United Kingdom

..... A

WARM WELCOME *from* THE VICE-CHANCELLOR

Thank you for thinking about Bucks New University as the launch pad for your future.

We are delighted to welcome applicants from around the world to join our UK and EU students at one of our vibrant, modern and friendly campuses; in High Wycombe, Uxbridge or Aylesbury.

You may have already decided on a career, perhaps you are looking for a course in a subject you love, or you may still be considering your options. What I can tell you is that Bucks New University is the perfect place to prepare for your success.

Why am I so confident? Because all of our courses are created with your future career prospects in mind. We design our degrees working closely with industry to make sure you have the skills you will need to succeed in the job market.

We're one of a new breed of university, specialising in degrees that are professional and practical, as well as academic.

We invest in great tutors who have a track record in business and professional insight so you don't just get the theory – you get the benefit of their experience

We also invest in the latest equipment, so when you graduate you are up to date and know how to handle the latest processes and equipment.

Whether that is an aeronautical simulator, a hospital clinic or a mixing desk – employers will see that you know your way around already.

Bucks New University has a deserved reputation for being young in outlook and a vibrant place to study but we aren't 'the new kids on the block'.

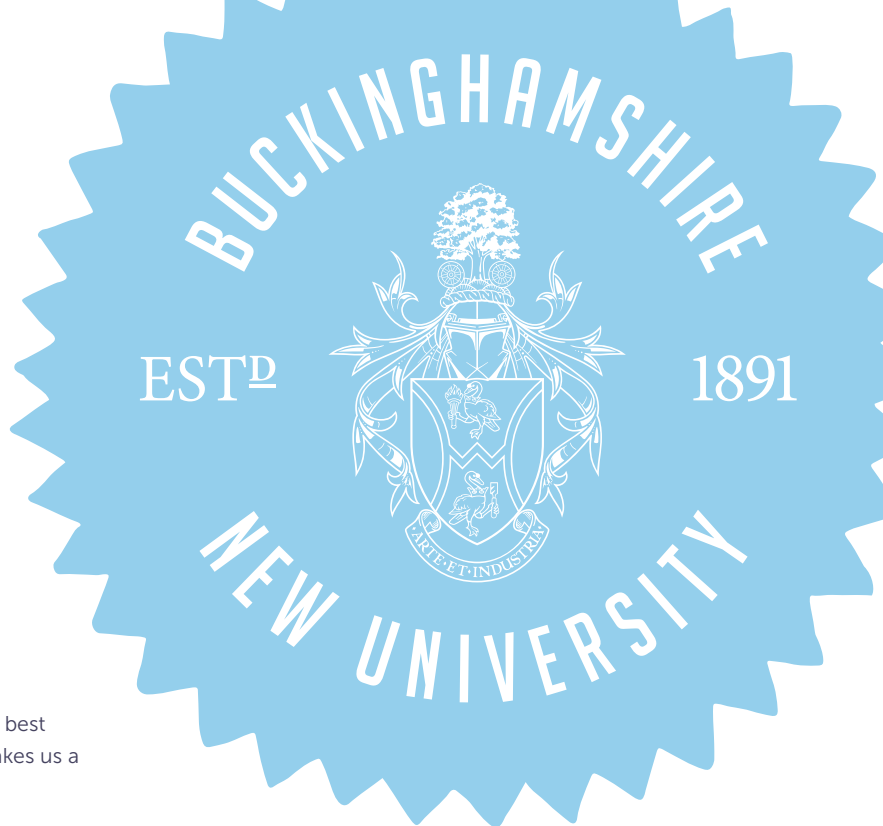

High Wycombe Technical and Arts School, 1891

The Gateway Building, 2016

*...celebrating
125 years!*

We are proud to be celebrating 125 years of learning! Your time at university is a valuable opportunity to explore your talents and develop as a person. Your study is central, but we know you will also benefit from the social life at Bucks. The range of sports and recreation societies, plus one of the best rated students' unions in the country makes us a great choice.

I hope you find what you are looking for in this guide, but don't stop there, come and meet us at one of our open days where staff and existing students can answer your questions directly.

Good luck and I hope we see you soon!

