## WELCOME

Thank you for considering the University of Bedfordshire. We are a modern and innovative university in the United Kingdom, well-known for transforming the lives and career prospects of our students. Our heritage of top-quality education at tertiary levels goes back more than 100 years.

To join the University is to be part of a world-wide community. We are a truly international institution with institutional partnerships around the world and diversity in our student and staff backgrounds. Here, you will become an employable and entrepreneurial global citizen with connections and friendships that will last a lifetime.

Based just 30 minutes by train from London, you will have easy access to what the global capital has to offer, whilst living and studying in a more affordable town with a real sense of community. With our generous scholarships for international students, you will get true value for your investment.

Our professional, experienced, efficient, and furthermore, caring staff at the International Office are always ready and willing to help and support you from your enquiry to your graduation and beyond.

**Professor Ashraf Jawaid OBE**  
Deputy Vice Chancellor (External Relations)

# WHY CHOOSE BEDFORDSHIRE?

At the University of Bedfordshire you'll be part of a global network of students and staff from over 120 countries worldwide. Throughout your journey here you will have numerous opportunities to build a range of professional qualities and skills, because your employability is one of our top priorities.

Studying in the UK as an international student is a life-changing decision and a major investment which we don't take lightly. By joining us, you will be starting your journey towards achieving your aspirations in a supportive and enriching environment. When you choose Bedfordshire, you choose:

### Connected location

You'll enjoy living close to the world-renowned city of London without paying the capital's costs. Our campuses are located in well-connected towns which are also close to major international airports.

**Read more on page 6**

### Research-informed teaching

Our high calibre lecturers create inclusive environments for intellectual debate, identifying and nurturing talent by passing on their knowledge in engaging and interactive ways.

**Read more on page 8**

### Professional development

You'll benefit from our practice-based teaching methods, and will also have internship and volunteering opportunities throughout your studies. We are a leading university for improving the career prospects of our students – 91% of our graduates are in work/further study within six months of completing their studies (DLHE, 2018).

**Read more on page 14**

### State-of-the-art facilities

We continue to invest in new facilities to maintain a modern and well-equipped university for you. We have undergone a major £180m redevelopment programme to create innovative, high-quality environments to aid your learning across all campuses.

**Read more on page 16**

### Excellent international student support

Our International Office is here to support you from application right through to graduation on various aspects of your academic and student life.

**Read more on page 20**

### More than a degree

We strongly believe that there is more to university than simply gaining a degree. That's why we are committed to providing you with the best possible all-round experience, including numerous opportunities to grow personally and professionally. Here, you will make connections for life.

**Read more on page 24**

### Generous scholarships

Our tuition fees are competitive and we offer generous scholarships to make financing your studies a little easier.

**Read more on page 28**

LUTON **30 MINUTES**

FROM CENTRAL  
LONDON BY TRAIN

BEDFORD **40 MINUTES**

FROM CENTRAL  
LONDON BY TRAIN

# CONNECTED LOCATION

Studying at the University of Bedfordshire means you can experience everything London has to offer without the capital's costs. We have three campuses used by international students: Luton, Bedford, and Milton Keynes. With excellent transport links to London and the rest of the UK, our campuses are conveniently located in charming towns which each offer a sense of community.

Luton town centre

Luton

## 1. Luton

Our main campus is right in the heart of Luton's town centre. Luton is the most cosmopolitan and largest town in Bedfordshire, and with excellent transport links, can be accessed easily wherever you're coming from. A short walk from the campus brings you to many shops, restaurants and cafes, a cinema, museums, and lots more. Luton has three train stations and is well-connected to all major airports. You won't have to go far to find nature and tranquillity either; central Bedfordshire is home to a number of beautiful nature reserves.

**Find out more:**  
[unibeds.info/ourlocationluton](http://unibeds.info/ourlocationluton)

Luton Carnival

## 2. Bedford

Bedford is home to our second largest campus, where many of our Performing Arts, Education, English, and Sports programmes are taught. Some of our Business courses are also taught here. It's an idyllic, riverside town that offers a mix of a traditional heritage and modern buzz. Bedford is also excellently positioned – it's surrounded east and west by the historic cities of Oxford and Cambridge, and is just 40 minutes from central London by train.

**Find out more:**  
[unibeds.info/ourlocationbedford](http://unibeds.info/ourlocationbedford)

London

## 3. Milton Keynes

Milton Keynes (MK) is one of the fastest growing places in the UK and the location of our newest campus, where some of our Business, Computing, and Education programmes are based. The city-sized town fuses urban appeal with old country charm. From art exhibitions, musicals and canal-side promenades to skiing, wall-climbing, outdoor events, and one of the largest shopping centres in Europe, MK really does have something for everyone.

