student Services.

### **Academic Calendar/Schedule of Classes**

The academic calendar is to be found in the foldout at the back of this catalog.

### **Academic Year**

Design Institute operates on a semester basis. Each semester is 15 weeks. An extra (sixteenth) week is provided for a make-up class in case of a holiday which occurs on a scheduled class day or because of teacher absence. Final exams and projects are scheduled as part of the fifteen-week semester. Instructors may schedule the return of final projects during the sixteenth week if they choose. Students should schedule travel plans only after the 16th week.

The academic year is measured on the school calendar regardless of the student's enrollment status.

The academic year for day students includes two semesters: Fall and Spring. It is 30 weeks in length.

The academic year for evening students and Fast Track includes three semesters: Fall, Spring and Summer. It is 45 weeks in length.

### **Degree Requirements**

The Interior Design Program leading to a Bachelor of Fine Arts in Interior Design degree is a four-year, 132 semester credit-unit curriculum providing students with the training necessary to enter the interior design profession.

The program consists of 96 credit units of study in the interior design major and 36 credit units of study in general education.

In order to earn a BFA degree, a student must successfully complete all coursework in the curriculum with a cumulative grade-point average of 2.0 or better.

Courses or coursework requirements may be changed by Design Institute during the period of the student's enrollment because of curriculum revision. However, appropriate substitutions will be made and the number of credit units required for graduation will be the same as stated in the catalog at the time of the student's enrollment.

### **Changes in Rules and Policies**

Changes in rules and policies are presented to all students before Fall registration and as required, throughout the school year.

### **Student Services**

Advising on academic, career, or personal matters is available to all students throughout the year in the Student Services office. Students receive support, evaluation and direction in all of their educational activities as well as guidance in establishing career goals and assistance in finding placement in the interior design field upon graduation. However, the decisions made in the advising process are those of the student.

### **Academic Advisement**

All student questions of a purely academic nature should be directed to the Interior Design Program Director.

### **Prerequisites**

All prerequisites for courses are listed under Curriculum in the catalog and under Course Descriptions. Students must follow all prerequisites.

An established prerequisite can only be waived by the Program Director. A signed waiver will be placed in the student's file stating the reasons for the waiver.

## **Registration of Continuing Students**

Registration at Design Institute takes place approximately six to eight weeks before classes begin. Students are sent a class schedule, tuition sheet, calendar and registration instructions by email.

Students who require assistance in planning their schedule or in course selection should make an appointment with the Student Services advisor prior to registration. The program at Design Institute is carefully structured to provide students with courses offered in a planned sequential order. Transfer students and part-time students need to pay particular attention to prerequisites.

Registration in courses is the responsibility of the student. As full-time students have priority, some courses are open to part-time students only on a space-available basis.

Courses may not be added to a student's schedule after the first week of class. The permission of the Registrar is required for late registration or to add a course.

Course or section changes may only be made by the Registrar. Class sizes are limited to numbers appropriate to the academic purpose of the course and students may not be added to a class once the class limit is reached. If required, rescheduling may occur after the semester begins, at the discretion of the Registrar.

### **Registration – Day Students**

Day students take classes three to five days per week. Some evening classes may occasionally be offered.

### **Registration – Evening Students**

Evening students take classes two or three nights per week. They register for classes in much the same way as day students.

### **Registration – Fast Track Students**

Fast Track students take classes full-time (Fall, Spring and Summer) with a mixture of day and evening classes. Day classes are normally scheduled Monday through Friday between 8:00 a.m. and 5:00 p.m. Evening classes are normally scheduled Monday through Thursday between 6:00 p.m. and 10:00 p.m.

## **Attendance Policy**

Attendance is the student's responsibility and the student will be held accountable for all coursework. It is expected that the student will attend all class meetings. Attendance records are maintained and monitored weekly. At the discretion of the instructor, a student who is absent for three classes (or 20%) in any course may be dropped from the course.

Attendance means arriving on time and staying for the entire class period. Late arrivals and early departures may, at the discretion of the instructor, result in the lowering of the final grade. In addition, a student who arrives more than 30 minutes late, or leaves more than 30 minutes early without the prior permission of the instructor may be considered as absent. An instructor may also count three tardies or early departures of less than thirty minutes as an absence.

Absences due to health, injury, or death in the immediate family will be considered on an individual basis. Please inform the instructor and Student Services in such cases as soon as possible.

### **Auditing**

Students at Design Institute are not permitted to audit courses.

### **Tutoring**

Design Institute provides free tutoring services in drafting and computer courses. Additional courses may be added when there is a need demonstrated. The primary purpose of tutoring is to help students improve their skills in order to achieve academic success. The tutorial program is a combination of one-on-one tutoring, small-group tutoring, and study groups facilitated by a tutor. All tutors are recommended by appropriate faculty.

Students are encouraged to inquire about tutoring services at the first sign of difficulty.

Design Institute does not provide English language tutoring, but information about it can be obtained through Student Services.

## **Personal Counseling**

The Director of Student Services is able to provide to students with personal problems a list of appropriate counseling professionals and agencies.

## **Student Work**

Completed student projects are available for pick up during posted hours at the beginning of the subsequent semester. All unclaimed work will not be stored. Design Institute reserves the right to keep work for accreditation purposes, college publications or exhibitions. An effort is made to safeguard all student work. Design Institute is not responsible for loss or damage of student work. It is strongly suggested that students photograph all work before turning it in.

Instructors may require students to submit a portable flash drive of digital images in jpeg format of work completed during the semester as part of course requirements.

## **Career Planning and Placement Assistance**

Preparation for a meaningful career requires the student to see beyond the classroom. It means evaluating personal strengths and weaknesses, exploring new possibilities, and, most of all, starting early.

Design Institute provides many opportunities for students to prepare for a career in the professional world of interior design. Lectures by outstanding designers, field trips, student organizational involvement in professional activities, business courses, and the externship all help to make the transition from school to work as natural as possible.

Students should begin working with Placement Services to explore the job market. The office provides current job listings to all students and works individually with students on time-management, resume writing, and interviewing techniques.

The Career Development and Externship Advisor provides personal and individualized career planning and assistance to Externship students and Design Institute graduates.

While a sincere effort is made to assist all students in locating employment, Design Institute does not guarantee job placement after graduation.

## **Grading Policy**

Design Institute uses a letter grade evaluation system based on a 4.0 grade point formula as follows:

- A** excellent, 90-100, 4 grade points
- B** good, 80-89, 3 grade points
- C** average, 70-79, 2 grade points
- D** below average, 60-69, 1 grade point
- NCR** No credit received, 0-59, 0 grade point
- INC** Incompletion of one course requirement: must be completed within 30 days of the last day of the course. If not completed by deadline, INC becomes zero points earned and the instructor will assign the appropriate grade for the course.
- IP** In Progress – students registered for ID 361, Externship, may take two semesters to complete the externship. At the end of the first of two semesters, IP appears on transcript – is not computed in the GPA. At the end of the second semester, the appropriate grade is posted and computed in the GPA.
- W** Course drop before end of the seventh week (or 50%) – appears on transcript is not computed in GPA.
- WP** Course drop “withdrew passing” – between end of seventh week (or 50%) and end of twelfth week (or 80%) – appears on transcript – is not computed in GPA.
- WF** Course drop, “withdrew failing” – between end of seventh week (or 50%) and end of twelfth week (or 80%) – appears on transcript – is computed in GPA as “0” grade points.

No course drops are granted after the end of the twelfth week. A student will receive a grade deemed appropriate by the instructor, based upon the entire semester's coursework.

## **Student Performance Evaluation**

Evaluation of student performance is based upon examination, projects, critiques, and other approved methods. Students will receive grades throughout the semester so that a student's academic standing can always be determined.

## **Grade Point Average**

The grade-point average (GPA) is determined by dividing the total grade points earned by the number of credits attempted. A minimum cumulative GPA of 2.0 is required for graduation.

## **Student Progress Reports**

The Student Progress Report may be used by an instructor at any time to inform students of academic standing. The form is usually used mid-semester to inform students that their work needs to improve in order to pass the course. The form is filled out by the instructor and given to the Director of Student Services for distribution to students.

## **Grade Reports/Grade Changes**

Grade reports are issued by the Registrar as soon as all grades have been received and processed, approximately three weeks after a semester ends. A grade is based upon the instructor's evaluation of all coursework completed. After the last day of class, students may not submit additional work unless a prior arrangement with the instructor has been made. Design Institute assumes that all grades assigned by an instructor have been carefully considered and are correct. Grades submitted to the Registrar become part of the student's permanent record.