10

tasty REASONS TO STUDY AT *Bucks*

1

A GREAT ENVIRONMENT

Learning in an inspiring, friendly and well-equipped university makes a massive difference. That's why we've invested £100 million in making our campuses amazing.

6

AN AMAZING STUDENTS' UNION

From societies and sports, to bars, clubs and cafes. Bucks Student's Union certainly offers a lot – and most of it for free!

2

EXCITING LOCATIONS

Our campuses are nestled in the English countryside, yet close to all the excitement London has to offer.

7

ACCOMMODATION THAT'S ALL READY FOR YOU

Moving away from home can be a daunting prospect, but not when you know you've got a comfy place ready and waiting for you.

3

CAREER-FOCUSED COURSES

Our courses are specifically designed to prepare you for a rewarding career. We encourage entrepreneurs and our support carries on after you leave.

8

INDUSTRY-FOCUSED RESEARCH

Our research submitted in the 2014 Research Excellence Framework was identified as both 3* and 4*. This means we are officially 'Internationally Excellent' and 'World Leading'.

4

OPPORTUNITIES FOR ALL

We support bright, talented people, regardless of their social or financial background. We are delighted to welcome applicants from around the world to join our student community.

9

OUR GLOBAL OUTLOOK

You could benefit from our network of worldwide partners. Internationalisation is one of the major forces shaping the teaching and learning environment at Bucks.

5

ACADEMICS WHO KNOW THEIR FIELD

We have a team of talented academic staff who are still involved in their industries. They'll give you crucial insights into the world of work.

10

WE'LL SUPPORT YOU ALL THE WAY

As a Bucks student, the whole University is lined up to help you get the most from your university experience.

We call three towns in England home – High Wycombe, Uxbridge and Aylesbury. Set in the beautiful English countryside yet close to all the excitement London has to offer.

High Wycombe

The town has all the charm of the English countryside right on London's borders. There's plenty to keep the student life alive – from shopping centres to the local pub. Our main campus couldn't have a better home than High Wycombe!

Entertainment at High Wycombe

Get your retail therapy at the Eden complex. As well as having a range of big name shops, there's a 12-screen cinema and a bowling alley. There's a big choice of restaurants for you to sample, and some are great for when the budget gets tighter towards the end of term.

Theatre lovers are well catered for too. The Wycombe Swan Theatre is one of the leading theatres in the South East. When you've finished indulging in high-brow theatre, you can have a giggle at one of the Town Hall's comedy nights.

Live in one of the UK's safest towns

You'll always have a safe night out in High Wycombe. The town has Purple Flag status, which means it's been recognised for its warm welcome, great mix of venues and safe travel. The Complete University Guide website also recognises High Wycombe as one of the top ten safest towns.

We're well connected

Just a short walk away, you'll find rail links to London and other major cities, and by road, you're a few minutes' drive from the M40. We encourage you to explore the capital as much as you can – especially as we have great industry links in London too.

Find the countryside on your doorstep

Close by, there are the delights of the beautiful Chilterns countryside, as well as the river Thames at Marlow. Even closer, you'll find two more attractive open spaces – the Rye and Hughenden Park.

Uxbridge

There's never a dull moment in Uxbridge. You'll find two shopping centres, theatres, museums, concert halls, sports facilities and art galleries all in this town. And it's all just a short train ride away from London.

Plenty to see and do

Uxbridge is amongst the top ten shopping destinations in London. There are two large shopping centres, Intu Uxbridge and The Mall. You'll also find a diverse choice of yet more shops, bars, and restaurants in the town centre. For movie enthusiasts, there's a giant screen experience at Uxbridge's IMAX cinema.

Alongside the big name stores are the historic Windsor Street and the Market House. Here you can enjoy the eclectic variety of independent shops. Every Wednesday, you can browse around the Craft Market in The Mall.

Well connected in Uxbridge

Uxbridge is at the hub of many convenient road and rail links with easy access to our partner NHS trusts, and the rest of London. The underground station is just a five-minute walk away.

Aylesbury

Enjoy your time with Bucks in the county town of Aylesbury. The beautiful town centre is crammed with pubs and bars, yet surrounded by blissful countryside and austere stately homes.