**Find out more:**  
[unibeds.info/ourlocationmk](http://unibeds.info/ourlocationmk)

Bedford

## 4. London on our doorstep

One of the world's most renowned capital cities is only 30 minutes by train from Luton, and 40 minutes from Bedford and Milton Keynes. You will enjoy the culture, buzz and excitement of a global city at a much more affordable cost.

Teaching  
Excellence  
Framework

# TEACHING & RESEARCH

We aim to make your learning experience at Bedfordshire a life-changing one; from guest speaker events and masterclasses, to industry visits and internships, we ensure our courses have a strong focus on enriching your knowledge and skills set, and preparing you for a successful career.

## Teaching

### Industry experts

Our tutors will help you to develop the critical thinking, analysis and communication skills you need to succeed in your academic journey and beyond. The teaching you will experience at Bedfordshire comes in many forms; expect high impact lectures, tutorials, one-to-one personal tutor meetings and professional workshops. You'll gain both knowledge and confidence from the free exchange of ideas between your tutors and peers.

### Award-winning teaching

The quality of our teaching is independently assessed and audited, and we've received some very impressive results over the years. We proudly achieved a Silver award in the first ever Teaching Excellence Framework (TEF 2017).

We were also awarded top marks in our most recent Quality Assurance Agency audit, and some of our academic staff are Fellows of the Higher Education Academy (FHEA) and have received National Teaching Fellowship Awards for their outstanding contribution to teaching and learning.

### Teaching support 24/7

To complement face-to-face teaching, we have created a virtual learning environment to support your studies outside of the classroom. BREO (Bedfordshire Resources for Education Online) is always accessible to support you with your studies.

## Research

With ten research institutes carrying out 'world-leading' and 'internationally excellent' research (REF 2014), we have a growing reputation for high-quality research that is changing the world for the better.

We are committed to applicable research that has genuine impact on the world around us – diabetes, organ donation, substance misuse, cyber stalking, child sexual exploitation, high performance computer and language testing and robotics technology amongst many other significant topics.

We have received a number of grants and contracts for high-profile research projects, and the research-led culture of our university means that you will have the opportunity to learn from and work alongside our experts who are investigating issues on a local, national and international level.

### Our Research Institutes

- BMRI Business and Management Research Institute
- CRELLA Centre for Research in English Language Learning and Assessment
- IASR Institute of Applied Social Research
- iBEST Institute of Biomedical and Environmental Science and Technology
- IHR Institute for Health Research
- IRAC Institute for Research in Applicable Computing
- IRED Institute for Research in Education
- ISPAR Institute for Sport and Physical Activity Research
- INTOUR Institute for Tourism Research
- RIMAP Research Institute for Media, Art and Performance

## OUR FACULTIES

### University of Bedfordshire Business School

#### 1st IN THE UK TO GAIN BSIS RECOGNITION

In 2018 our Business School became the first in the UK and one of only thirty-eight in the world to achieve the Business School Impact System (BSIS) award, an award which recognises our impact on the local community, our focus on the upward mobility and employability of our students, and our active role in enterprise creation for the region.

The University of Bedfordshire's Business School is the largest business school in the region, with more than 5,000 students and over 120 teaching and research staff.

Our view on business education is truly international and employment sits at the heart of our commitment to you. We believe in practice-based education and deliver academic success by bridging the gap between study and work. We regularly run Practice Weeks, which allow you to engage with local employers and build your employability. We also offer postgraduate courses with integrated placements.

#### Links with Professional Bodies

Our courses in Human Resource Management, Law, Accounting and Finance, Marketing and PR are linked

to professional bodies to give instant recognition of quality to employers.

#### Facilities

Our Business School is equipped to prepare you for the world of work: ground breaking Business Pods simulate the workplace, Reuters Rooms will allow you to build your investment portfolio, and the Moot Court provides a real-life court environment.

#### Accounting & Finance

Our accounting and finance courses have an international focus and offer excellent opportunities to gain relevant work experience in the field.

#### Business, Management & HRM

You will work on real projects with local businesses to adopt a problem-solving approach to business and management. You will develop your analytical skills and champion your creative mind-set to be able to shape the future of the organisations you may work with in the future.

#### Marketing, Tourism & Hospitality

You will be taught by academics with extensive industry experience, who will ensure you are exposed to the most up-to-date knowledge and practice in the field.