Students who believe they have received an inappropriate grade should attempt to resolve the matter informally with their instructor, immediately after receiving the grade. It is the student's responsibility to demonstrate specifically why the assigned grade is incorrect. If, after further evaluation by the instructor, an error has been made, the instructor will report the adjusted grade to the Registrar on a Grade Change Form.

If the matter cannot be resolved, the student should present the issues in writing to the Program Director. If still unresolved, the student may fill out a

Grade Appeal Form and make a formal appeal to the Grievance and Appeals Committee (2 administrators, 2 faculty members). This appeal must be filed within the semester following the issuance of the grade.

## **Add/Drop Policy**

Add procedure: Course additions may only be made during the first week of the semester with the Registrar's permission.

The signature of the Director of Student Services on the Schedule Change Form is required, certifying that space is available in the class and that all prerequisites have been met. Students may not attend class until they are officially enrolled.

Financial aid recipients must notify the Financial Aid Office of any schedule change which affects the total number of units for which the student enrolled during that semester.

Course drop: Students wishing to drop a class must notify the Director of Student Services and fill out a Drop Form.

### **Instructor Course Drop**

An instructor has the option of dropping any student who has been absent for 20% of the class time or 3 class periods.

### **Incompletes**

An Incomplete may be requested by a student for incomplete coursework at the end of the semester. The student's reason for not completing all work must, in the opinion of the instructor, be justifiable. It is suggested that the Incomplete only be given for one major project or exam, not for a series of projects missed during the semester. It is the sole responsibility of the student to obtain an Incomplete Request Form from the Student Services office before the end of the fourteenth week of class, fill it out, and submit it to the instructor for approval before the end of the fifteenth week. The instructor will list the project missing as well as the conditions for removal of the Incomplete. The instructor will give the completed form to the Registrar. A copy will be given to the instructor and to the student.

An Incomplete must be made up within 30 days of the last class. Evening students also have 30 days to make up an Incomplete. An INC is not used in calculating the GPA, but is counted as credits attempted.

In unusual circumstances beyond the student's control, such as poor health or family crisis, an extension may be granted by the Program Director. To qualify for an extension the student must submit a letter of explanation and attach third-party documentation, as appropriate.

The student must make arrangements with the instructor to turn in the missing project. An appropriate grade will be assigned. If the Incomplete is not made up within 30 days after the end of the semester, the INC becomes zero points earned and the instructor will assign the appropriate grade for the course.

A student must receive the written permission of the Program Director to proceed in a subsequent design class when an Incomplete has been given in a course which is a prerequisite.

An Incomplete grade may place a student's semester grades on hold until a grade is received.

### **IP – In Progress**

Students registered for ID 361, Externship, may take two semesters to complete the externship (180 hours of approved externship). At the end of the first of two semesters, IP appears on the transcript – it is not computed in the GPA. At the end of the second semester, the appropriate grade is posted and computed in the GPA.

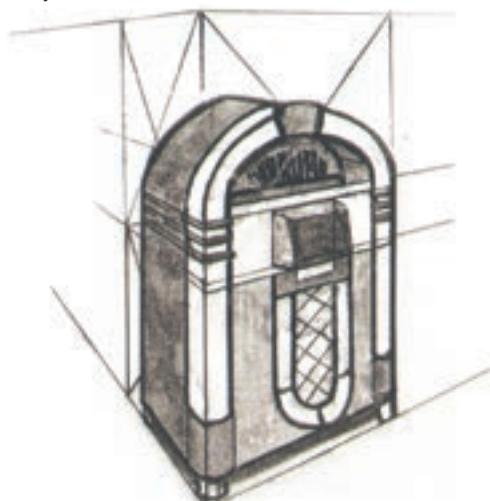

### **Withdrawal from the College**

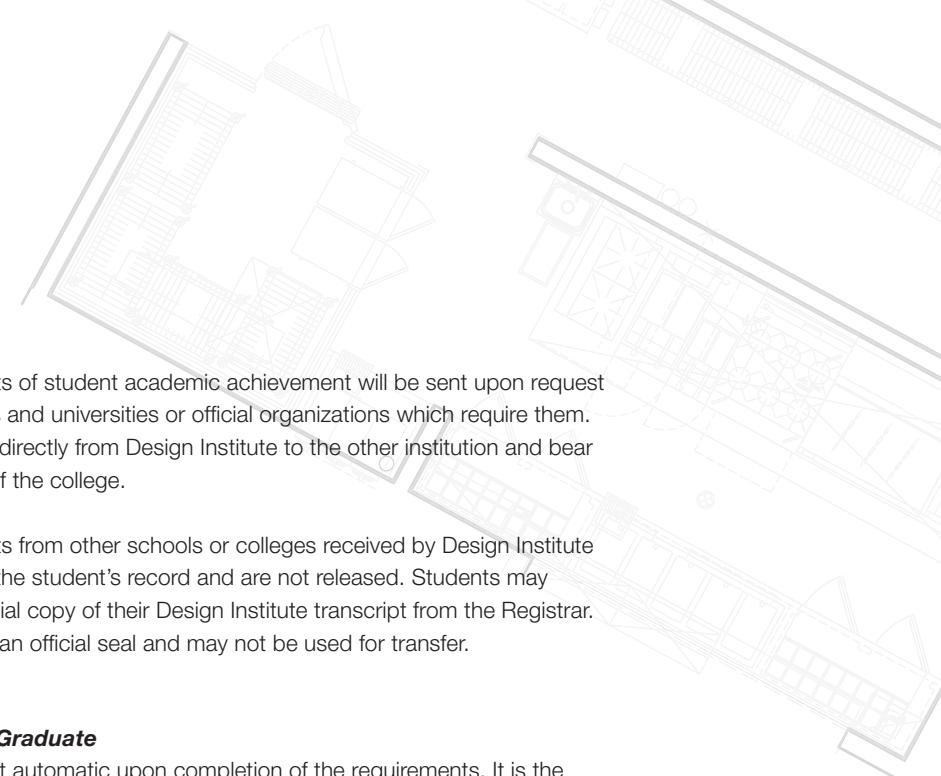

Design Institute of San Diego does not utilize a leave of absence policy. Withdrawal is a formal process. Failure to attend class or giving notice to an instructor is not regarded as official notice. Students who withdraw from the college (all classes) must meet with Student Services and Financial Aid to fill out the appropriate forms. A Withdrawal Form may be obtained from Student Services.

Active and reserve military students who must discontinue their studies due to deployment will not be penalized for their withdrawal. Student Services and Financial Aid will work with all active and reserve military during their withdrawal to ensure a smooth transition.

### **Administrative Withdrawal**

Students who are not registered by the end of the first week of any semester will be withdrawn from the college. Continuing students who miss two consecutive weeks of all enrolled classes with no verbal or written notification will be withdrawn from the college. The student's status will be determined and the student will be informed by letter.

## Administrative Dismissal

Design Institute reserves the right to withdraw the privilege of enrollment from any student when that action is justified.

The following circumstances may lead to administrative dismissal:

- Unacceptable behavior
- Financial circumstances
- Academic dishonesty

When Design Institute takes such action, the student will be notified in writing. Students who are administratively dismissed are not eligible to continue to attend classes or to receive grades for courses in which they were enrolled prior to being administratively dismissed.

## Course Repetition

Students may repeat courses for which they have received a D or NCR. The second attempt will replace the original grade and grade points earned. Both attempts will appear on the transcript, in order to show a true and complete academic history. Only the second attempt will be used to calculate the GPA.

Courses may be repeated once. A student who wants to repeat a course for the second time must have the permission of the Program Director and must present convincing evidence before being allowed to proceed.

Students who have failed a required course and repeated it twice must pass the course on the third attempt or be academically dismissed from the college.

## Transcripts

Official transcripts of student academic achievement will be sent upon request to other colleges and universities or official organizations which require them. They are mailed directly from Design Institute to the other institution and bear the official seal of the college.

Official transcripts from other schools or colleges received by Design Institute become part of the student's record and are not released. Students may obtain an unofficial copy of their Design Institute transcript from the Registrar. It does not bear an official seal and may not be used for transfer.