A great patron of the arts

Need to fuel your creative juices? The Queens Park Centre, the UK's largest independent arts centre, has a large range of arts classes for adults and children. The Centre is an old school that's been converted into a haven for the arts.

We're really looking forward to the £100 million Waterside project. It'll surround the Aylesbury Waterside Theatre, a £42 million theatre with 1,200 seat auditorium. Whether it's musicals, stand up or live music, you'll find something for you in next year's line up.

Things to do for all ages

From wildlife tours to bowling alleys, you'll always find something to do in those precious days off from studying. Don't let the town's quaint appearance deceive you. At night, there are plenty of pubs and bars for you to frequent with your classmates.

OUR FACILITIES

Bucks is home to a wide variety of industry specific courses, and to provide our students with the best education we have invested heavily in our facilities.

We have a lot to offer; from drama, dance and audio studios, to production suites, healthcare simulation labs, and a human performance lab.

In May 2016, Bucks opened a new 'Launch Pad' boardroom space, providing free meeting facilities, Wi-Fi and IT for students and alumni entrepreneurs.

For our media production students, our audio and music facilities include state-of-the-art recording studios, ranging from edit rooms to Pro Tools HD studios with attached live rooms and vocal booths. We also have a choice of film studio spaces, and a mobile outside broadcasting unit.

If you are interested in art and design, our High Wycombe Campus is equipped with modern workshops for handling materials, including laser cutting, 3D printing, Apple workstations, printmaking, knitting and sewing machines. The School also has workshops for using wood, metal and plastics.

In 2015, we opened a multi-million pound Human Performance, Exercise and Wellbeing Centre at our High Wycombe Campus. The centre hosts a state-of-the-art Sports Injury and Physiotherapy Clinic, Integrated Human Performance Laboratory, and a three lane running track with motion-capture technology.

We have also invested in an Elite S812 flight simulator - our Private and Commercial Piloting students use this dual pilot simulator to develop and progress such skills as instrument and cross-country flying.

Our Uxbridge Campus is home to our simulation suites and many of our nursing and healthcare courses. We are the only UK University to combine state-of-the-art simulation laboratories with the expertise of a moulage specialist who is skilled in applying mock, and often gorily realistic, injuries for training purposes.

A new Cyber Resilience Centre is currently under development at our University Campus Aylesbury Vale (UCAV). Dedicated classrooms will allow students to focus on the most pressing security issues, using specialist computing technology.

In addition to our course specific facilities, we also offer:

- an onsite gym full of the latest equipment and technology with discounted membership for students
- the Gateway Library at our High Wycombe Campus is spread over four floors and includes computer suites and study rooms
- our art and design workshops house industry-specific equipment, from print and dying facilities to sewing and knitting machines.

University isn't just about studying though. When you need a break, The Lounge and The White Room are our Bucks Students' Union venues, offering food and drink during the day and entertainment in the evenings, plus a handy cash machine. We've also got onsite cafes for food, drinks or an informal meeting place.

MEET *our* STUDENTS

Shahrukh Khan

BA (Hons) Business and Finance
From Pakistan

"I chose Bucks as my lecturer in Dubai recommended it. The teaching staff and the University library services are brilliant. My dissertation supervisor was out of this world, and offered me the best of feedback on my work, I even nominated them for a best teacher award. High Wycombe has a mixture of cultures and people with a wide variety of backgrounds; I have made lots of different friends.

I particularly enjoyed the fact that the town centre and Eden Shopping Centre were only five minutes walk from Bucks and I would often go there to chill out with my friends after my lectures. I really enjoyed my time as a student representative, the scheme shows how supportive the University is."

Waneska de Silva

BSc (Hons) Psychology
From Brazil

"I decided on Bucks as it is a smaller University, so you get to see your friends and lecturers more regularly than some of the bigger institutions and the people are friendlier. The reputation of the University is also good; the institution has been around since the 19th century! I have got to know the University really well, and also the shopping and local entertainment.

You are based close to London and have lots of pretty villages on your doorstep. I think after the first six weeks you make friends that will stick with you for life, whatever country you decide to live or work in. I've visited friends abroad already and have lots of invitations to visit others too!"

Heshari Ariyatne

Master of Business Administration (MBA)
From Sri Lanka

"The MBA is an excellent programme, which not only provided me with exposure to the subject matter but also with all the relevant professional networks. I appreciated the support provided by the lecturers not only during the course but also after my graduation.