#### Law

You will learn all the latest developments in legal practice, and have the opportunity to simulate court room proceedings.

“ What I have learned from the University is not only academic knowledge, but also practical experience. With guidance from the professional tutors, students have many opportunities to gain more confidence. ”

**Ziyue Sun**  
MBA (General route)

## Faculty of Creative Arts, Technologies & Science (CATS)

We are a truly interdisciplinary faculty and we pride ourselves on running inspiring and engaging courses which are designed with employability in mind. We foster academic excellence and research collaboration, combined with real-world projects, professional practice and work placements to provide our students with an excellent foundation for their own careers.

### Links with Professional Bodies

Many of our computing, journalism and psychology courses come with the relevant recognised accreditations.

### Facilities

Our faculty contains an industry-standard TV multi-camera studio, a green screen, a fully equipped performance theatre, creative writing rooms, recently refurbished laboratories, a crime scene facility, and computing environment with the latest equipment and software.

### Art & Design

The School of Art & Design is housed in a newly refurbished £3m building previously owned by the UK fashion house Alexon. Studying here gives you access to a creative team of successful practitioners and

academics who regularly publish, design and exhibit nationally and internationally within the creative industries. You will also have the opportunity to showcase your work to talent scouts online and at a graduate exhibition in London, as well as our very own Art and Design degree show.

### Computer Science & Technology

Many of our staff are active in research and the school has partners in six major EU research projects. Our career-focused curriculum is updated regularly to meet the needs of employers.

### Journalism & Communications

The School's courses centre on audiovisual storytelling through different media from print to TV. We have committed teaching by professional practitioners with experience working with BBC, ITN and Reuters.

We host regular speakers, masterclasses and workshops with big names and casting agencies from the media industry. The department is led by the UNESCO chair in New Media Forms of the Book and has a research focus on transmedia storytelling.

“ The Faculty of Creative Arts, Technologies and Science (CATS) is a diverse and vibrant faculty that motivates our students to gain the knowledge, practical and interpersonal skills they need to succeed in today's modern workplace. This gives our students a truly global and employability driven experience. ”

**Dr John Reynolds**  
Sub-Dean (International) Faculty of Creative Arts, Technologies and Science

facebook.com/unibedsinternational  
twitter.com/uobintl  
youtube.com/uobvideos  
WeChat ID: Beds-China

**WE AIM TO PROVIDE YOU WITH A BETTER UNDERSTANDING OF THE THEORETICAL CONCEPTS YOU LEARN IN LECTURES.**

**WITH OVER 100 YEARS EXPERIENCE, WE HAVE AN EXCEPTIONAL REPUTATION FOR OUR SPORT COURSES.**

### Media Arts & Production and Performing Arts & English

We offer innovative, practice-led courses and committed teaching by internationally renowned professional practitioners and academics. We have excellent industry links giving you the chance to gain work experience and improve your employability. Our programme of visiting speakers, masterclasses and workshops led by industry experts will offer you further insight into the industry.

### Life Sciences

Staff are active in exciting research areas such as cancer biology, neurodegenerative diseases, microbiology, environmental biology and biotechnology. Our courses not only meet the demands and expectations of the industry but also equip you with the right skills to ensure you will be highly employable when you graduate.

### Psychology

You will develop skills that are highly desirable to potential employers,

including the ability to conduct research, project management, critical analysis, communication and teamwork. You will have the opportunity to be involved in research projects, volunteering and conferences to further explore the field of psychology.

### Faculty of Health & Social Sciences (HSS)

The Faculty of Health & Social Sciences offers a range of innovative courses attracting students from a wide variety of backgrounds.

The Faculty takes a flexible, often work-based, approach to teaching and learning which encourages reflective practice. All teaching and learning is informed by research and evidence.

### Links with Professional Bodies

We offer courses accredited by the National Youth Agency and Health and Care Professions Council to give you vital employment skills.

### Facilities

Our healthcare students will benefit greatly from our simulation suites, which include an operating theatre, ward area, high fidelity mannequins, and much more. Our facilities also include top-of-the-range biomechanical equipment.

### Social Studies

Our Social Studies academics are actively involved in national and international research projects. You will be able to draw from their extensive experience in the field during lectures and practical sessions as well as tailor your course to your interests and career aspirations to make the most of your degree.

### Healthcare

By embedding practical learning in our courses, we aim to provide you with a better understanding of the theoretical concepts you learn in lectures. You will be taught by experienced professionals in a modern working environment to build your knowledge and confidence, and help

you develop autonomy and independent practice. You will gain valuable knowledge on the UK healthcare system which will encourage you to consider feasible changes to practice when comparing it with healthcare in your country.