## Graduation

### ***Application to Graduate***

Graduation is not automatic upon completion of the requirements. It is the responsibility of students who are nearing graduation to file an Application to Graduate form when they have successfully completed the following credit units: Day students 126 credit units, Evening students 123 credit units, and Fast Track students 117 credit units. Applications are available from the Director of Student Services. An Application to Graduate form must be on file three months prior to a commencement ceremony in order to participate in the ceremony.

### ***Graduation Requirements***

The Bachelor of Fine Arts in Interior Design degree is awarded to students who have earned 132 credit units and meet the following criteria:

1. Complete all course credit requirements with a cumulative grade-point average of 2.0 or better
2. Complete the degree requirements within the time frame outlined under Satisfactory Academic Progress in the catalog
3. File a formal Application to Graduate
4. Complete a Financial Aid Exit Interview if the student received Financial Aid
5. Verify that all financial obligations to Design Institute have been met.

## **Commencement Ceremonies**

Commencement Ceremonies are held twice a year. Day students whose successfully completed coursework will bring them within 6 credit units; Evening students who are within 9 credit units and Fast Track students who are within 15 credit units of completing the 132 credit-unit interior design curriculum may participate in commencement ceremonies if they have completed the Application to Graduate process which spells out the time frame for completion of all course requirements in the interior design program.

Students must complete all requirements in the time frame stated in the Application to Graduate. If not completed, the student must apply again.

Students are not considered graduated until all academic and financial obligations have been met and the Bachelor of Fine Arts in Interior Design degree has been awarded. Being allowed to participate in the ceremony does not indicate graduation.

Degrees are conferred three times a year (January, June and September) upon recommendation of the Program Director and faculty to all students who have met the graduation requirements. Degrees may be released to graduates or may be sent by mail, if requested.

Design Institute does not backdate degrees. The semester in which all requirements are completed is the semester in which your degree will be posted to the transcript.

The only document signifying graduation is the Bachelor of Fine Arts in Interior Design degree. No other document is awarded.

# YOUR PROGRESS UP ADDS

## SATISFACTORY ACADEMIC PROGRESS

Design Institute of San Diego offers one program of study leading to a Bachelor of Fine Arts in Interior Design degree.

All students must maintain satisfactory academic progress (SAP) in order to continue their enrollment at Design Institute. Additionally, satisfactory academic progress must be maintained in order to remain eligible to receive federal financial aid.

### ***The primary components of satisfactory academic progress include:***

- a cumulative grade-point average (CGPA) of 2.0 relating to a 4.0 scale
- a maximum time frame (MTF) for completion of the interior design program
- a minimum rate of progress toward graduation, indicated by a successful course completion percentage.

### **Cumulative Grade Point Average (CGPA)**

Students are required to maintain a minimum CGPA of 2.0 throughout their enrollment at Design Institute. CGPA is measured at the end of each semester for compliance. All students must have a minimum CGPA of 2.0 in order to graduate.

## Maximum Time Frame (MTF)

The maximum time frame (MTF) for completion of the interior design curriculum (132 credit hours) is measured in credit hours attempted: a period of time during which a student may attempt up to 150% (198 credit hours) of the number of credit hours required (132 credit hours) to complete the program. Progress toward completion is measured by dividing the MTF into equal evaluation periods known as increments. An increment is one semester. Satisfactory academic progress is measured at the end of each semester for all students, full time and part time. The MTF Course Completion Chart shows a fixed percentage of attempted credits a student must successfully complete each semester.

If it is determined at any time by the Registrar that a student could not complete the program within the MTF, the student will be academically dismissed. In no case could a student exceed the maximum time for completion and receive a BFA degree. All credit hours accepted for transfer by Design Institute are considered credits attempted and will be deducted from the standard MTF of 198 credit hours. The MTF for transfer students will be recalculated and used to determine SAP. For example: Laura has transferred in 15 credit hours. Her recalculated MTF is 183 (198-15).

MTF Course Completion Chart		
CREDIT HOURS ATTEMPTED	REQUIRED MINIMUM COURSE COMPLETION PERCENTAGE	CUMULATIVE GPA REQUIRED
0-30	60%	2.0
31-198	66.66%	2.0

**Rate of Progress Requirements** (refer to MTF Course Completion Chart) In addition to CGPA requirements, a student must maintain a minimum rate of progress toward graduation, demonstrated by successful completion of a required minimum percentage of credit hours attempted.

While attempting the first 30 credit hours, a student must successfully complete at least 60% of the credit hours attempted.

After the first 30 credit hours attempted, a student must successfully complete at least 66.66% of the credit hours attempted.

Credit hours attempted are defined as any credits for which a student has enrolled in a semester and has incurred a financial obligation.

It is important to understand the significance of the term "credit hours attempted". The following items are all credits attempted:

- Courses for which a grade is received
- Failed courses
- Repeated courses
- Withdrawals
- Incomplete grades
- Transfer credit (deducted, upon transfer credit acceptance, from the standard MTF of 198 credit hours)

A fixed course completion percentage (60% or 66.66% of credits attempted) is required to meet a quantitative SAP standard just as a required CGPA measures a qualitative standard. The use of these two standards applies the same measurement to all students, full time and part time, day, evening, or Fast Track.

## Academic Year

The academic year referred to in the SAP policy means "school years", as measured by time on the school calendar regardless of the student's enrollment status, full time or part time. The academic year for day students is two semesters, Fall and Spring. The academic year for evening and Fast Track students is three semesters, Fall, Spring and Summer.

The academic level (Freshman, Sophomore, Junior, Senior) is not used in the SAP measurement.

## Evaluation Points

Design Institute uses both qualitative (CGPA) and quantitative (course completion rate, MTF) standards to evaluate a student's academic standing at specific increments. An increment is one semester. The evaluation point occurs at the end of each semester after grades are posted by the Registrar.

Satisfactory academic progress is calculated after each semester during the student's enrollment.

A student will not be making satisfactory academic progress if, at any evaluation point shown in the following chart, the student's CGPA is less than what is required at that evaluation point, or if the student has not successfully completed the required percentage of cumulative credit hours he or she has attempted at the evaluation point. Measurements include all semesters of the student's enrollment.

SAP Evaluation Chart		
REQUIRED EVALUATION POINTS	CGPA REQUIRED	COURSE COMPLETION PERCENTAGE REQUIREMENT
<b>DAY/FAST TRACK STUDENTS:</b> First academic year first semester, second semester	2.0	60%
<b>DAY/FAST TRACK STUDENTS:</b> Second academic year third semester, fourth semester	2.0	0-30 credits attempted, 60% 31 or more credits attempted, 66.66%
<b>EVENING STUDENTS:</b> First academic year first, second, third semester	2.0	60%
<b>EVENING STUDENTS:</b> Second academic year fourth, fifth, sixth semester	2.0	0-30 credits attempted, 60% 31 or more credits attempted, 66.66%

SAP Evaluation Chart		
END OF THE SECOND ACADEMIC YEAR		0-30 credits attempted, 60% 31 or more credits attempted, 66.66%
END OF ALL SUBSEQUENT SEMESTERS		0-30 credits attempted, 60% 31 or more credits attempted, 66.66%

### SAP Chart Explanation

The above chart applies equally to all students whether enrolled full time or part time. Naturally a student enrolled part time will not attempt as many credit hours as a student enrolled full time. However, the CGPA requirements and the percentage of credit hours completed are comparable, regardless of enrollment status.

For example: Laura, a full-time day student, has attempted 60 credit hours at the end of her second academic year. Stacy, a part-time day student, has attempted 24 credit hours at the end of her second academic year. Both students must meet the same CGPA and minimum course completion percentage standards indicated on the chart under "End of the Second Academic Year".

### Academic Probation

A student who does not achieve satisfactory academic progress at the time of a required evaluation point will be placed on academic probation. The Registrar will inform the student of probation status by letter. Students may be on probation for two consecutive semesters, according to the following guidelines, before being academically dismissed.

A student will be placed on academic probation if the CGPA falls below 2.0. A student on probation whose semester GPA after the first semester on probation is at least 1.75 will be allowed to continue on probationary status for one more semester. At the end of the second semester on probation, a

student must have achieved a CGPA of at least 2.0. Failure to achieve a CGPA of 2.0 after two semesters on probation will result in dismissal.

A student on probation who does not achieve at least a semester GPA of 1.75 in the first semester on probation will not be allowed to continue on probation and will be dismissed.