The Careers Service helped me find an appropriate job at the National Health Service and also provided me with support and guidance throughout the recruitment process."

APPLYING FOR STUDENT VISA

If you're an international student coming to study a full-time course of more than six months duration you will need to obtain a Tier 4 Student Visa in your country of residence before travelling to the UK.

You cannot apply for a Visa at the airport when you arrive. If you are already in the UK, you may be eligible to apply for a Tier 4 Visa from the UK, though depending on your status, you may have to return home to apply.

The Tier 4 Student Visa

The Tier 4 General Student Visa allows you to:

- study a full-time course of more than six months' duration in the UK (you cannot study a part-time course)
- extend your leave (permission) to remain in the UK, providing that you meet the requirements stipulated in the Tier 4 Policy Guidance
- work part-time during term time and full-time during your official university holidays, as stipulated by your course timetable.

Part-time means:

- 20 hours per week for courses which are at degree level and above
- ten hours per week for courses which are below degree level (foundation degree/HND)
- you may also undertake a work placement without obtaining additional permission if it is an assessed part of your course; if your course has a work placement, this will be indicated on your Confirmation of Acceptance for Studies (CAS).

Five year study limit

Any new Tier 4 application must lead to you spending no more than five years in total on courses at degree level (National Qualifications Framework level 6/7). Any time you have already studied in the UK with a Tier 4 or Student Visa at this level will be included in the five years. Additional years are granted for PhD study.

Education progression

Students must demonstrate that the selected course is a progression from their previous education.

For more information about this, visit gov.uk/tier-4-general-visa.

What do I need in order to apply?

In order to make a successful application you will need to meet all the requirements for Tier 4 as stipulated in the Tier 4 Policy Guidance.

- you will need to have accepted an offer at Bucks and received a Confirmation of Acceptance for Studies (CAS) from Bucks to show that we will be acting as your Tier 4 sponsor

- you will also need to provide evidence that you meet the English language requirements for your course
- you will need to provide evidence that you have enough money to meet the Tier 4 Maintenance Requirement (tuition fees and living expenses).

Further information can be found at bucks.ac.uk/international.

Your full-time UNDERGRADUATE APPLICATION

Applying to Bucks

For full-time undergraduate courses, you need to apply through the Universities and Colleges Admissions Service (UCAS). This also applies to MSc Social Work. You'll find full instructions at ucas.com.

UCAS has a range of comprehensive guidance notes to help you through every step of the process. When you fill in your UCAS form, make sure you quote our UCAS institution name and code: BUCKS B94.

Also, remember to complete your personal statement with your application as best you can – it really is your opportunity to sell yourself. Along with this, you'll need one valid current reference for the majority of courses, although some do require two.

Above all, make sure your application is fully completed before you submit it to UCAS. An incomplete application may not be accepted.

Application deadline

To guarantee that your application is considered, make sure it's submitted by the 15 January deadline.

Any applications received after this deadline can only be considered if we have available spaces and it has been received before the international deadlines as published on our website. Please ensure that you carefully adhere to all additional UCAS deadlines too with regards to replying back to your decisions so that you do not lose any offers made to you.

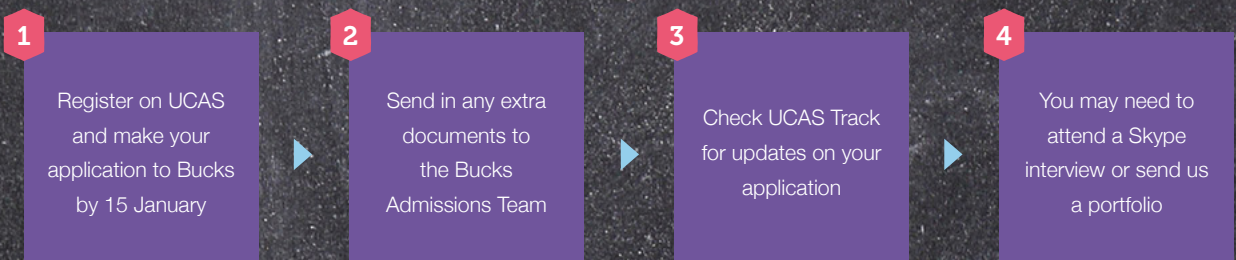

Entry requirements

We can accept a variety of European and international qualifications, providing that they are equivalent to our entry requirements. We use UK NARIC to assess these equivalencies and, if you wish, you can request a Statement of Comparability yourself by visiting naric.org.uk or bucks.ac.uk/internationalentryrequirements.