## Faculty of Education & Sport

The Faculty of Education & Sport is based at the Bedford campus. We have academic roots that go back to 1882 in general education and to 1903 in physical education. You will benefit from rich learning experiences, career-focused teaching, and opportunities to undertake research projects.

### Links with Professional Bodies

Our sports laboratories are accredited by the British Association of Sport and Exercise Sciences (BASES) and the BA (Hons) Health Nutrition and Exercise is accredited by the Association for Nutrition. Many of our sports degrees offer you the opportunity to gain extra nationally recognised qualifications alongside your degree. We offer a wide range of teacher training courses which offer qualified teacher and qualified early years teacher status. Our English language provision is accredited by the British Council.

### Facilities

The Gateway Building at our Bedford campus offers you teaching environments which support our student-centred approach to learning and the integration of the latest technology. Our sports facilities include a gym, strength and conditioning suite and AstroTurf in addition to the normal sports hall. The six purpose-built sport science laboratories and two molecular and cellular physiology labs promote excellence in both teaching and research. The environmental chamber is used both for research and by top-class athletes for training and preparation for competition in different climates.

### Education

We are a large provider of teacher training and have a history in this field dating back more than 100 years. The faculty has well-established links with more than 500 schools so that you can benefit from a practical and relevant learning experience. We offer specialisms in a range of areas. Students from other countries have the opportunity to gain experience in local schools, and compare their native country's education system with the UK's.

### English Language, Linguistics, TEFL

Our undergraduate courses offer the opportunity to study language and linguistics across a broad spectrum which will prepare you for careers in a range of professions, including speech and language therapy, lexicology, media, broadcasting, legal and forensic intelligence. The TEFL (Teaching English as a Foreign Language) pathway will allow you to gain an additional qualification that gives you British Council certification.

### Sport Science and Physical Activity

Recent investments in state-of-the-art laboratories will provide you with the best sporting education possible and create numerous opportunities for engagement in experimental work. We have an extensive network of links with sports organisations and employers, ensuring that your studies incorporate the most up-to-date knowledge and ideas. Our internationally recognised research combines specialist knowledge focusing on nutrition, exercise, and therapeutic strategies to improve global health awareness and quality of life across multi-cultural communities.

// I completed an internship at Umbicord Ltd. It helped me gain important knowledge in the software industry - their culture, work environment and all about web development. As my internship was within my field of study, I was given the opportunity to learn more about my course, not just in a university environment but in the real world. //

**Aishat Ganiyu**

BSc (Hons) Computer Science  
& Software Engineering

# EMPLOYABILITY

We make sure we integrate all the latest developments in your subject area with current professional, industry and commercial practices to make sure you have the knowledge and skills wanted by employers.

## Network with your industry

We host a wide range of industry visits, guest lectures, workshops and high-profile masterclasses with industry professionals to provide you with valuable networks and business connections. Previous masterclasses have included Gemma Hunt, CBBC Presenter (and fellow Bedfordshire Alumni), Alastair Thrush, Lead Academy Physiotherapist at Arsenal Football Club, and Maurizio Grande, Brand Communications Manager at Lamborghini.

## Gain practical experience

Practical experience will be a vital tool in your life after university. Studying at Bedfordshire, you will have many opportunities to put your skills to the test. Media students can replicate what happens in industry through Media Junction, which provides opportunities to specialise in short promotional films. Our students are paid to set up, shoot and edit real projects for real clients, and build up impressive portfolios of work. Art and Design students can join the Guildford Street Press, and take on the roles of designers, illustrators, writers, editors, and publishers for both internal and external clients.

Our Sports Therapy students undertake placements in our free Sports Therapy Clinic, which enables them to gain hands-on experience in assessing and treating musculoskeletal injuries, as well as providing sports massages. In addition, Law students are able to work within our Law Clinic alongside academics, qualified lawyers and local advisers, on live cases to enhance their experience of legal practice.

## Bedfordshire Student Internship Scheme

Our Internship Scheme will help you to develop your professional network, apply your academic knowledge in a practical environment and gain a wide range of transferrable skills including time management, customer service and communication. We offer both voluntary and paid opportunities ranging from between two weeks and ten weeks.

Before you start your internship, we will support you with our 'work-ready' training programme so you are fully prepared and know what to expect.

## Careers & recruitment service

Our award-winning Careers Service offers specialist employability advice, access to a wealth of career information and online resources, coaching on CV-writing and interview skills, help securing part-time work, internships and volunteering opportunities. You can continue to access this service even after you graduate.