In addition to CGPA requirements, a student whose required minimum course completion percentage rate does not meet requirements will be placed on academic probation. A student who does not bring the successful course completion percentage rate up to meet the standard (60% for up to 30 credit hours attempted; 66.66% thereafter) in two semesters on probation, as above, will be dismissed.

Students on academic probation are eligible to continue to receive financial aid during their first semester on probation only. A student who is eligible to remain on probation for a second semester is responsible for all costs incurred during this semester. Once a student has again achieved SAP, financial aid can be re-established.

Notice of probation will appear on the academic transcript. Note: It is strongly recommended that all students placed on probation retake courses previously failed so that the CGPA will not continue to bear the burden of an unremediated course. The student who successfully completes previously-failed courses benefits from the recalculation of the CGPA and the successful course completion percentage.

### **Removal of Academic Probation**

In order to re-establish SAP, the student must increase the CGPA and/or course completion percentage rate to the minimum standard as shown on the SAP chart. When this occurs by the end of the probationary period, the student will be removed from academic probation.

### **Evaluation at the End of the Second Year and Every Semester Thereafter**

At the end of the second academic year (end of fourth semester, day; sixth semester, evening), and every semester thereafter, the student must have a CGPA of 2.0 on a scale of 4.0.

A student receiving federal financial aid who does not meet this standard will be disqualified from receiving financial aid with no probationary period. Disqualified students will be notified in writing of their loss of eligibility.

A student who has been denied financial aid at the end of the second academic year must be academically dismissed or may choose to continue as a cash student in order to resolve the deficiencies that led to financial aid ineligibility. The student will be allowed up to two semesters to regain SAP under the same guidelines as above, under Academic Probation. If the student's CGPA meets the standards, financial aid will be reinstated. If the student fails to meet the standards after two semesters, the student will be dismissed. If it is determined at any time by the Registrar that a student could not complete the program within the MTF, the student will be dismissed.

### **Mitigating Circumstances Appeal**

A student who has not met the CGPA standards or course completion standards may remain as an enrolled student who is eligible for federal financial aid if there are documented mitigating circumstances including:

1. the student's health or injury
2. family difficulties such as death or illness
3. interpersonal problems such as divorce
4. other circumstances resulting in undue hardship to the student

Appeal forms may be picked up from and submitted to the Financial Aid Office. The student may file a mitigating circumstances appeal with the Director of Financial Aid as soon as the situation occurs. All appeals will be reviewed by the Director of Financial Aid. If the student's appeal for mitigating circumstances is granted, the student will be placed on probation and the student's eligibility for financial aid will be reinstated. A student on probation may receive federal financial aid funds for one payment period. While a student is on probation, Design Institute may require the student to fulfill specific terms and conditions such as taking a reduced course load or enrolling in specific courses. At the end of one payment period on probation, the student must meet the institution's satisfactory academic progress standards or meet the requirements of the academic plan developed by the institution and the student to qualify for further federal financial aid funds.

All credits attempted while on probation count toward the MTF. All grades are included in the CGPA.

If, after the period of probation, the student is not making satisfactory academic progress, the student will be academically dismissed.

### **Readmission**

#### ***Readmission of Students Who Left in Good Academic Standing***

Students who have previously attended Design Institute and who withdrew in good academic standing may request readmission to the college through the Student Services Office.

Former students who are readmitted after falling out of status may be readmitted under the academic degree requirements in effect at the time of readmission. Official transcripts of any college work completed in the intervening time must be submitted at the time of readmission.

A student who left Design Institute in good academic standing but was administratively dismissed must satisfy all requirements that led to the dismissal to be reconsidered for readmission. After at least one semester of non-attendance a letter may be submitted to the Director of Student Services. It should address how the student will attempt to improve the areas that led to dismissal. The letter will be discussed by all appropriate members of the administration. If approved, the student will be conditionally readmitted for one semester before being eligible for reinstatement under regular student status.

The Director of Student Services and the Director of Academic Services will review all applications for readmission to determine the student's academic status related to SAP. The Director of Student Services will inform the student of readmission by letter.

#### ***Readmission of Students Who Withdrawn on Probation or Were Academically Dismissed***

Students who previously withdrew while on probation or who were academically dismissed must apply for readmission. Please refer to Readmission of Students Who Withdrawn on Probation or Readmission Under Extended Enrollment Status, in this section.

#### **Readmission of Students Who Withdrawn on Probation**

Students who withdrew on probation and want to be readmitted should notify the Director of Student Services that they want to be readmitted. The Director of Student Services and the Director of Academic Services will review the student's file to determine the student's academic status and course completion rate. If it is determined that the student could meet SAP standards the student will be readmitted on probation.

#### **Readmission Under Extended Enrollment Status**

Students who have been academically dismissed due to the failure to maintain the qualitative or quantitative minimums of SAP may apply to continue their studies at Design Institute under Extended Enrollment Status. An Application for Readmission under Extended Enrollment may be picked up from and submitted to the Director of Student Services. The application should address how the student will attempt to improve the deficient areas that led to dismissal.

The Director of Student Services and the Director of Academic Services will review the student's appeal to determine if the student has the academic ability and desire to successfully continue in the program. An Extended Enrollment Application is carefully considered and approval is not automatic. The student will be informed of the decision by mail. If approved, the student will be conditionally readmitted for up to two semesters in order to meet CGPA and completion rate requirements. During this time, the student is not eligible to receive federal financial aid and must attempt to improve the deficient areas that led to dismissal. The student will be responsible for all tuition and costs incurred during this period.

If a student under extended enrollment does not achieve a CGPA of 2.0 and/or raise the course completion rate to the level required, the student will be dismissed.

In no case can the student exceed the MTF for completion and receive a degree.

## Reinstatement as a Regular Student

At the completion of up to two semesters under Extended Enrollment Status, the student who has re-established satisfactory progress according to the satisfactory academic progress policy may return to regular student status and reinstate eligibility for financial aid.

### EFFECT ON SAP OF COURSE WITHDRAWALS, INCOMPLETES, IN-PROGRESS, TRANSFER CREDITS, AND REPEATED COURSES

- "W"** Students who withdraw from a course before the end of the seventh week (or 50%) receive no grade point penalty, but credit hours will be considered hours attempted.
- "WP"** (Withdrew Passing) Student receives no grade point penalty but credit hours will be considered hours attempted for the purpose of determining successful course completion percentages.
- "WF"** (Withdrew Failing) Student receives grade point penalty and credit hours will be considered hours attempted for the purpose of determining successful course completion percentages.
- "INC"** (Incomplete) This grade is not included in the calculation of the CGPA but will count as hours attempted for the purpose of calculating the successful course completion percentage. Within 30 days after the end of the semester, a final grade will be determined and will replace the Incomplete.
- "IP"** (In Progress) In Progress is not included in the calculation of the CGPA and will not count as hours attempted for the purpose of calculating the successful course completion percentage. At the end of the second semester, the appropriate grade is posted to the transcript and computed in the CGPA.
- "TC"** (Transfer Credit) Transfer credits count as hours toward graduation but are not included when calculating grade point average or rate of progress. For transfer students the MTF for completion of the degree is reduced by the number of transferable units accepted at matriculation.
- "R"** (Repeated Course) If a course is repeated, the second grade awarded replaces the first in computing the cumulative grade point average (CGPA). Each attempt counts in the computation of successful completion percentages.

Design Institute does not offer non-credit courses, remedial courses or pass/fail grades.

## Grading Policy – Applied to SAP

Design Institute uses a letter grade evaluation system based on a 4.0 grade point formula as follows:

GRADE	DESCRIPTION	CREDITS ATTEMPTED	COURSE COMPLETION CREDITS	APPLIED TO CGPA	GRADE POINTS
A	90-100	yes	yes	yes	4
B	80-89	yes	yes	yes	3
C	70-79	yes	yes	yes	2
D	60-69	yes	yes	yes	1
NCR No credit received	0-59	yes	no	yes	0
INC*	Incomplete	yes	no	no	n/a
IP**	In Progress	yes	no	no	n/a
TC***	Transfer Credits	yes	yes	no	n/a
W	Withdrew	yes	no	no	n/a
WP	Withdrew Passing	yes	no	no	n/a
WF	Withdrew Failing	yes	no	yes	0
R****	Repeated Course	yes	no	no	n/a

\*INC "Incomplete" appears on the transcript but is not calculated until receipt of a grade.