For the latest course information and most up to date entry criteria please visit our website at bucks.ac.uk/courses.

What happens after I apply?

We'll screen your application to make sure it's fully completed and that you meet the entry requirements. If we need any further information, such as copies of your passport or qualifications, we'll email you with details of everything we need to fully process your application. We will also ensure that your application meets the regulations for a Tier 4 Visa if applicable.

Once we have all the required information, we'll make a decision on your application, which will be shown on UCAS Track. This could be:

- asking you to attend an interview: this could be through Skype if you are outside of the UK - the date and time will appear on Track and we'll email you with any additional details. You must reply to confirm your attendance. For further information, please visit **bucks.ac.uk/courseinterviews**
- conditional offer: this offer is made if you're currently completing your qualifications or if we are waiting on further documents. The conditions will be visible on Track if you click into the offer
- unconditional offer: this offer is made if you've met all the academic entry requirements

- rejection: if your application is not suitable, the reason will be shown on Track. In some cases, additional feedback can be given but we cannot guarantee this.

You can log in with your details on **ucas.com/track**.

Once you've received a decision from all the universities you have applied to, UCAS will tell you the deadline by which you need to respond. You must select a firm (first choice) and insurance (second choice) institution by the stated deadline. Otherwise, UCAS will assume you no longer want your offers and will decline them on your behalf.

To guarantee your place, you must meet or exceed the conditions of your offer (if applicable). If you don't meet any of your offer conditions, your application will be reviewed on an individual basis to see if we're still able to accept you.

If you require a Tier 4 Visa to study with us, further processes and documents will be required to meet UKVI (UK Visas and Immigration) regulations. This will include an admissions interview, payment of a deposit and providing bank statements before we can release you a Confirmation of Acceptance for Studies (CAS). Please see our separate section for Immigration requirements.

Your postgraduate APPLICATION

Applying to Bucks

For postgraduate applications, you can apply directly to us using the online application portal at bucks.ac.uk/international/application. Please also carefully read the application guidance notes.

If you require a Tier 4 Visa to study in the UK please visit the UKVI website for the most up-to-date information gov.uk/tier-4-general-visa.

What should I include with my application?

When submitting your application, you will be advised of any additional supporting information we require. Full details are given in the application guidance notes as documents will need to meet with UKVI guidelines if you require a Tier 4 Visa.

In summary these documents may include:

- copies of your qualification final certificate/transcripts, such as your BA (Hons) or BSc (Hons) degree.
- copy of your English language proficiency certificate. Tier 4 applicants will need to provide an IELTS or Trinity College certificate that meets UKVI requirements. Some exemptions apply and non-Tier 4 applicants may be able to provide an equivalent certificate.
- a personal statement explaining why you wish to study this course and any relevant experience you may have.
- a clear copy of your passport and all visas, past and present, for the UK if applicable (visit bucks.ac.uk/international for information).
- copies of all qualifications and CAS obtained in UK if you are a Tier 4 applicant.

Is there an application deadline?

For applications made via UCAS, the deadline for submission is 15 January. Please see our website for international deadlines. We recommend you apply as early as possible as some courses require interviews. For more information, visit bucks.ac.uk/international.

What happens after I apply?

As many of our qualifications are professionally based, we review your whole application including qualifications and work experience in order to determine your suitability. The team will also ensure that all information and documents meet with UKVI regulations if applicable.

The Admissions team may refer your application to the course leader. For some of our courses you are required to attend an interview and this may be conducted via Skype if you are outside of the UK. The decisions are then forwarded to the Admissions team and your details are updated on the system accordingly.

Updates and offers are communicated through email so please ensure these details are correct on your form. Offers must be formally accepted by the deadline date given in your offer letter.