**Find out more: [unibeds.info/beds-careers](http://unibeds.info/beds-careers)**

## EmployAble

Our unique EmployAble programme will ensure you get a head start in your career by providing you with a vast array of activities to develop your skills and experiences, such as: part-time paid work, employer events, CV support, careers guidance, mock interviews, internships and more.

**Find out more: [unibeds.info/beds-employable](http://unibeds.info/beds-employable)**

## Professional Bodies accreditation

Many of our courses are accredited by professional bodies such as: Association of Certified Chartered Accountants (ACCA), the Chartered Institute of IT, British Council, British Psychological Society, Chartered Management Institute, General Social Care Council, National Association of Licensed Paralegals and the National Youth Agency and the Institution of Engineering and Technology. Professional accreditation ensures you gain a valued and recognised qualification and offers the employers instant recognition of quality.

Luton campus library

# FANTASTIC MODERN FACILITIES

We continue to invest in Bedfordshire with your bright future in mind. You will have access to a range of industry-standard facilities and equipment that will enhance your learning experience and prepare you for employment after you graduate.

We have undergone a major redevelopment programme across all of our campuses to create vibrant environments and install innovative, high-quality facilities for you to use.

Luton campus

## Campus highlights

Student Village, Luton

Fitzroy Court studio room, Luton

Fitzroy Court standard en-suite, Luton

Shared kitchen, Bedford

# ACCOMMODATION

You can enjoy a safe, secure and friendly home away from home in our Student Village. Living in university accommodation is the best way to meet your peers, make friends, and build a sense of stability in a new environment.

With London on Luton and Bedford's doorstep, you can benefit from its cosmopolitan social scene at a much cheaper cost, and with all your bills included, Wi-Fi and so much more.

## Luton accommodation

Our Student Village is ideally located at a short walking distance from our Luton campus in the town centre.

Opened in 2011 and 2012 respectively, Fitzroy and Wenlock Courts provide 852 en-suite ultra-modern study bedrooms. These fully-furnished flats include a bed, desk, wardrobe, and en-suite shower pod. Each flat has a spacious kitchen lounge area to relax with your flatmates. For those wanting a little more space and privacy, our studio flats are a great option, offering

a double bed and private en-suite shower room and kitchenette.

Fitzroy and Wenlock Courts also have fantastic communal lounges, games rooms, media and group study rooms, a fully equipped gym and laundry facilities.

## Bedford accommodation

Students at the Bedford campus have the option of living in the purpose-built Student Village or at Liberty Park, both of which are located on campus, within easy reach of the town centre and station.

Student Village has 168 bedrooms, offering a range of affordable options from study rooms with shared bathroom facilities to en-suite rooms with private shower rooms. The shared kitchens are

fully equipped and have a communal lounge area to relax with your flatmates.

Liberty Park offers 430 en-suite study bedrooms grouped in flats with fantastic communal areas, including gym and on-site laundry facilities.

For information about rooms at Luton and Bedford, visit: [www.campuslivingvillages.co.uk](http://www.campuslivingvillages.co.uk)

## Milton Keynes accommodation

If you are studying at our Milton Keynes campus, we recommend you stay with us at our Bedford campus accommodation for the best student experience. Bedford is located 45 minutes away from Milton Keynes by bus.

Standard en-suite bathroom, Bedford

## ADDED BENEFITS

- Safety first – we have staff on-site 24 hours, and electronic fob and swipe card entry systems
- All-inclusive value – your rent in Luton and Bedford includes all utility bills and contents insurance
- Stay connected – free 30Mb Wi-Fi is included
- Instant friends – halls are a great way to meet new people
- Village Life events – make it a year you'll never forget! Meet new friends from week one with events such as BBQs, movie nights and day trips day trips

# INTERNATIONAL STUDENT SUPPORT

Our wide range of teams work together to support you from your admission right through to your graduation.

## International Office

Based at our main campus in Luton, our International Office is an important point of contact for you as an international student. We have many specialist teams in place here who have the experience to assist you throughout your journey in the best ways possible. The International Office will support you with visa advice, making the most of your student experience, enhancing your employability, and much more. When you arrive, you will be invited to attend our full induction and orientation programme for new students, where we will introduce our wide range of services to you so that you feel fully prepared from the very start.

**Visit: [unibeds.info/io-office](http://unibeds.info/io-office)**

“ In order to maximise your investment we are here to bring out the best of you with what we can offer, while you are here to make the best out of us with what you can achieve. ”

**Harry Wang**  
International Office Director

### International admissions and marketing

We have dedicated admissions and marketing teams within the International Office who each specialise in working with specific regions around the world. They are here to support you with any issue related to your admission, your experience here, and more.