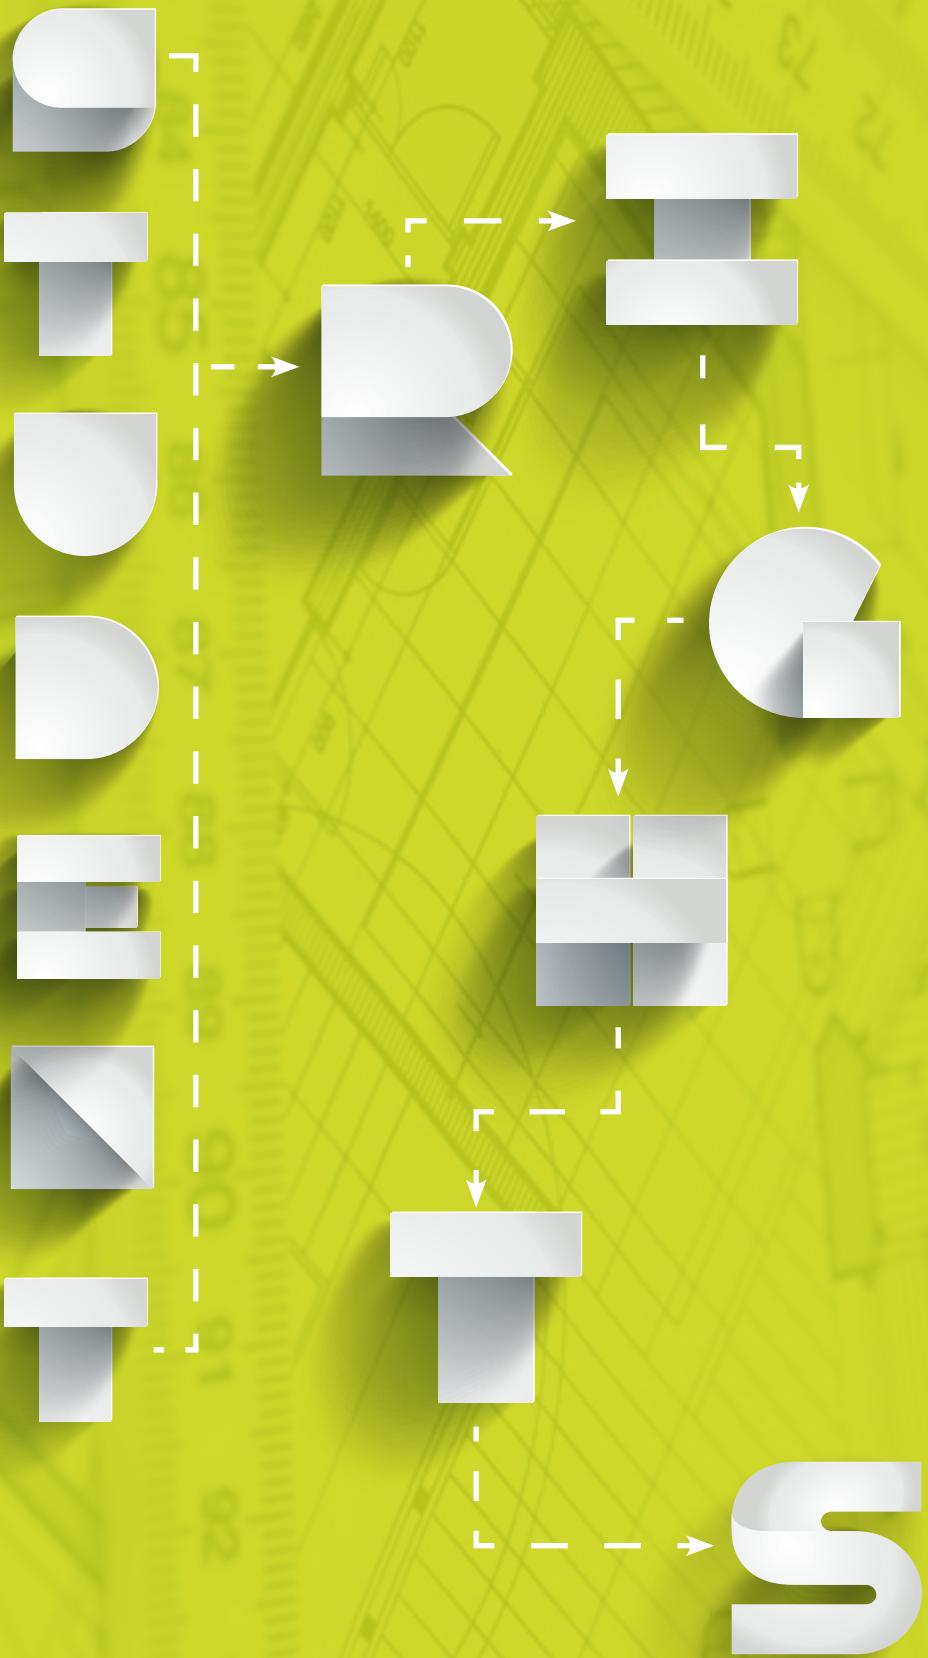

\*\*IP "In Progress" appears on the transcript but is not calculated until receipt of a grade.

\*\*\*TC "Transfer Credit" is deducted from the MTF upon enrollment; reduced MTF used for SAP.

\*\*\*\*R "Repeated Course" appears on the transcript. The credit hours attempted are calculated toward the MTF.

## Satisfactory Academic Progress Dismissal Appeal

A student who wishes to appeal academic dismissal based on the application of these satisfactory academic progress standards must present a written SAP appeal to the Director of Academic Services. An SAP Dismissal Appeal Form is available in the Student Services office. The appeal must be presented within two weeks of the notification of dismissal. Documentation of all issues must be submitted with the SAP Dismissal Appeal Form. The student's request may be discussed with appropriate members of the administration and faculty. The decision of the Director of Academic Services is final and may not be appealed.

## STUDENT'S RIGHTS, GRIEVANCES, APPEALS

### **Student's Rights**

Design Institute adheres to the principle that all students should be able to progress through their enrollment at the college free of unjust or improper actions by any member of the college community. Any student who feels that he or she has been subject to unfair actions may file a grievance or appeal within the framework of school policy. All students who come into conflict with school policy have the right to due process.

### **Grievances**

Every effort should be made by the student to solve problems informally with an instructor or administrator. If no satisfactory solution can be found, the student should complete and file a Student Communication Form with the Student Services Office. All issues are carefully reviewed and if necessary are brought before the Administrative Committee. If required, members of the faculty may be consulted. When deemed appropriate, further action will be taken and a response will be made in writing within two weeks of submission of the Student Communication Form.

For grievances resulting from an allegation of discrimination please follow the Student Grievance Procedure for Complaints of Discrimination that follows the Students with Disabilities Policy in this catalog.

LEARN ABOUT YOUR  
**RIGHTS**

For complaints of a serious nature such as those related to discipline, honesty, discrimination or other improper conduct, the decision of the Administrative Committee may be appealed by completing and filing a written petition with full details of the student's position to the Student Services office. The petition will be presented to the Appeals Committee, composed of administrators and faculty. Decisions of the committee are binding.

The Accrediting Council for Independent Colleges and Schools (ACICS) provides grievance procedures for the filing of a complaint against an accredited institution. ACICS requires that the complainant shall have exhausted all grievance procedures provided under the institutional policy. Should such a complaint be filed, ACICS will review the matter to determine whether there may have been any violation of its criteria and standards, and can take action only if it determines there to have been such a violation. ACICS can be contacted at 750 First Street, NE, Suite 980, Washington DC 20002-4241. Phone: (202) 336-6780.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll free or by completing a complaint form, which can be obtained on the bureau's website, [www.bppe.ca.gov](http://www.bppe.ca.gov).

### **Academic Appeal**

Students may appeal the ruling of an instructor or administrator in the following areas: academic standing, reinstatement, tuition or fees, degree standing, extension of deadlines, and refunds. The student must present a written petition with full details of the student's position to Student Services. The petition will be presented to the Appeals Committee for a ruling.

Prior to making an appeal to the committee, the student must have made an attempt to solve the problem with the appropriate faculty member or administrator.

Decisions of the Appeals Committee (2 faculty members, 2 administrators) are binding. The committee may rule to change a grade only if the instructor concurs with the committee's decision.