If you have made an application via UCAS, any updates regarding your application will be visible on your UCAS Track.

If you require a Tier 4 Visa to study with us, further processes and documents will be required to meet UKVI (UK Visas and Immigration) regulations. This will include an admissions interview, payment of a deposit and providing bank statements before we can release you a Confirmation of Acceptance for Studies (CAS). Please see our separate section for Immigration requirements.

Our admissions policy

We welcome applications from prospective students from all backgrounds, and will consider applications on a fair and equal basis. We're committed to widening access for all those who can benefit from higher education and to widening participation from under-represented groups. For more information on our admissions policy, please go to bucks.ac.uk/apply.

Entry criteria

More information on our entry requirements for our courses is available at bucks.ac.uk or email recruitment@bucks.ac.uk.

Applications advice

Our experienced Advice team are here to give you all the help you need. You can call them on **+44(0) 1494 605 060**.

Please email recruitment@bucks.ac.uk as the website is currently not up to date and may have a different route.

.....

ACCOMMODATION *that's* ALL READY FOR YOU

A
**HALL PLACE
GUARANTEED**
if you
are a **FULL-TIME,
FIRST YEAR
student***

Even though you may be miles away from friends and family, you still want to live in a place that feels like home.

Coming to university is always a big move. Of course, you'll want the certainty of knowing where you are going to live. You'll also want a place that fits in with your studies and suits your social life, and most of all, you'll want somewhere you'll feel at home.

At Bucks, settling into your new surroundings will be easy, thanks to our range of comfortable halls of residences.

If you're a full-time, first year student and you apply for accommodation before 30 June of the year of entry we can guarantee you a place in one of our halls. We will seek to offer a room to late applicants and applicants who apply to Bucks through Clearing. There are of course other options, should you not want halls.

All of our halls have 24-hour security, high speed internet and laundry facilities on site.

Hughenden Park Student Village

Our purpose-built student accommodation near Hughenden Park currently houses over 410

students. The village consists of smart self-contained flats accommodating up to six residents in en suite rooms; there are also a limited number of en suite studio apartments with balconies. It is approximately 15 minutes' walk from the University.

Windsor House

Occupying three floors over the Chilterns Shopping Centre in High Wycombe town centre, Windsor House is a 72-room block of accommodation. It provides a mixture of seven-bedroom clusters and nine individual studios, each with en suite facilities

Brook Street Halls of Residence

Brook Street is located right next to the Eden complex and bus station in the town centre of High Wycombe. Recently refurbished, Brook Street is a complex of nearly 400 bedrooms split between flats of varying sizes with shared facilities. There is also a fantastic community spirit here for students to enjoy.

Other accommodation

There is also accommodation available in the private sector. Whether it's housing through estate agents, private rentals or lodgings, we'll endeavour to help you find the accommodation that meets your needs.

Uxbridge students

In Uxbridge, students will be invited to our 'Meet and Greet' days, where you can meet other students and view any houses that might be available. All our managed properties are well-maintained and inspected regularly. We operate a small head tenancy scheme in Uxbridge, where students rent from the University, rather than privately. Also, Uxbridge students can apply for halls in High Wycombe and use the free inter-campus bus link.

Further information

Contact our Accommodation Service on **0044(0)1494 603 063** or email **accommodation@bucks.ac.uk**. Alternatively, please visit **bucks.ac.uk/accommodation**.

*These costs are based on the academic year 2016-17. Prices for 2017-18 will be available in the New Year.

..... Our

CAREER-FOCUSED COURSES

Our courses are specifically designed to prepare you for a rewarding career. Throughout your time here, you'll benefit from our strong links with industry and the practical experience of our teaching staff.

We offer courses in a wide range of subject areas, so we're sure you'll be able to find a course that is right for you.

Art, Design and Creativity

We have been delivering expert craft, art and design education in this area for over 100 years.

The skills you learn are industry focused and will provide you with the knowledge you need to take a product or idea from concept to reality, guiding you through the design process. Along with our excellent facilities and industry contacts, our diverse range of subject areas will help you to get to where you want to be as a creative professional.

Aviation and Travel

Our travel and aviation courses are developed in collaboration with leading industry professionals. We have long-established links with the travel and aviation sectors, helping you to gain vital skills valued by employers looking for graduates with an edge.