### Visa advice service

The International Office's visa compliance team offers a free drop-in service for all students with any visa-related queries. Our visa advisers each have many years of experience in working to meet UKVI requirements and supporting students with compliance.

facebook.com/unibedsinternational  
twitter.com/uobintl  
youtube.com/uobvideos  
WeChat ID: Beds-China

### International learning support

We appreciate that studying in a language that's not your native can be a challenge. We will support you as you adjust to the UK education system.

#### Pre-sessional English classes

We offer pre-sessional English courses for those who don't meet our standard English language entry requirements. Our English Language courses are accredited by the British Council, confirming the quality of our provision. You will be advised if you need to attend a pre-sessional course when you make your application to study with us.

**Find out more:** [unibeds.info/PSENG](http://unibeds.info/PSENG)

#### Communication Skills classes

Communication Skills classes will be included in your timetable for your first year of study. Our sessions will familiarise you with the higher education system in the UK and help you to improve your academic skills to maximise your grades.

**Visit:** [unibeds.info/commsclass](http://unibeds.info/commsclass)

## GENERAL SUPPORT

### Student Information Desk (SiD)

SiD is your gateway to all student services. SiD are located across all our campuses and our friendly advisers are on hand to help you with all of your queries. SiD offer a range of services, including booking appointments with various departments, printing bank letters, and more. This support service is also available 24/7 online, where you can log and update enquiries, or browse through 500 frequently asked questions.

**Visit:** [unibeds.info/isdim](http://unibeds.info/isdim)

### Peer Assisted Learning (PAL)

Peer assisted learning enables new students to learn from experienced students - you will work with PAL leaders who will offer support, practical advice and guidance to help you successfully progress through your first year.

### Personal Academic Tutor (PAT)

When you start your course with us, you will be assigned your own personal academic tutor (PAT). Your PAT will provide advice and support to help you achieve your ambitions and ensure that you get the most out of your studies.

[facebook.com/unibedsinternational](https://facebook.com/unibedsinternational)  
[twitter.com/uobintl](https://twitter.com/uobintl)  
[youtube.com/uobvideos](https://youtube.com/uobvideos)  
 WeChat ID: Beds-China

## Study Hub

On the mezzanine level of the Library at Luton campus, you will find Study Hub.

Study Hub brings together three teams of specialists: Academic Liaison Librarians, Computer Skills Trainers and Professional and Academic Development (PAD) tutors. These teams offer a wide range of learning opportunities, which will help develop your academic skills and improve your assignment writing techniques; leading to better grades and enhanced employability.

**Find out more: [unibeds.info/study-hub](http://unibeds.info/study-hub)**

## Students' Union

Beds SU offers a Welfare and Advice service where you can gain support on issues relating to accommodation, finance, plagiarism, employment, health, personal safety, wellbeing and more.

**See page 25 for more about the opportunities our Students' Union offer.**

## Community and Faith

Our Community and Faith teams, based in Tree House in Luton and SeedBeeds in Bedford and Milton Keynes, welcome students of all faiths and beliefs, and those who are not religious at all. We offer confidential personal support, a range of social activities and events and quiet prayer rooms. Our teams can also link you with your local faith communities and places of worship.

**Visit: [unibeds.info/communityfaith](http://unibeds.info/communityfaith)**

## Student Engagement

Our Student Engagement Advisers offer support on a range of problems you might be facing. They can offer confidential advice on academic, personal and health issues that may be impacting your studies. We also have a Bedfordshire Police Liaison Officer who works directly with the university to help maintain a safe and welcome environment.

**Visit: [unibeds.info/stsupportservices](http://unibeds.info/stsupportservices)**

A photograph of two women sitting at a table, laughing together. The woman on the right has curly red hair, wears glasses, and a blue lanyard with a badge that says 'University of Bedfordshire'. They are both looking down at something on the table. There are two coffee cups in the foreground. The background is a bright, indoor setting with wooden beams.

# MORE THAN A DEGREE

At Bedfordshire, we strongly believe that university is about more than simply gaining a degree, and what you do in addition to your studies can make all the difference when you apply for jobs after graduating.

### Join a society or volunteer

The University of Bedfordshire Students' Union is the perfect place to meet other students and get involved in a wide range of exciting, fun activities. You can join any of our wide range of cultural, political or recreational societies to meet other like-minded people, and if there are no existing societies that really interest you, you can even create your own! There are also many volunteering opportunities which you can get involved in, to gain work experience and make a real difference to the community.