### **Record Retention and Confidentiality**

All student records are maintained for a period of six (6) years from the last date of attendance. Student transcripts and ledger cards are maintained indefinitely. Design Institute respects the confidentiality of all student records and complies with the Federal Family Educational Rights and Privacy Act of 1974 as amended. The law provides students access to, and the right to inspect and review their educational records and prohibits the disclosure of private information maintained in student files. Students who have questions about the scope of the Privacy Act should contact Student Services.

### **Notice for Directory Information**

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Design Institute of San Diego, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your education records. However, Design Institute of San Diego may disclose appropriately designated "directory information" without written consent, unless you have advised the College to the contrary in accordance with College procedures. The primary purpose of directory information is to allow Design Institute of San Diego to include this type of information from your education records in certain publications. Examples include:

- The school newspaper or website announcing an award that has been won;
- Work displayed on campus;
- Interior design organizations and potential employers;
- Photographs of student and/or student work;
- Honor roll or other recognition lists; and
- Graduation programs.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a student's prior written consent. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless students have advised the LEA that they do not want their information disclosed without their prior written consent.

If you do not want Design Institute of San Diego to disclose directory information from your education records without your prior written consent, you must notify the College in writing. Please complete the appropriate form found at the registrar's office. Design Institute of San Diego has designated the following information as directory information:

- Student's name
- Participation in officially recognized activities
- Address
- Telephone listing
- Electronic mail address
- Photographs of student and/or student work
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

### **Substance Abuse Statement**

In compliance with the Federal Drug-Free Schools and Communities Act of 1989, Design Institute prohibits the use, possession, sale or distribution of alcohol, narcotics, dangerous or illegal drugs or other controlled substances on Design Institute property or at any school event sponsored by Design Institute.

The Design Institute Statement on Substance Abuse is given to all students at Orientation. Disciplinary measures up to and including dismissal will be taken against students, faculty or staff found to be in violation of the drug-free campus policy.

Students may obtain information about health risks and effects related to alcohol and drugs as well as treatment and/or recovery programs by contacting Student Services.

### **Non-Discrimination Policy**

Design Institute adheres to the principle that all students should be able to progress through their enrollment at the college free of unjust or improper actions by any member of the college community. Design Institute does not discriminate on the basis of disability, age, sex, race, color, gender, sexual orientation, religion, national origin or any other characteristic protected by state, local or federal law. Any student who feels that he or she has been subject to unfair actions may contact the Director or file a grievance within the framework of school policy.

### **Accommodation for Students with Disabilities**

Design Institute of San Diego provides reasonable accommodation to students with disabilities in compliance with state and federal legislation including Sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA). Students who feel they qualify for accommodation should contact Susan Royce, Director of Academic Services, sroyce@disd.edu, for a full copy of the policy and for assistance in submitting the required written and professional documentation of a disability along with written and official professional documentation of required accommodations. All efforts are made to assist students in receiving reasonable accommodations and maintaining student confidentiality.

### **Student Grievance Procedure for Complaints of Discrimination**

Design Institute of San Diego (DISD) does not discriminate on the basis of disability, age, sex, race, color, gender, sexual orientation, religion, national origin or any other characteristic protected by state, local or federal law.

This procedure shall be applicable and utilized for all allegations of discrimination. Grievances of all other types shall be filed utilizing the general Grievance policy located in the catalog. This procedure applies to all Design Institute of San Diego students, faculty and administration. This procedure assists DISD in carrying out its responsibilities in administering and enforcing applicable federal and state laws and DISD policies related to nondiscrimination and investigation of complaints. Any individual who feels he or she is the victim of discrimination from a DISD employee, student or third parties, should follow the complaint procedures outlined below.

Margot Doucette, Director, margot@disd.edu has been designated to investigate complaints and to coordinate compliance efforts regarding the non-discrimination policy. Design Institute of San Diego, 8555 Commerce Avenue, San Diego, CA 92121, 858-566-1200.

## Filing Process

Complainants should file a complaint as soon as possible with the Director of Student Services, Tena Moiola, tmoiola@disd.edu, located in the main administrative building at 8555 Commerce Avenue, San Diego, CA 92121. Complainants will be given instructions to describe the alleged discrimination in writing. Assistance will be arranged, if needed, to complete the form. A complaint should be filed within 90 calendar days of the most recent incident of discrimination. DISD will consider requests to extend this period where the complainant can show he or she needed additional time.

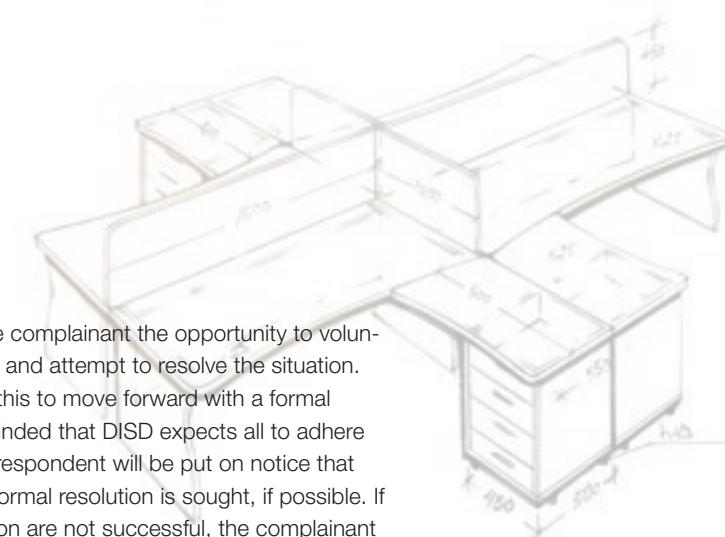

The complainant will meet with the Director to discuss options (informal, formal) for proceeding with resolution of the complaint. The complainant is not required to follow the informal procedure before filing a formal complaint. The respondent (the individual accused of discrimination) will be notified of the complaint within 10 working days after it is filed.

## Proceeding Options

**INFORMAL:** The Director may offer the complainant the opportunity to voluntarily discuss allegations and concerns and attempt to resolve the situation. The complainant is not required to do this to move forward with a formal complaint. The respondent will be reminded that DISD expects all to adhere to our nondiscrimination policies. The respondent will be put on notice that behavior has been questioned, and informal resolution is sought, if possible. If informal attempts to resolve the situation are not successful, the complainant may at anytime pursue a formal complaint.

**FORMAL:** If the complainant elects to file a formal complaint, a full, reliable, and impartial investigation is conducted by the Director. Both the complainant and the accused will have the opportunity to meet and discuss the allegations separately with the Director and may offer any witnesses or other information in support of their position. The investigation shall normally be completed within 45 working days from the filing of a formal complaint, including written notification to the parties of the outcome of the investigation. The written notification will be a complete report with findings regarding whether discrimination was found as to each allegation in the complaint. In extraordinary circumstances, the Director may extend this time for a reasonable period. All parties will be notified if such an extension is necessary. Many factors can interfere with an investigative fact-finder's commitment to complete a determination promptly, including unavailability of witnesses or the complexity of the issues involved. The Director will maintain contact with the complainant and respondent throughout the course of the investigation to keep them up to date on the process.

If a violation is found, the Director will recommend corrective actions. These may include a directive to stop any ongoing discrimination or retaliation; disciplinary or other corrective action against the respondent or others; relief for the complainant to remedy the effects of the discrimination or retaliation; and any other action considered necessary to ensure that the discrimination will not be repeated. These actions will become final and binding if there is no appeal.