Bucks is one of the few UK Universities where you can combine your passion for travel with the opportunity to learn to fly through our Commercial, Private and Helicopter Pilot training degrees.

Business and Management

Come and be part of the Bucks Business School and reach your full potential as an entrepreneur or leader. Many of our graduates have forged successful careers, and have remained close to the University, sharing their experiences of business with our current students.

Our courses are validated by key industry bodies in Finance, Management and Marketing such as ACCA, CMA, and the CIM, ensuring that Bucks graduates are 'employment-ready'.

Human Performance and Sport

In 2015, we opened a multi-million pound Human Performance, Exercise and Wellbeing Centre at our High Wycombe Campus.

The centre hosts a state-of-the-art Sports Injury and Physiotherapy Clinic, Integrated Human Performance Laboratory, and a three lane running track with motion-capture technology.

This facility is being developed to provide a regional centre for sports conditioning and physiotherapy in collaboration with the local health partnerships. Our fully equipped gym at the High Wycombe Campus is also used for teaching as well as being open to students.

Media and New Technologies

Our £100m Gateway building has Audio, Film and TV studios furnished with equipment by leading manufacturers who continue to sponsor our courses. We have partnerships with BBC Introducing who showcase the latest music talent at our facilities, captured and edited by Bucks students. Our outside broadcasting mobile unit also contains the very latest equipment for broadcasting live events such as music concerts and sports matches.

Our Computing, Web Development, and Independent Games Design courses are also taught from specialist suites in the Gateway Building.

Music, Performance and Events

Bucks has a 20 year heritage of Music and Live Events courses and counts itself as one of the most influential educators in the music business. Or, if you want to express yourself through movement or acting, the experience at Bucks will help develop your skills in entrepreneurship as well as steer your future to a career within the performing arts.

Our excellent facilities include a drama studio, dance studios, and a high specification performance lab.

Security, Resilience and Justice

The Institute of Professional Policing is established as a centre of excellence delivering police education, teaching, consultancy and evidence based research in the fields of applied criminology and teaching innovation. We offer a range of courses that are designed to give you the knowledge and skills you need to launch a successful career in the police service or criminal justice sector.

The Complete University Guide ranked Bucks Law second for student satisfaction in 2015. The core subject areas in our Law degrees are required by the Solicitor's Regulation Authority and Bar Council, so your education will be a fully rounded experience that matches the needs of the legal professions.

Social Sciences

There are few subjects more interesting than the study of the human mind and behaviour. We offer a lively and stimulating environment for your studies and use our knowledge of research and links with the relevant sectors to develop new modules and courses which reflect the very latest thinking and practice. This enables us to meet your needs as well as those of potential employers.

Through our Faculty of Society & Health, we offer a range of courses, from Psychology and Criminology to Behavioural Sciences and Social Work. We have excellent opportunities in Social Work thanks to our recently opened Academy based in Aylesbury.

Nursing and Healthcare

Our courses and professional training are designed to challenge and support you, as well as helping you to achieve personal academic growth and professional development.

In the 2015 National Student Survey for our DipHE Operating Department Practice programme, we scored 100 per cent overall student satisfaction*. We also have a high rate of employability, with 100 per cent of our Operating Department Practice and 97 per cent of our nursing students in employment or further study six months after graduating.

You will benefit from state-of-the-art simulation skills area, allowing you to hone your skills, refine your techniques and build your confidence. You are also given the time to reflect on your practice in life-like learning scenarios which in turn makes your placements more effective.

At Bucks you'll have the opportunities, experiences and encouragement to create the foundation for a successful career.

Location

All of our campuses are close to train or tube stations, allowing easy access into London. For those looking to go even further afield, Heathrow Airport is also close by.

Our High Wycombe Campus is just 25 minutes away from London by train and a 30 minute drive from Heathrow Airport.

Heathrow Airport is a 20 minute drive from Uxbridge, and from this campus you can walk to the tube station and travel to London using the Metropolitan Line.

For our University Campus Aylesbury Vale, Chiltern Railways serve the line between London Marylebone and Aylesbury. The campus is approximately a ten minute walk from the station. The nearest bus station is just five minutes away from the campus.