### Represent your peers

You can choose to become a course or faculty representative, and become the voice for your fellow students. You will have access to full student rep training, run by the Students' Union. If you want to get involved even further and make an impact in a wider community, you could run in elections to represent students as one of the sabbatical officers in the Students' Union.

**Visit:** [unibeds.info/bedssu-beds](http://unibeds.info/bedssu-beds)

### Sport

Get Active is our recreational sports programme, open to all staff and students regardless of ability or experience. For a small cost each semester, this fantastic initiative enables you to try a range of great sports and activities like yoga and pilates, swimming, badminton, tai chi, football, archery, cricket and much more.

**Visit:** [unibeds.info/uobgetactive](http://unibeds.info/uobgetactive)

The Bedfordshire Bulls is the name for all the competitive sports clubs here at the University of Bedfordshire. With over 500 members of various sports clubs there is a sport to interest everyone.

Each club has an elected committee of students to look after the day-to-day running of the club.

Most clubs compete in weekly (Wednesday) BUCS (British University and College Sport) fixtures, within leagues against universities in the Midlands and elsewhere in the UK.

We also have great facilities in our Aspire gyms in Luton and Bedford.

**For more info, visit:** [unibeds.info/uobgetactive](http://unibeds.info/uobgetactive)

### Broadcast on the radio

If you have the interest in radio, or presenting and producing your own shows, then why not get involved in the University's very own radio station, Radio LaB? Broadcasting throughout Luton and Bedfordshire from the University's Luton campus, Radio LaB is a community radio station which includes a mix of music shows, news and light entertainment.

**Listen online via: [radiolab.beds.ac.uk](http://radiolab.beds.ac.uk)**

Paris riverside during twilight blue hour

### Volunteer your time

Volunteering is a great way to develop new skills, build confidence and gain practical experience. You'll meet some great people and gain satisfaction knowing that you're contributing towards something that makes a real difference to people's lives.

### Learn a language

Boost your CV and learn a new language on one of our Employability Units. Choose between Spanish, German, Mandarin or Arabic, and study it alongside your degree, free of charge. In-class assessments will help you judge your progress and a Certificate of Participation is awarded upon completion.

# Go Europe

To ensure you get the most from your experience at Bedfordshire, we offer you the opportunity to take part in a highly subsidised trip to a famous city in Europe. Every year the International Office organises a short break during the summer specifically for international students, to destinations such as Paris or Amsterdam.

**Visit:** [unibeds.info/goeurope](http://unibeds.info/goeurope)

“ Paris was one of my first trips around Europe and it was unforgettable! I loved every bit of it, especially Disneyland. I got to learn about a different culture and interacted with the community. I gained a lot of things like making life-changing friendships, and I learned a few words in French.”

**Shanice Njeri**  
BSc (Hons) Biomedical Science

# INTERNATIONAL FEES & SCHOLARSHIPS

All new, international applicants are entitled to receive our £1,000 Vice Chancellor's Scholarship.

International student fees and scholarships vary depending on the level of study and academic year of intake. Tuition fees are fixed for the duration of the course. Full details of our fees and scholarships for the next intakes are published on our website.

For more information please visit: [unibeds.info/intl-fees](http://unibeds.info/intl-fees)

# ENTRY AND ENGLISH LANGUAGE REQUIREMENTS

## Undergraduate degrees (BA/BSc/BEng)

You will need to have completed your high school education (12 years), have a pass equivalent to two UK A level passes, and have the required English language qualification.

## Postgraduate taught courses (MA/MSc/MBA/LLM)

You will need to have a good honours degree, or equivalent qualification in an appropriate subject from a recognised university or HE institution. We also consider candidates with other relevant qualifications and individuals with appropriate work experience. You will also need the required English language qualification.

## Formal English language tests accepted

The University accepts the following qualifications as satisfying the English Language requirements for entry to a Bachelor's or Master's degree:

- IELTS overall score of 6.0 with minimum 5.5 in each element
- Pearson Test of English Academic (PTE Academic) – score of between 52 and 54 with minimum of 51 in each band
- Cambridge Certificate in Advanced English, minimum grade C (each element must be at 'weak' or above)
- Cambridge Certificate of Proficiency in English, minimum grade C (each element must be at 'weak' or above)

Entry requirements for our Foundation courses vary. Please check with the relevant admissions team:

[unibeds.info/contactus](https://www.unibeds.info/contactus)

Please note: some courses may require higher levels of English. The exact criteria will be specified in the course description. For country specific requirements, please check your country page at:

[unibeds.info/intlyourcountry](https://www.unibeds.info/intlyourcountry)

facebook.com/unibedsinternational  
twitter.com/uobintl  
youtube.com/uobvideos  
WeChat ID: Beds-China

# HOW TO APPLY

Our dedicated admissions teams work to ensure your application process is as smooth as possible. The following steps outline the process you will go through once you have chosen your course and are ready to make an application.