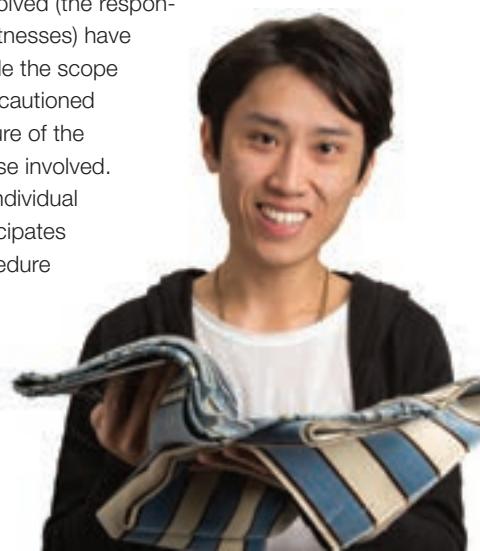

## **Appeal**

The findings of a formal complaint investigation may be appealed in writing to the Director of Student Services by the complainant or respondent within 10 working days of receipt of the Director's determination. A party may appeal a decision based on discovery of new evidence previously unavailable or a significant irregularity in the procedural process which could affect the outcome of finding. The appellant should be as specific as possible in setting out the basis for appeal; general dissatisfaction with the decision will not be sufficient. Notice will be given to the other party if an appeal is filed and a response can be filed within 14 days of notice of the appeal. The appeal package along with the documentation, notes and written determination will then be sent to a designated third party for review and continued investigation if deemed necessary. The designated third party will be appropriately trained and qualified to fulfill this role. The written findings of the appeal normally will be concluded within 45 days from the date of submission of the appeal and response to the appeal, unless an extension is necessary. If an extension is necessary all parties will be notified promptly. The determination of the designated third party will be final. At any time, prior to filing a complaint, or while a proceeding is in progress, a complainant may file their complaint with an appropriate external agency. A complete list of agencies, along with contact information, is available from the DISD Director, located at 8555 Commerce Avenue, San Diego, CA 92121, 858-566-1200.

## **Retaliation and Confidentiality**

Design Institute takes any allegation of discrimination, harassment, and/or retaliation seriously and is committed to protecting the integrity of the investigation process including confidentiality and the due process rights of all individuals. Note that all those involved (the respondent, the complainant, and the witnesses) have privacy interests. Therefore, outside the scope of the investigation, all parties are cautioned not to publicize or divulge the nature of the proceedings, or the identity of those involved. In addition, retaliation against an individual who files a complaint or who participates in an investigation under this procedure is prohibited.

## **Notice of Policy**

This policy will be included in campus publications, posted on the Design Institute website and available in the offices of the Director of Student Services, Director of Academic Services, and the Director.

## **Crime Awareness and Campus Security Act of 1990**

Design Institute is in compliance with all aspects of the Crime Awareness and Campus Security Act of 1990. The Annual Security report is given out to all students in the Spring and to all new students at Fall and Summer orientation. The report is also available for prospective students in the Admissions office. Immediate notification would be made in the event a criminal act should occur at Design Institute.

## **Sexual Harassment Policy**

Each individual has the right to learn or work in a professional atmosphere, which promotes equal opportunities and prohibits discriminatory practices, including sexual harassment. At Design Institute, sexual harassment, whether verbal, physical or environmental, is unacceptable and will not be tolerated. The policy is distributed to all students at orientation. Please contact Student Services for more information.

## **Higher Education Amendments of 1992/Sexual Assault Policy**

In compliance with The Higher Education Amendments of 1992, Design Institute has developed a program to promote awareness of sex offenses. This policy is distributed to all students at orientation.

## **Violence Against Women Act**

In accordance with the amendments to the Clery Act in 2013, DISD has developed a statement of policy regarding the prevention of domestic violence, dating violence, sexual assault, and stalking. This policy is distributed to all students at orientation.

# MEET THE FACULTY

## **Virginia Black, ASID, CID, NCIDQ**

Instructor, Interior Design. Interior Designer. BA, Art (Environmental and Interior Design), San Diego State University.

## **Brindan Byrne**

Instructor, Interior Design. Furniture Designer. BA, Industrial Arts, San Diego State University. MFA, Furniture Design, Rhode Island School of Design.

## **Sheryl Wohl Chaffee, IFMA, LEED Green Associate**

Instructor, Interior Design. Interior Designer. BS, Interior Design, University of Cincinnati.

## **Diana De La Torre**

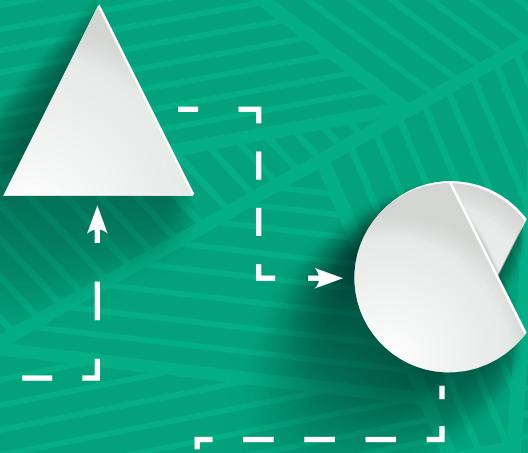

Instructor, Interior Design. Bachelor of Architecture, California College of the Arts. Master of Architecture, University of California, Los Angeles.

## **Sue Ellen Downs, CID, LEED AP, NCIDQ**

Instructor, Interior Design. Interior Designer. BA, Interior Design, Michigan State University.

## **Amanda Farber**

Instructor, Interior Design. Artist. BFA, Fine Arts, Cooper Union. MFA, Visual Arts, University of California, San Diego.

**Lynn Froeschle, LEED AP, NCARB**

Instructor, Interior Design. Architect. BS, Architectural Studies, Bachelor of Architecture, North Dakota State University.

**Michaelle Goodman**

Instructor, Interior Design. Architect. Bachelor of Architecture, Cal Poly, San Luis Obispo.

**Sandra Gramley, AIA, LEED AP**

Instructor, Interior Design. Architect. BS, Architectural Studies, University of Illinois. Master of Architecture, Texas A & M University.

**Michelle Hamm, RA, CID, ASID, NCIDQ**

Instructor, Interior Design. Architect. Interior Designer. Bachelor of Architecture, University of Arizona.

**Michael Hatter, NCARB, LEED AP**

Instructor, Interior Design. Architect. BS, Business Administration, University of North Carolina, Chapel Hill. Master of Architecture, University of Cincinnati.

**Richard Hess, ASID, Educator Partner, Associate IIDA**

Instructor, Interior Design. Bachelor of Architecture, Bachelor of Interior Architecture, Auburn University. Master of Architecture, NewSchool of Architecture.

**Martina Hesser, Ph.D.**

Instructor, Interior Design. BA, Ph.D., Art History, University of Vienna.

**Jeff Hines, NCIDQ**

Instructor, Interior Design. Interior Designer. Bachelor of Business Administration, University of San Diego. Certificate, Foundation Program In Interior Design, UCLA Extension.

**Denise Homme, Ph.D., ASID, IIDA, IDEC, NCIDQ**

Instructor, Interior Design. Interior Design Program Director. Interior Designer. BA, Arts & Sciences, North Dakota State University. MA, Ph.D., Design, Housing, and Apparel, University of Minnesota.

**Debby Kline**

Instructor, Interior Design. Artist. BFA, Painting, Indiana University.

**Larry Kline**

Instructor, Interior Design. Artist. BFA, Painting, Herron School of Art, Indiana University. MFA, Painting, Maryland Institute College of Art.

**Tina Koch, ASID, CID, NCIDQ**

Instructor, Interior Design. Interior Designer. BA, Art (Interior Design), San Diego State University.

**Cynthia Lambert-Langdon, Allied ASID**

Instructor, Interior Design. Interior Designer. BA, Liberal Studies, Loyola Marymount University. BFA, Interior Design, Design Institute of San Diego.

**David McGrevey, Ph.D.**

Instructor, General Education. Psychologist. BA, Psychology, American International College. MA, Guidance and Counseling, St. Mary's University. MA, Ph.D., Psychology, Kent State University.

**Rachel Nead**

Instructor, General Education. BA, Communications (Photocommunications), Speech Communication, California State University, Fullerton. MA, Speech Communication, California State University, Fullerton.

**Isabelle Odjaghian, ASID, CID, NCIDQ, LEED Green Associate**

Instructor, Interior Design. Interior Designer. BFA, Interior Design, Design Institute of San Diego.

**Kate Palese**

Instructor, Interior Design. Artist. BA, MA, Art, San Diego State University.

**Leila Parello**

Instructor, General Education. BA, MA, Philosophy, San Jose State University.

**Ann Parker**

Instructor, Interior Design. Interior Designer. BA, Art (Environmental and Interior Design), San Diego State University.

**Timothy Plagge**

Instructor, General Education. BS, Biology, Alma College. MS, General Biology, Eastern Michigan University.

**Molly Proul, ASID**

Instructor, Interior Design. BFA, Interior Design, Design Institute of San Diego.

**Anjum Razvi, Associate AIA, ASID, CCIDC, NCIDQ**

Instructor, Interior Design. Interior Designer. Bachelor of Architecture, University of Bombay.

**Lily Robinson, RA, IDEC, NCIDQ**

Instructor, Interior Design. Architect. BS, Design & Environmental Analysis, Cornell University. Master of Architecture, Parsons School of Design.

**Victoria Simmons, Ph.D.**

Instructor, General Education. BA, Foreign Languages, Anthropology, University of Memphis. MA, Ph.D., Folklore and Mythology, University of California, Los Angeles.

**Robert Stafford**

Instructor, General Education. BA, Psychology, San Diego State University. MFA, Creative Writing, San Diego State University.

**David Stuber, Associate, AIA, CASp**

Instructor, Interior Design. Building Design Consultant. Bachelor of Architecture, California State Polytechnic University, Pomona.

**Jane Thorngren, Ph.D.**

Instructor, General Education. BA, Geography-Ecosystems, University of California, Los Angeles. MA, Geography, University of Hawaii. Ph.D., Geography, University of California, Los Angeles.

**Jennifer Valencia**

Instructor, General Education. BA, Spanish, San Diego State University. MA, Speech Communication, San Francisco State University.

**Angela West**

Instructor, General Education. BA, MA, History, San Diego State University.

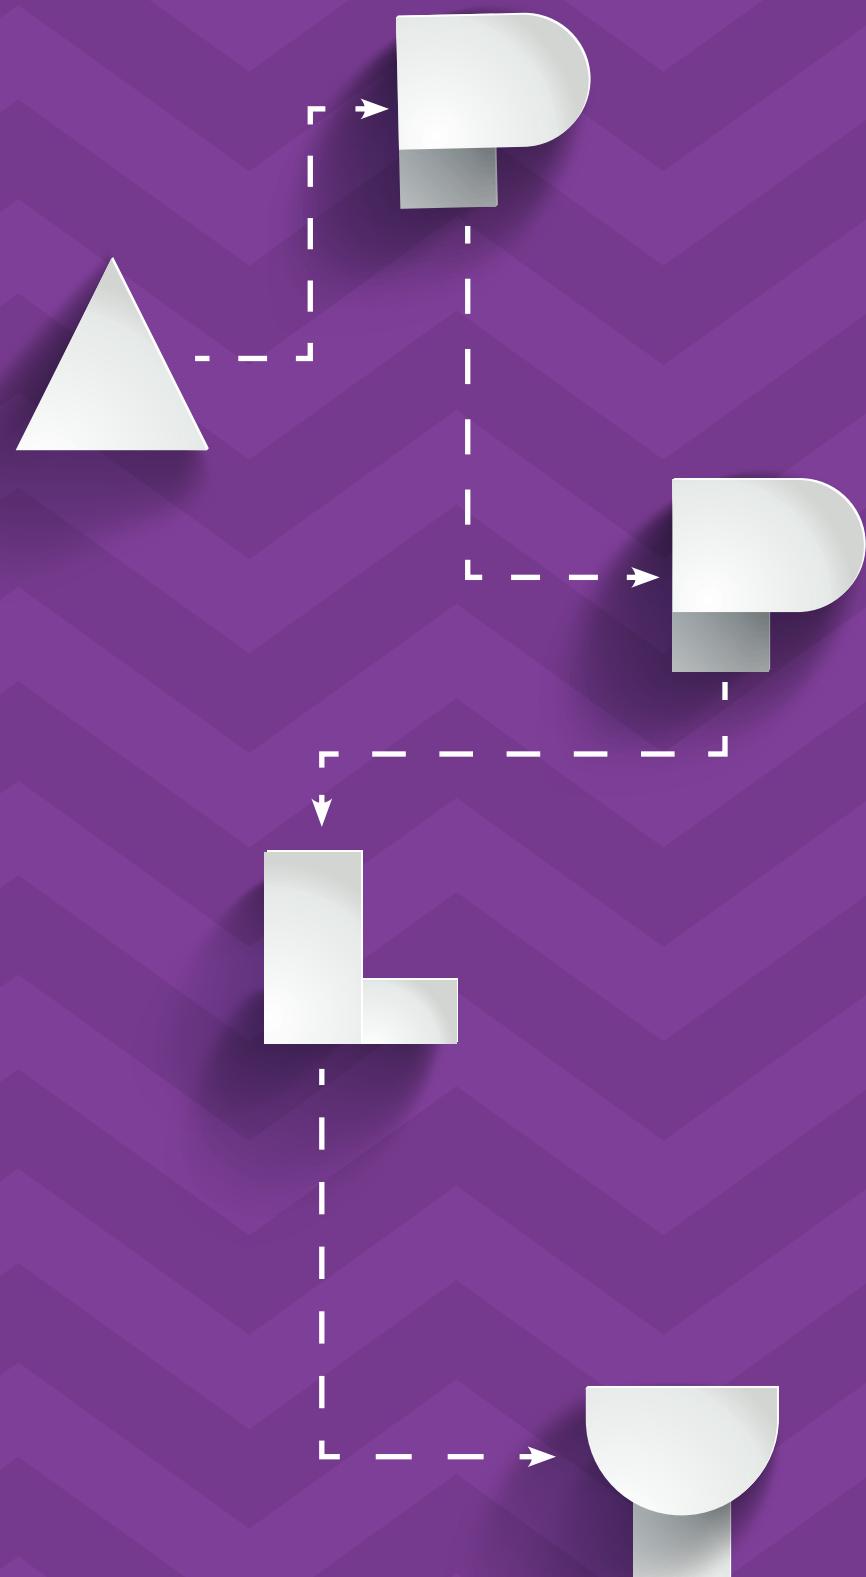

**Kimberly Wolfe**

Instructor, General Education. BA, MA, English, San Diego State University.

**Rebecca Zoni, CID**

Instructor, Interior Design. Interior Designer. BA, Art (Interior Design), San Diego State University.

## THE APPLICATION PROCESS

Design Institute of San Diego accepts applications for admission online or by mail. All application materials are located in the fold out of this catalog and can be accessed online at [www.disd.edu/admissions-apply](http://www.disd.edu/admissions-apply).

### APPLICATION REQUIREMENTS

#### **Application**

Applicants must submit an application for admission either online or by mail. Two (2) essays are required when submitting an application and are described under the "Essays" Section in the online or paper application. Online submissions are accepted in PDF or Word format and must be attached in order to complete your application submission.

#### **Transcripts**

For your application to be considered, you must submit to Design Institute of San Diego proof of high school graduation or its equivalent, as well as official transcripts from colleges attended if applicable. These transcripts should be sent directly to Design Institute of San Diego from the schools attended.

**FROM DREAM  
TO REALITY**

## References

DISD also requires two (2) references from teachers, counselors and/or employers. References are acceptable in one of two formats: 1) a personal letter of recommendation and/or 2) a completed "Design Institute of San Diego Reference Form" which can be found in the fold out of this catalog with the application materials or downloaded in PDF format through the following link, [www.disd.edu/pdf/references.pdf](http://www.disd.edu/pdf/references.pdf).

Completed references can be submitted to Design Institute of San Diego by email, postal mail, or fax:

**Email:** Admissions@disd.edu

**Mail:** Design Institute of San Diego  
Admissions Department  
8555 Commerce Avenue  
San Diego, CA 92121  
Fax: 858-566-2711

## Application Fee

Applications will not be considered until payment of a \$25.00 non-refundable application fee which is applicable towards tuition is received. For online applications a payment option is available after clicking the "SUBMIT" button upon completion of the application.

## Admissions Interview

An admissions interview is scheduled after the application has been submitted in order to discuss the application materials, the strength of the student's previous academic achievement, and to reconfirm the student's commitment to the program.

## ADMINISTRATION

Arthur Rosenstein, *President*

Gloria B. Rosenstein, *Vice President*

Margot Doucette, *Director/COO*

Denise Homme, *Interior Design Program Director*

Kairyn Haines, *Director of Admissions*

Liz Barry, *Admissions*

## **ADDENDUM TO 2015-2017 CATALOG**

(Effective May 1, 2015)

**p. 13**

### **Housing**

Please replace the existing paragraph with this paragraph:

DISD does not offer on-campus housing. Students may arrange for their own living accommodations close to the school, or utilize personalized housing and roommate services provided as a courtesy to students. The current rent for housing near campus ranges from approximately \$1225.00 - \$1950.00 per month. Housing costs vary based on location, size of the housing, and the number of roommates. The admissions office will gladly assist prospective students with questions regarding housing and roommate services.