[facebook.com/unibedsinternational](https://facebook.com/unibedsinternational)  
[twitter.com/uobintl](https://twitter.com/uobintl)  
[youtube.com/uobvideos](https://youtube.com/uobvideos)  
WeChat ID: Beds-China

## 1. Make your application

You can apply directly via email or using our online application form. To download our application form or apply online, visit: [unibeds.info/intlapplyonline](http://unibeds.info/intlapplyonline)

For the contact details of regional admissions teams at Bedfordshire, please check: [unibeds.info/intladmissions](http://unibeds.info/intladmissions)

You can also apply through an approved representative in your country. For a list of agents we work with, visit your country page: [unibeds.info/intlyourcountry](http://unibeds.info/intlyourcountry)

### Submitting your application

**You must include:**

- Photocopies of your official academic qualifications (certificates and transcripts, including proof of English language proficiency, such as IELTS)
- A one page personal statement detailing why you want to study your chosen course in the UK, why at the University of Bedfordshire and how it will fit in with your future career plans
- A photocopy of your current passport's photo page
- Copies of any UK visas you have held (including any refusals from any country)

If you have previously studied in the UK you must also include CAS letters, certificates and transcripts, UK visas and visa refusals from any country.

## 2. Wait for your application to be processed

Your application will normally be processed within five working days but may take longer during busy periods.

## 3. Receive a decision

If your application is successful, we will email you (or your agent) a conditional offer letter. Your letter will outline all the conditions you will need to meet in order to be officially accepted.

## 4. Fulfill your conditions

Fulfilling the conditions on your conditional offer letter will usually include providing financial documents, and paying a deposit or providing proof of sponsorship in order to progress onto a Skype interview with a member of our team.

## 5. Wait for us to complete financial checks

Your financial documents must be checked to make sure they meet UKVI requirements. We will contact you if further evidence is required, and once they are approved.

## 6. Visa application advice

After arranging a suitable time with you, we will contact you via Skype to help you prepare for your visa application interview.

## 7. CAS letter

If you are successful and have fulfilled all the conditions on your conditional offer letter, we will issue your Confirmation of Acceptance to Study (CAS) letter via email to you or your agent. Please note, you must have paid a minimum of 50% of your first year fees in order to receive your CAS.

## 8. Visa application

You are likely to be interviewed by an Entry Clearance or Visa Officer so make sure you have researched all the details about your course of study, including location and accommodation.

## 9. Book your flights and accommodation

Once your visa has been granted, you can book your flights and accommodation. Please inform us of your arrival details.

## 10. Arrival

**To ensure a successful start, please arrive in time for your induction. Before you arrive we will email you a New Student's Guide so that you are prepared and know what to expect during your first days on campus. Please note, you must pay a total of at least 65% of your first year fees at registration to officially become a University of Bedfordshire student.**

# COURSES

Here at Bedfordshire we offer a wide selection of courses at both undergraduate and postgraduate level. Please visit: [unibeds.info/uobcourses](https://unibeds.info/uobcourses) to browse all the courses we currently offer.

*The information about courses provided in this prospectus is intended to give potential applicants an overview of the programmes that the University intends to make available in the next academic year. Every effort is made to ensure that the information in the prospectus is accurate. However, it may become necessary for the University to make changes, for example to programme content, course delivery and fees, due to legitimate staffing, financial regulatory and academic reasons including (but not limited to) industrial action, lack of demand, departure of key personnel, change in government policy, withdrawal or reduction of funding, the requirements of the quality code of the quality assurance agency or a change of law. The University will endeavour at all times to keep such changes to a minimum and to keep students informed appropriately.*

*If a course is not provided in whole or in part, the University will take such steps as are available to it to minimise the effect of any alteration or withdrawal. Such steps may include alterations to delivery of teaching or assessment, the offer of a place on an alternative course or the offer to transfer to another course at the University or elsewhere. You will be entitled to decline to accept the changes to the programme and withdraw but not to receive a refund for those parts of the programme that you have completed whether or not you have passed any assessment.*

*If there are any physical restrictions as to access, then depending on a student's disability, reasonable adjustments will be made.*
